Words Made Flesh Elaine Graham, 2013-01-25 *Words Made Flesh* draws together a number of Elaine Graham's shorter writings and essays and thereby maps out the work of a pioneer theological thinker and the development of pastoral and practical theology in the last twenty years. Elaine Graham considers the theological significance of topics as diverse as nativity, plays, science fiction, gender, consumerism, cyberspace, and urban regeneration. They all share a concern with the way the sources and norms of the Christian tradition can enter into a creative and critical conversation with contemporary experience in order to generate the practical wisdom by which the life of the Church can be directed. They reflect Elaine Graham's fundamental conviction that theology as talk about God in the world is always practical and public and that it begins and ends in the complexities of the human condition where words become flesh.

The Domestic Revolution Eve Tavor Bannet, 2000-11-10 Alongside the three revolutions we usually identify with the long eighteenth century the French Revolution the American Revolution and the Glorious Revolution of 1688 Enlightenment ideology gave rise to a quieter but no less significant revolution which was largely the fruit of women s imagination and the result of women s work In *The Domestic Revolution* Eve Tavor Bannet explores how eighteenth century women writers of novels conduct books and tracts addressed key social political and economic issues revising public thinking about the family and refashioning women s sexual and domestic conduct Bannet examines the works of women writers who fell into two distinct camps Matriarchs such as Eliza Haywood Maria Edgeworth and Hannah More argued that women had a superiority of sense and virtue over men and needed to take control of the family Egalitarians such as Fanny Burney Mary Hays and Mary Wollstonecraft sought to level hierarchies both in the family and in the state believing that a family should be based on consensual relations between spouses and between parents and children Bannet shows how Matriarch and Egalitarian writers in their different ways sought to raise women from their inferior standing relative to men in the household in cultural representations and in prescriptive social norms Both groups promoted an idealized division of

labor between women and men later to be dubbed the doctrine of separate spheres The Domestic Revolution focuses on women's debates with each other and with male ideologues alternating between discursive and fictional arguments to show how women translated their feminist positions into fictional exemplars Bannet demonstrates which issues joined and separated different camps of eighteenth century women tracing the origins of debates that continue to shape contemporary feminist thought
