## **Lexegese De S Augustin Predicateur:**

L'Exégèse de s. Augustin, prédicateur Maurice Pontet, 1946      **Augustine and the Catechumenate** William Harmless, 2014-12-30 As one of the most influential thinkers in Christian history St Augustine 354 430 had a flair for teaching and meditated deeply on the mysteries of the human heart This study examines a little known side of his career his work as a teacher of candidates for baptism In the revised edition of this seminal book both the text and notes have been revised to better reflect the state of contemporary scholarship on Augustine liturgical studies and the catechumenate both ancient and modern This edition also includes new findings from some of the recently discovered sermons of Augustine and incorporates new perspectives from recent research on early Christian biblical interpretation debates on the Trinity the evolution of the liturgy and much more This reconstruction of Augustine s catechumenate provides fresh perspectives on the day to day life of the early church and on the vibrancy and eloquence of Augustine the preacher and teacher      **Saint Augustine's De Fide Rerum Quae Non Videntur** Saint Augustine (of Hippo), 1950      Augustine on Memory Kevin G. Grove, 2021 Augustine of Hippo indisputably one of the most important figures for the study of memory is credited with establishing memory as the inner source of selfhood and locus of the search for God Yet those who study memory in Augustine have never before taken into account his preaching His sermons are the sources of memory s greatest development for Augustine In Augustine s preaching especially on the Psalms the interior gives way to communal exterior Both the self and search for God are re established in a shared Christological identity and the communal labors of remembering and forgetting This book opens with Augustine s early works and Confessions as the beginning of memory and concludes with Augustine s Trinity and preaching on Psalm 50 as the end of memory The heart of the book the work of memory sets forth how ongoing remembering and forgetting in Christ are for Augustine are foundational to the life of grace To that end Augustine and his congregants go leaping in memory together keep festival with abiding traces and become forgetful runners like St Paul Remembering and forgetting in Christ the ongoing work of memory prove for Augustine to be actions of reconciliation of the distended experiences of human life of praising and groaning labouring and resting solitude and communion Augustine on Memory presents this new communal and Christological paradigm not only for Augustinian studies but also for theologians philosophers ethicists and interdisciplinary scholars of memory      Transforming Postliberal Theology C.C. Pecknold, 2005-12-01 Postliberal theology is a movement in contemporary theology that rejects both the Enlightenment appeal to a universal rationality and the liberal assumption of an immediate religious experience common to all humanity The movement initially began in the 1980 s with its association to Yale Divinity School Theologians such as Hans Frei Paul Holmer David Kelsey and George Lindbeck were influential and were significantly influenced by theologians such as Karl Barth Clifford Geertz and Ludwig Wittgenstein Postliberalism uses a narrative approach to theology such as developed by Hans Frei and argues that all thought and experience is historically and socially mediated Michener provides the reader with an

accessible introductory overview of the origins current thought potential problems and future possibilities of postliberal theology     *One Faith, Many Faithful* William J. Byron, 2012 Health Care Finance reform The future of Catholic schools Caring for the elderly Abortion Abuse scandals in the church Business management the economy and the very welfare of our society Confronted with a storm of issues all of which call for their attention and concern contemporary Catholics often find themselves confused and uncertain and even at odds with each other when trying to apply their faith to the realities of the world they live in One Faith Many Faithful provides numerous essays or short takes that tackle the wide range of matters of concern to Catholics but does so in a spirit of complete faithfulness to Catholic teaching and tradition The collection is divided into four parts Religion and Ethics Business and Politics Education and Family and People and Ideas William J Byron SJ applies and explains principles of Catholic social teaching throughout the book which offers the reader clarity and concise exposition of the issues that are troubling the contemporary Catholic mind This book is for all Catholics who want to move beyond the limited scope of contemporary debates and actually apply the ancient principles of their faith to difficult issues Book jacket     **Jerusalem and Babylon** J. Vanoort, Johannes “van” Oort, 1991 This book provides a new introduction to Augustine’s City of God and his doctrine of the two cities sources of this doctrine in Manichaeism Neo Platonism and the pre Augustinian Jewish and Jewish Christian traditions     **The Sensus Plenior of Sacred Scripture** Raymond E. Brown, 2008-09-10     **Patristic Studies** Catholic University of America, 1955     *Handbook of Patristic Exegesis* Charles Kannengiesser, 2022-11-28 Through this Handbook of Patristic Exegesis the reader will obtain a balanced and cohesive picture of the Early Church It gives an overall view of the reception transmission and interpretation of the Bible in the life and thought of the Church during the first five centuries of Christianity the so called patristic era The handbook offers the context and presuppositions necessary for understanding the development of the interpretative traditions of the Early Church in its catechesis its liturgy and as a foundation of its systems of theology The handbook presents a comprehensive overview of the history of patristic exegesis Apart from a general introduction to the major topics in this field it contains essays by leading patristic scholars on the most important Church Fathers such as Augustine Irenaeus Origen Gregory of Nyssa and others The essays are supplemented by bibliographies of editions and studies on patristic exegesis published from 1945 until 1995 Together these bibliographies form the only comprehensive bibliography presently available on this topic The print edition is available as a set of two volumes 9789004098152     **On Augustine** Rowan Williams, 2016-04-07 Since his retirement as Archbishop of Canterbury and his return to academic life Master of Magdalene College Cambridge Rowan Williams has demonstrated a massive new surge of intellectual energy In this new book he turns his attention to St Augustine St Augustine not only shaped the development of Western theology he also made a major contribution to political theory City of God and through his Confessions to the understanding of human psychology Rowan Williams has an entirely fresh perspective on these matters and the chapter titles in this new book demonstrate this at a glance Language Reality and

