

Ferry Command

Gordon A. A. Wilson

Ferry Command:

Ocean Bridge Carl Andrew Christie, F. J. Hatch, 1995 Between the fall of 1940 and the spring of 1945 the Canadian Royal Air Force Ferry Command's mixed civilian and military crews flew some ten thousand aircraft to operational squadrons overseas Christie Directorate of History National Defense Headquarters Ottawa provides an account of the genesis history and importance of Ferry Command Includes bandw photos Annotation copyright by Book News Inc Portland OR **Ferry Command** Don McVicar, 1981 En beretning om Ferry Commands indsats fra starten i 1940 til september 1942 bl a om den første levering af bombere via Grønland Island ruten Beretningen fortsætter i bogen The North Atlantic Cat Ferry Command Pilot Capt Donald M McVicar OBE, Donald McVicar, 2015-06-20 November 1940 after Hitler's Blitzkrieg devastated Europe Britain held out alone against the Nazis North American factories were producing badly needed warplanes in quantity but how to get them over there Nazi U boats were decimating freighter convoys with great loss of life and cargo including aircraft Why not fly them across It's hard for those of us in the 21st century to believe it but the stormy North Atlantic had rarely been flown in winter It was considered suicidal to even try Yet desperate times call for desperate measures This book honors the unique but little known group which beginning in November 1940 delivered almost 10 000 warplanes across the uncharted oceans suffering losses comparable to losses in combat Why did this brave group not become famous Well it had several names over the war years it was comprised of both military and civilian personnel from several countries and military organizations Best known as the Royal Air Force Ferry Command based in Montreal Quebec it evolved into No 45 Group RAF Transport Command with headquarters in England The most important reason This was a secret mission So for almost forty years the story of Ferry Command was unknown to the public Ferry Command Pilot is told firsthand from the pilot's seat by then twenty six year old Ferry Command Captain Don McVicar A Canadian civilian pilot he was unusual in that he was also a crack navigator and radio operator skills that brought him and his crews back from many dangerous missions He received the King's Commendation and the Order of the British Empire After a long turbulent career in Canadian aviation Don McVicar gathered together his many logbooks photographs memories and those of survivors with whom he had remained in touch and wrote the first real book about the Royal Air Force Ferry Command In 1981 Airlife published Ferry Command in hardcover followed by North Atlantic Cat A Change of Wings Mosquito Racer and More Than A Pilot His self published A Railroad From the Sky Distant Early Warning and From Cuba to Oblivion completed his acclaimed autobiographical aviation series In 1990 with Ferry Command sold out no longer in print but in demand by his readers worldwide he split it into Ferry Command Pilot and South Atlantic Safari which he self published printed on demand revolutionary ideas in 1990 After writing several hundred thousand well received words he had the confidence to make these versions a bit juicier truer to the wide open spirit of a bush pilot from the Canadian West He's not afraid to tell a corny joke or to tell the truth about some of his rougher landings Although Captain McVicar passed away in 1997 he foretold the power of the internet to help authors

