philosophy for life and for ministry congruent to the will of God for their lives I hope to accomplish these goals within the contents of this book The book is insightful in many ways such as the importance of the Church as a critical part of secular society and mental health as a pathology that needs to be mitigated even among the constituents of the Church Unfortunately erroneous practices beliefs behaviors and teachings had to be addressed because I believe many people will come to their senses about given subjects if they receive proper explanations A logical and scriptural perspective is given in order to help some get on track with regards to their beliefs philosophy and actions Hot topics discussed are Ephesians 4 11 endowments of the Apostle Prophet Evangelist Pastor and Teacher A special chapter is dedicated to the role of women in the Church which unfortunately is a topic that is still a concern for many Christians around the world There are concepts that are presented that all work towards bringing an individual to full order and to full congruence with the will of God for Leaders An awareness to the importance of feeding sheep is a central topic of this 269 page hand book for all Christian leaders that emphasizes the God given responsibility for Pastors and leaders that are non negotiable Every Christian leader must read this book before assuming ministry during ministry and after ministry to review their performance awaiting the day when Jesus will hand out rewards for service especially crowns designated specifically for leaders who were faithful There is so much more such as how to feed sheep and what diet is essential such as when feeding sheep we must feed a good balance of both the word and the anointing to achieve full spiritual health We discuss the importance of the local Church and what research says about the congregation we speak to each time services are held You may be surprised at the needs that are present each time you speak and the responsibility you have to be a vessel through whom God can do an actual intervention into the life of an attendee to prevent misfortune You wont be disappointed Every seminary bible college and Church must make this book a part of their curriculum required reading and library