Desire Politics and the Soul Paradoxes of Self Knowledge Insubstantial Evil As with his previous titles Dostoevsky The Edge of Words and Faith in the Public Square this new study is sure to be a major contribution on a compelling subject *The Way of Humility* Charles G. Kim, 2023-10-25 For Augustine that the Word became flesh transformed a merely human understanding of the virtues and grounds all virtue in humility The Way of Humility Augustine's Theology of Preaching explores how this truth became a new paradigm for understanding the scriptures and thus how Augustine embodied the virtue in the preaching of the scriptures One of Augustine's most devoted students Possidius said that anyone can learn from reading Augustine but those were able to profit still more who could hear him speak in church and see him with their own eyes Truly he was indeed one of those of whom it is written speak this way and act the same way The Way of Humility searches for evidence of the virtue of humility in action through the preaching of the humble Word in the sermons of Augustine Many know of Augustine through his more famous treatises but few have encountered the Doctor of Grace where he had his most immediate impact preaching The Way of Humility follows the sermons through several traditional theological loci ecclesiology Christology soteriology to uncover what can be learned about Augustine's theology through the way he preached to a mixed audience of urbanites and rustics many of whom did not have the benefit of a formal education Throughout the book we see the interplay between Augustine's action in speech and Augustine's more direct statements on his theology of Preaching Through handing over Christ in his sermons he became himself an example of humility for the congregation on their journey toward the final end for all people the Beatific Vision *Gratia Et Certamen* Donato Ogliari, 2003

**St. Augustine's Interpretation of the Psalms of Ascent** Gerard McLarney, 2014-10 Recent research has explored how past interpretation can help contextualize current interpretation as well as provide a more colorful and theologically meaningful understanding of scripture In St Augustine's Interpretation of the Psalms of Ascent Gerald McLarney examines Augustine of Hippo's d 430 interpretation of the ascent motif in sermons on Psalms 119 133 He looks at the delivery transmission and broader context of the sermons as well as examining the sermons as they stand **Augustine and the Bible**, 1999-08-19 Based on the acclaimed French volume Saint Augustin et la Bible this translation with additional selections honors the beautifully wrought monument to the scholarly research of Anne Marie la Bonnardière and her colleagues Editor Pamela Bright offers the first English language edition of this volume in the highly regarded series Bible de Tous les Temps published by Beauchesne Editeur in Paris This volume presents the findings of eminent scholars on the Bible in Augustine's letters in his preaching in polemics in the City of God and as a source for Christian ethics following the chronological order of Augustine's works from the mid 380s to just before his death in 430 Part I examines what can be known of the stages of Augustine's encounter with the biblical texts and which texts were formative for him before he assumed his ministry of the Word Part II is devoted to a very different kind of encounter Augustine's grappling with the hermeneutical method originating in the province of Africa Part III describes Augustine's first foray into the field of biblical

polemics when he opposes the Manichees the very group who first introduced him to a study of the obscurities of the biblical text And in Part IV the reader encounters the most familiar voice of Augustine that of the tireless preacher of the Word Contributors include Anne Marie la Bonnardière Mark Vessey Michael Cameron Pamela Bright Robert A Kugler Charles Kannengiesser Roland J Teske S J Gerald Bonner Joseph Wolinski Michel Albaric O P Constance E McLeese and Albert Verwilghen **Tractates on the Gospel of John 1-10 (The Fathers of the Church, Volume 78)** Saint

