Tolón Lazo argues that to understand these writers and their publications we must move beyond nation based models of literary study and consider their connections to both Cuba and the United States Anchored by the publication of Spanish and English language newspapers in the United States the

transnational culture of writers Lazo calls los filibusteros went hand in hand with a long standing economic flow between the countries and was spurred on by the writers belief in the American promise of freedom and the hemispheric ambitions of the expansionist U S government Analyzing how U S politicians journalists and novelists debated the future of Cuba Lazo argues that the war of words carried out in Cuban U S print culture played a significant role in developing nineteenth century conceptions of territory colonialism and citizenship *Monthly Bulletin of Books Added to the Public Library of the City of Boston* Boston Public Library,1896 Homosexuality and Invisibility in Revolutionary Cuba María Encarnación Martín López,2015 Offers alternative insights into the complex relationship between politics and intelligentsia in revolutionary Cuba

Lopez,2018-03-19 In this one of a kind volume Iraida L pez explores various narratives of return by those who left Cuba as children or adolescents Including memoirs semi autobiographical fiction and visual arts many of these accounts feature a physical arrival on the island while others depict a metaphorical or vicarious experience by means of fictional characters or childhood reminiscences As two way migration increases in the post Cold War period many of these narratives put to the test the boundaries of national identity Through a critical reading of works by Cuban American artists and writers like Mar a Brito Ruth Behar Carlos Eire Cristina Garc a Ana Mendieta Gustavo P rez Firmat Ernesto Pujol Achy Obejas and Ana Men ndez L pez highlights the affective ties as well as the tensions underlying the relationship between returning subjects and their native country Impossible Returns also looks at how Cubans still living on the island depict returning migr s in their own narratives addressing works by Jes s D az Humberto Sol s Carlos Acosta Nancy Alonso Leonardo Padura and others Blurring the lines between disciplines and geographic borders this book underscores the centrality of Cuba for its diaspora and bears implications for other countries with widespread populations in exile *News for All the People* Juan Gonzalez,Joseph Torres,2011-12-23 A new sweeping narrative history of American news media that puts race at the center of the story From the earliest colonial newspapers to the Internet age America s racial divisions have played a central role in the creation of the country s media system just as the media has contributed to and every so often combated racial oppression News for All the People reveals how racial segregation distorted the information Americans received from the mainstream media It unearths numerous examples of how publishers and broadcasters actually fomented racial violence and discrimination through their coverage And it chronicles the influence federal media policies exerted in such conflicts It depicts the struggle of Black Latino Asian and Native American journalists who fought to create a vibrant yet little known alternative democratic press and then beginning in the 1970s forced open the doors of the major media companies Written in an exciting story driven style and replete with memorable portraits of journalists both famous and obscure News for All the People weaves back and forth between the corporate and government leaders who built our segregated media system such as Herbert Hoover whose Federal Radio Commission eagerly awarded a license to a notorious Ku Klux Klan organization in the nation s capital and

those who rebelled against that system Based on years of original archival research and up to the minute reporting and written by two veteran journalists and leading advocates for a more inclusive and democratic media system *News for All the People* should become the standard history of American media *The Latino Continuum and the Nineteenth-century Americas* Carmen E.