and artists in particular to get their work out into the world 2015 would have been his 100th birthday and is the 70th anniversary of the end of World War II Don McVicar would be pleased to see his book back out in the world This edition of *Ferry Command Pilot* was carefully illustrated edited and designed by his daughter Donna McVicar Kazo a professional artist editor writer and graphic designer It was important to Captain McVicar to identify those who flew with him even those whose performance was less than stellar Where else would their small yet vital contributions to the defeat of Hitler be recognized This edition is a tribute to all of those good guys and gals May we be so brave *WASP of the Ferry Command* Sarah Byrn Rickman,2016-03-15 *WASP of the Ferry Command* is the story of the women ferry pilots who flew more than nine million miles in 72 different aircraft 115 000 pilot hours for the Ferrying Division Air Transport Command during World War II In the spring of 1942 Col William H Tunner lacked sufficient male pilots to move vital trainer aircraft from the factory to the training fields Nancy Love found 28 experienced women pilots who could do the job They along with graduates of the Army's flight training school for women established by Jacqueline Cochran performed this duty until fall 1943 when manufacture of trainers ceased In December 1943 the women ferry pilots went back to school to learn to fly high performance WWII fighters known as pursuits By January 1944 they began delivering high performance P 51s 47s and 39s Prior to D Day and beyond P 51s were crucial to the air war over Germany They had the range to escort B 17s and B 24s from England to Berlin and back on bombing raids that ultimately brought down the German Reich Getting those pursuits to the docks in New Jersey for shipment abroad became these women's primary job Ultimately more than one hundred WASP pursuit pilots were engaged in this vital movement of aircraft **Eyewitness RAF** James Goulty,2020-12-14 A detailed realistic picture of what it was like to serve in the Royal Air Force during WWII both on the ground and in the air using firsthand accounts Much has been written about the Royal Air Force during the Second World War memoirs biographies histories of Fighter and Bomber commands technical studies of the aircraft accounts of individual operations and exploits but few books have attempted to take the reader on a journey through basic training and active service as air or ground crew and eventual demobilization at the end of the war That is the aim of James Goulty's *Eyewitness RAF* Using a vivid selection of testimony from men and women he offers a direct insight into every aspect of wartime life in the service Throughout the book the emphasis is on the individual's experience of the RAF the preparations for flying flying itself the daily routines of an air base time on leave and the issues of discipline morale and motivation A particularly graphic section describes in the words of the men themselves what it felt like to go on operations and the impact of casualties airmen who were killed injured or taken prisoner What emerges is a fascinatingly varied inside view of the RAF that is perhaps less heroic and glamorous than the image created by some postwar accounts but gives readers today a much more realistic appreciation of the whole gamut of life in the RAF seventy plus years ago *Speedbird* Robin Higham,2013-05-30 Between 1939 and 1946 BOAC the British Overseas Airways Corporation was the nationalised airline of Great Britain and between 1946 and 1974 as such it exclusively operated all long

haul British flights With its iconic Speedbird logo and its central role in the glamorous jet age of the 1950s and 1960s BOAC achieved a near cult status with admirers around the globe Yet to date there has been no comprehensive history of the organisation covering its structure fleet and the role it played in the critical events of the age from World War II to the end of empire a period when BOAC played a pivotal part in projecting British political power even as that power was waning During World War II BOAC operated a limited wartime service and prepared for the return of commercial flight in the postwar era But it was in the service of Britain s colonies and latterly the process of decolonisation that BOAC achieved its most pivotal role The development of flight technology enabled much faster connections between Britain and her imperial possessions as the colonies prepared for independence BOAC ferried diplomats politicians and colonial administrators between London and the far flung corners of Africa and Asia in much faster times than had previously been possible In this book acclaimed historian Robin Higham presents a unique comprehensive study of BOAC from the early jet travel of the de Havilland Comet and the Vickers VC10 to the dawn of supersonic passenger aviation Highly illustrated and meticulously researched using previously unseen sources this book will be essential reading for all aviation enthusiasts and anyone interested in the history of modern Britain *Hearings* United States. Congress. House,1953 *The Royal Air Force Medical Services* Samuel Cuthbert Rexford-Welch,1955 **Air Force** ,1942 Vols 41 no 11 v 42 no 5 include Space digest v 1 2 no 5 Nov 1958 May 1959 City of Thieves Kevin Vincent,2023-10-29 What happens when unimaginable amounts of gold are discovered in an unimaginable place It becomes a golden feeding frenzy Just before World War Two breaks out a young journalist arrives in a northern Canadian boom town Timmins Ontario He quickly discovers that nearly the entire city is secretly and in some cases openly involved in stealing gold from the city s gold mines and there are LOTS of mines Everyone wants to get rich Everyone Politicians miners prospectors mine managers priests cops hookers and bank tellers everyone wants their share of the stolen gold Based on thousands of hours of research hundreds of interviews and confessions from gold thieves themselves called highgraders City of Thieves is a collection of short stories with breathtaking outcomes **The Hercules** Gordon A. A. Wilson,2024-08-15 What links the Bristol Aeroplane Company Armstrong Whitworth AVRO Short Brothers PLC Handley Page Ltd and Vickers Aviation The Hercules engine *Pearl Harbor Attack* United States. Congress. Joint Committee on the Investigation of the Pearl Harbor Attack,1946 **The Women with Silver Wings** Katherine Sharp Landdeck,2021-03-30 With the fate of the free world hanging in the balance women pilots went aloft to serve their nation A soaring tale in which at long last these daring World War II pilots gain the credit they deserve Liza Mundy New York Times bestselling author of Code Girls A powerful story of reinvention community and ingenuity born out of global upheaval Newsday When the Japanese attacked Pearl Harbor in December 1941 Cornelia Fort was already in the air At twenty two Fort had escaped Nashville s debutante scene for a fresh start as a flight instructor in Hawaii She and her student were in the middle of their lesson when the bombs began to fall and they barely made it back to ground that morning Still when the U S Army Air Forces put out a

