Feminist Practice And Poststructuralist Theory:

Feminist Practice and Poststructuralist Theory Chris Weedon, 1987-01-01 Feminist Practice and Poststructuralist Theory offers a clear and accessible introduction to poststructuralist theory focusing on questions of language subjectivity and power. It examines how we might use poststructuralism to theorize gender identity and experience in patriarchal societies. Drawing on the work of Saussure, Derrida, Freud, Lacan, Kristeva, Irigaray, Cixous, and Foucault, it argues for a form of feminist poststructuralism that can help bring about social change. This new edition has been revised and updated and includes an additional final chapter on the recent debate about feminism and postmodernism. **Feminist Practice and Post**

The Oxford Handbook of Feminist Theory Lisa Disch, Mary Hawkesworth, 2018-02-01 The Oxford Handbook of Feminist Theory provides a rich overview of the analytical frameworks and theoretical concepts that feminist theorists have developed to analyze the known world. Featuring leading feminist theorists from diverse regions of the globe, this collection delves into forty-nine subject areas, demonstrating the complexity of feminist challenges to established knowledge while also engaging areas of contestation within feminist theory. Demonstrating the interdisciplinary nature of feminist theory, the chapters offer innovative analyses of topics central to social and political science, cultural studies, and humanities discourses associated with medicine and science and issues in contemporary critical theory that have been transformed through feminist theorization. The handbook identifies limitations of key epistemic assumptions that inform traditional scholarship and shows how theorizing from women's and men's lives has profound effects on the conceptualization of central categories, whether the field of analysis is aesthetics, biology, cultural studies, development, economics, film studies, health, history, literature, politics, religion, science studies, sexualities, violence, or war. *Feminisms and Critical Pedagogy* Carmen Luke, Jennifer Gore, 2014-02-04 *Feminisms and Critical Pedagogy* centres around the theoretical effort to construct a feminist pedagogy which will democratize gender relations in the classroom and practical ways to implement a truly feminist pedagogy.
