**Reading the Postwar Future** Kirrily Freeman, John Munro, 2019-10-17 This original collection explores a number of significant texts produced in 1944 that define

that year as a textual turning point when overlapping and diverging visions of a new world emerged. The questions posed at that moment about capitalism, race, empire, nation, and cultural modernity gave rise to debates that defined the global politics of their era and continue to delineate our own. Highlighting the goals, agendas, and priorities that emerged for artists, intellectuals, and politicians in 1944, *Reading the Postwar Future* rethinks the intellectual history of the 20th century and the way 1944's texts shaped the contours of the postwar world. This is essential reading for any student or scholar of the intellectual, political, economic, and cultural history of the postwar era.

**Made in Germany?** Lynette Roth, 2024-09-17. An examination of shifting notions of identity in modern-day Germany and the diverse artists challenging conventional meanings of Germanness today. *Made in Germany: Art and Identity in a Global Nation* addresses important questions of contemporary art and belonging in Germany from the 1980s, when discussions about multiculturalism in West Germany came to the fore, to our current time, a period still deeply impacted by the country's unification and more recent migration policies. In the wake of these developments, racial violence, right-wing populism, and ethnically defined nationalism have grown. Accessible essays on topics such as labor migration, being Black in Germany, and the aftermath of the fall of the Berlin Wall lay the groundwork for understanding the intercultural dynamics in Germany today. Object-focused texts delve into works in various media from Candida Höfer's slideshow *Turks in Germany 1979*, which presented Turkish immigrants as embedded in public life at a time when they were not welcomed as a permanent part of German society, to Ngozi Schommers's readymade sculpture *Commuters*, a commentary on the country's ongoing housing crisis. In a period when right-wing nationalist movements are gaining traction in Germany and around the globe, *Made in Germany* argues for a more expansive idea of what it means to be German, spotlighting artists from diverse backgrounds whose works probe notions of national identity. Distributed for the Harvard Art Museums Exhibition Schedule, Harvard Art Museums, Cambridge, MA, September 13, 2024–January 5, 2025.

*When Europe Was a Prison Camp* Otto Schrag, Peter Schrag, 2015-08-03. In a compelling approach to storytelling, *When Europe Was a Prison Camp* weaves together two accounts of a family's eventual escape from Occupied Europe. One, a memoir written by the father in 1941, the other begun by the son in the 1980s, fills in the story of himself and his mother, supplemented by historical research. The result is both personal and provocative, involving as it does issues of history and memory, fiction and truth, courage and resignation. This is not a Holocaust memoir. The Schrags were Jews, and Otto was interned under execrable conditions in southern France. But Otto, with the help of a heroic wife, escaped the camp before the start of massive transfers of prisoners to the East, and Peter and his mother escaped from Belgium before the Jews were rounded up and sent to Auschwitz. Yet the danger and suffering, the comradeship and betrayal, the naive hopes and cynical despair of those in prison and those in peril are everywhere in evidence.

**Modernist Diaspora** Richard D. Sonn, 2022-02-10. In the years before, during, and after the First World War, hundreds of young Jews flocked to Paris, artistic capital of the world and center of modernist experimentation. Some arrived with prior training from art academies in Kraków

Vilna and Vitebsk others came armed only with hope and a few memorized phrases in French They had little Jewish tradition in painting and sculpture to draw on yet despite these obstacles these young Jews produced the greatest efflorescence of art in the long history of the Jewish people The paintings of Marc Chagall Amedeo Modigliani Chaim Soutine Sonia Delaunay Terk and Emmanuel Man Katz the sculptures of Jacques Lipchitz Ossip Zadkine Chana Orloff and works by many other artists now grace the world s museums As the cole de Paris was the most cosmopolitan artistic movement the world had seen the left bank neighborhood of Montparnasse became a meeting place for diverse cultures How did the tolerant bohemian atmosphere of Montparnasse encourage an international style of art in an era of bellicose nationalism not to mention racism and antisemitism How did immigrants not only absorb but profoundly influence a culture This book examines how the clash of cultures produced genius

Fragile Images Mirjam Rajner,2019-09-16 In *Fragile Images Jews and Art in Yugoslavia 1918-1945* Mirjam Rajner traces the lives and creativity of seven artists of Jewish origin The artists Mo a Pijade Daniel Kabiljo Adolf Weiller Bora Baruh Daniel Ozmo Ivan Rein and Johanna Lutzer were characterized by multiple and changeable identities nationalist and universalist Zionist and Sephardic communist and cosmopolitan These fluctuating identities found expression in their art as did their wartime fate as refugees camp inmates partisans and survivors A wealth of newly discovered images diaries and letters highlight this little known aspect of Jewish life and art in Yugoslavia illuminating a turbulent era that included integration into a newly founded country the catastrophe of the Holocaust and renewal in its aftermath interview with the author

Collecting and Provenance Andrea M. Gáldy,Ronit Sorek,Netta Assaf,Gal Ventura,2021-06-21 This collection of essays highlights the enduring significance of provenance and its implications for historians and art historians as well as students and researchers engaged in museum studies It also offers an opportunity to demonstrate its relevance to other fields of expertise such as conservation visual culture studies aesthetics authentication and connoisseurship versus technology as a means of establishing attributions and detecting forgeries Provenance is still of vital importance to jurisdiction whether it concerns property law or ownership It also remains topical because of the ongoing debates over looted art in the 1930s and 1940s and the illicit trade in antiquities conducted from Iraq and Syria by terrorist groups

**Life and Death in a German Town** Panikos Panayi,2007-03-28 The period between 1929 and 1949 represents one of the most traumatic and destructive in the history of Germany Economic crisis Nazism war destruction and post war dislocation dominated the lives of all Germans and those living in Germany While all ethnic groups faced great hardship during these years there were stark differences between the experience of native ethnic Germans German refugees from Eastern Europe German Jews Romanies and foreigners Using vital primary sources archival material and insightful interviews Panikos Panayi presents an extraordinary analysis of the individual experiences of and relationships between all these groups living in the German town of Osnabruck He focuses on Alltagsgeschichte the history of everyday life to understand the realities for people living in one German location in a time of great change and upheaval By concentrating on

the wide span of 20 years of German experience he brings original breadth to an area of study more commonly associated with the narrower focus of 1933-45. Despite the centrality of race in Nazi ideology this is the first major study to look at the lives of all of the differing ethnic groups in Germany during this period. Panayi reveals the fluidity of the borderline between victims and perpetrators, how the use of forced labour dramatically changed the ethnic composition of the town and the impact of the arrival of German refugees from Eastern Europe at the end of World War II. Panayi's revealing analysis of the continuity and discontinuity in the everyday lives of Osnabruckers between 1929 and 1949 and the inter-ethnic relations during this period is an essential reference tool for anyone wanting to understand the now-time realities of living in Nazi Germany.