Augustine, Augustine, 2010-04 No description available **Augustine of Hippo** Peter Brown, 2013-11-05 This classic biography was first published forty five years ago and has since established itself as the standard account of Saint Augustine's life and teaching The remarkable discovery of a considerable number of letters and sermons by Augustine cast fresh light on the first and last decades of his experience as a bishop These circumstantial texts have led Peter Brown to reconsider some of his judgments on Augustine both as the author of the Confessions and as the elderly bishop preaching and writing in the last years of Roman rule in north Africa Brown's reflections on the significance of these exciting new documents are contained in two chapters of a substantial Epilogue to his biography the text of which is unaltered He also reviews the changes in scholarship about Augustine since the 1960s A personal as well as a scholarly fascination infuse the book length epilogue and notes that Brown has added to his acclaimed portrait of the bishop of Hippo *Preacher of Grace* Anthony Dupont, 2014-07-17 Augustine of Hippo 354-430 became known as the doctor of grace He developed his theory of divine grace mainly in his systematic treatises directed against the Pelagians ca 411-430 Did he however also preach about this complex and at first sight demoralizing issue in his sermons to the people In his previous book BSCH 59 Anthony Dupont studied the profile of the treatment of gratia in the anti Pelagian sermons ad populum In *A Preacher of Grace* Dupont offers an account of the presence of the theme of grace in Augustine's sermons not situated in the Pelagian controversy He first studies sermons preached on important liturgical feasts which belong to the non polemical pastoral preaching genre They are distributed throughout the 40 years of Augustine's preaching activity and are Christological in content and moralising in intention Secondly he examines sermons situated in the Donatist controversy preceding the anti Pelagian sermons chronologically and differing from them in terms of content This research provides a global picture of the presence and treatment of gratia in Augustine's sermons and clarifies the interaction between context audience and preaching genre on the one hand and the theme of grace as a whole on the other It also contributes to the debate on discontinuity in Augustine's thought on grace *Augustine and Modern Law* Richard O. Brooks, 2017-07-05 St Augustine and Roman law are the two bridges from Athens and Jerusalem to the world of modern law Augustine's almost eerily modern political realism was based upon his deep appreciation of human evil arising from his insights into the human personality the product of his reflections on his own life and the history of his times These insights have traveled well through the ages and are mirrored in the pages of Aquinas Luther and Calvin Reinhold Niebuhr and Hannah Arendt The articles in this volume describe the life and world of

Augustine and the ways in which he conceived both justice and law They also discuss the little recognized Augustinian contributions to the field of modern hermeneutics the discipline which informs the art of legal interpretation Finally they include Augustine s valuable discussion of church state relations the law of just wars and proper role and limits of coercion and the procreative dimensions of marriage The volume also includes an extremely useful definitive bibliography of Augustine and the law and will leave readers with an increased appreciation of the contributions which Augustine has made to the history of jurisprudence No one can read Augustine and these articles on his view of the law without taking away a new view of the law itself      **Early Christian Literature and Intertextuality** Craig A. Evans,H. Daniel

Zacharias,2009-04-09 Scholarly interest in intertextuality remains as keen as ever Armed with new questions interpreters seek to understand better the function of older scripture in later scripture The essays assembled in the present collection address these questions These essays treat pre Christian texts as well as Christian texts that make use of older sacred tradition They analyze the respective uses of scripture in diverse Jewish and Christian traditions Some of these studies are concerned with discreet bodies of writings such as the Dead Sea Scrolls while others are concerned with versions of scriptures such as the Hebrew or Old Greek and text critical issues Other studies are concerned with how scripture is interpreted as part of apocalyptic and eschatology Early Christian Literature and Intertextuality includes essays that explore the use of Old Testament scripture in the Gospels and Acts Other studies examine the apostle Paul s interpretation of scripture in his letters while other studies look at non Pauline writings and their utilization of scripture Some of the studies in this collection show how older scripture clarifies important points of teaching or resolves social conflict Law conversion anthropology paradise and Messianism are among the themes treated in these studies themes rooted in important ways in older sacred tradition The collection concludes with studies on two important Christian interpreters Syriac speaking Aphrahat in the east and Latin speaking Augustine in the west Part of the LNTS sub series Studies in Scripture in Early Judaism and Christianity SSEJC volume 14