call for women pilots to aid the war effort Fort was one of the first to respond She became one of just over 1 100 women from across the nation to make it through the Army's rigorous selection process and earn her silver wings The brainchild of trailblazing pilots Nancy Love and Jacqueline Cochran the Women Airforce Service Pilots WASP gave women like Fort a chance to serve their country and to prove that women aviators were just as skilled as men While not authorized to serve in combat the WASP helped train male pilots for service abroad and ferried bombers and pursuits across the country Thirty eight WASP would not survive the war But even taking into account these tragic losses Love and Cochran's social experiment seemed to be a resounding success until with the tides of war turning Congress clipped the women's wings The program was disbanded the women sent home But the bonds they'd forged never failed and over the next few decades they came together to fight for recognition as the military veterans they were and for their place in history

The Hunt for Jimmie Browne

Robert L. Willett, 2020-01-01 On Tuesday November 17 1942 aircraft CNAC No 60 climbed slowly toward the Himalayas growing smaller and smaller until it finally faded from sight never to be seen again until seventy years later This is the story of one family's search for answers about the aircraft and its crew particularly the co pilot James S Browne Browne was a pilot for China National Aviation Corporation CNAC an airline jointly owned by the Republic of China and Pan American World Airways and flown under contract with the U S Army Air Corps CNAC's mission was to pioneer and fly the dangerous Hump routes over the Himalayas to deliver gasoline weapons ammunition and war goods These supplies were desperately needed to keep China in the war for if China left the war more than one million Japanese troops would be free to control the Pacific Browne and his crew were killed in a plane crash while en route to Dinjan Airfield in India for supplies Rescue missions following their disappearance were unsuccessful Nearly forty years later Robert L Willett picks up where the search left off hoping to find Browne his missing cousin After gathering crash site information on a trip to China Willett sends a search team on three ascents up Cang Shan Mountain near Dali China and finally strikes metal the scattered wreckage of Browne's C 47 From the very beginning of the discovery eight years ago Willett's efforts to excavate the site and bring Jimmie Browne home have encountered bureaucratic roadblocks with U S government agencies and the Chinese government His search and recover mission continues even today

Report United States. Congress Senate, Report United States. Congress.

House, *The Hump* John D. Plating, 2011-02-08 Chronicling the most ambitious airlift in history Carried out over arguably the world's most rugged terrain in its most inhospitable weather system and under the constant threat of enemy attack the trans Himalayan airlift of World War II delivered nearly 740 000 tons of cargo to China making it possible for Chinese forces to wage war against Japan This operation dwarfed the supply delivery by land over the Burma and Ledo Roads and represented the fullest expression of the U S government's commitment to China In this groundbreaking work the first concentrated historical study of the world's first sustained combat airlift operation John D Plating argues that the Hump airlift was initially undertaken to serve as a display of American support for its Chinese ally which had been at war with Japan

since 1937 However by 1944 with the airlift s capability gaining momentum American strategists shifted the purpose of air operations to focus on supplying American forces in China in preparation for the U S s final assault on Japan From the standpoint of war materiel the airlift was the precondition that made possible all other allied military action in the China Burma India theater where Allied troops were most commonly inserted supplied and extracted by air Drawing on extensive research that includes Chinese and Japanese archives Plating tells a spellbinding story in a context that relates it to the larger movements of the war and reveals its significance in terms of the development of military air power The Hump demonstrates the operation s far reaching legacy as it became the example and prototype of the Berlin Airlift the first air battle of the Cold War The Hump operation also bore significantly on the initial moves of the Chinese Civil War when Air Transport Command aircraft moved entire armies of Nationalist troops hundreds of miles in mere days in order to prevent Communist forces from being the ones to accept the Japanese surrender
