JOURNALS OF LEWIS & CLARK Meriwether Lewis, 2013-04-10 The Definitive Journals of Lewis and Clark
Meriwether Lewis, William Clark, Gary E. Moulton, 2002-01-01 Lively and curious possessing a keen eye for detail and a knack for skin dressing Private Joseph Whitehouse produced an account that stands as the only surviving record by any army private in the Corps of Discovery expedition In simple and well paced sentences he painted full portraits of the unusual group of men he accompanied on one of the greatest adventures in American history Whitehouse s journal is published here in full for the first time including entries from a second copy of his journal that extend the narrative for five months beyond previous editions Although Whitehouse s career after the expedition was checkered and he disappeared after 1817 his vivid eyewitness account will long be remembered Whitehouse s journal joins the celebrated Nebraska edition of the complete journals of the Lewis and Clark expedition which feature a wide range of new scholarship dealing with all aspects of the expedition from geography to Indian cultures and languages to plants and animals **The Definitive Journals of Lewis and Clark** Meriwether Lewis, William Clark, Gary E. Moulton, 2004-01-01 In twelve remarkable volumes Gary E Moulton has edited the journals of the Lewis and Clark expedition of 1804-6 thus making clear and accessible to all readers the plethora of maps and words with which Meriwether Lewis and William Clark documented one of the greatest ventures of discovery in American history With the Comprehensive Index the thirteenth volume Moulton completes his work and offers everyone who consults the Journals a complete and detailed means of locating specific passages references and particular people or places within the larger work Throughout the edition his guiding principles have been clarity and ease of use Consequently the notes are indexed more thoroughly here than in most works and include modern place names modern denominations for Indian nations and current popular and scientific names for various cited species This volume also contains a list of corrections for earlier volumes **The Journals of the Lewis and Clark Expedition: The journals of Joseph Whitehouse, May 14, 1804-April 2, 1806** Meriwether Lewis, William Clark, Gary E. Moulton, Thomas W. Dunlay, 1983-01-01 The University of Nebraska Press editions of The Journals of the Lewis and Clark Expedition are widely heralded as a lasting achievement In all thirteen volumes are projected which together will provide a complete record of the expedition Volume 11 contains the journals of expedition member Joseph Whitehouse His journals are the only surviving account written by an army private on the expedition and he is one of the least known of the expedition party Following the expedition Whitehouse had a checkered army career and he disappeared after 1817 His capabilities have been unfairly slighted by previous commentators despite his narrative skill and evidence that he was a man of a lively and curious mind His extensive journal entries contribute to our understanding of the epochal journey and of the unusual group of men who undertook one of the defining events in our history The last part of his journals was not found until 1966 this is the first publication of the complete record of his account **The Essential Lewis and Clark** Landon Y. Jones, 2002-03-19 The journals of Meriwether
