cooperate in the investigations high level employees tend to get off scot free The practical reality is that when prosecutors face Hydra headed corporate defendants prepared to spend hundreds of millions on lawyers such agreements may be the only way to get any result at all Too Big to Jail describes concrete ways to improve corporate law enforcement by insisting on more stringent prosecution agreements ongoing judicial review and greater transparency

**Legal Perspectives on Corporate Social Responsibility** Jeehye You, 2015-07-17 This book offers readers a comprehensive and in depth legal analysis of corporate social responsibility CSR by examining the theoretical foundations of corporate governance and its legal mechanism in the United States and South Korea Moreover it proposes legislative blueprint for establishing the legal frameworks that might serve to legitimize and effectively implement CSR in general Reflecting the zeitgeist of improved corporate accountability and transparency the ongoing movement to enhance CSR has permeated entire sectors of society the world over Despite the apparent ubiquity of CSR the corporate laws of many countries remain relatively silent on the issue omitting to include any explicit provision governing the concept Partly in response to this lack of legislation Korean corporate scholars for example have attempted to introduce American legal theories systems and laws on CSR into Korea Yet traditional Korean jurisprudence provides no defining foundation for CSR indeed the prevailing view in jurisprudence and scholarship passively resists instituting corporate responsibility into the law In response to this jurisprudential and academic shortcoming and as an example for other countries this book provides a comprehensive guide to the relevant legislation and theory on CSR in Korean corporate law by employing a comparative study of the relevant American theories and laws Proceeding from this analysis the book then puts forward a legislative blueprint for establishing a foundation to legitimize and effectively implement CSR
