Altogether Fitting and Proper Timothy B. Smith, 2024-01-12 At last the preservation of Civil War battlefields has received a comprehensive and critical historical treatment Altogether Fitting and Proper combines a detailed accounting of federal state and private activity with an instructive critique of the role post Civil War racism played in affecting and influencing various preservation efforts Tim Smith reminds us in very concrete ways of the malleable nature of Civil War memory Dwight T Pitcaithley New Mexico State University In the century and a half since the Civil War various entities both private and public have earnestly sought to safeguard the legacy of that seismic conflict through the preservation of its battlefields In Altogether Fitting and Proper a title taken from Lincoln s Gettysburg Address Timothy B Smith provides the most comprehensive synthesis ever written of the long often fraught history of those preservation efforts which began even as the war was still raging and have continued up through the present day Smith traces the story of

battlefield park establishment from the war and the Reconstruction era through the Golden Age of Preservation at the turn of the century to the New Deal period and well beyond He pays close attention to the evolution of public policy as the creation and oversight of parks shifted from the War Department to the National Park Service and explores the evolving ways in which the Civil War has been remembered over the years most significantly with regard to its causes slavery and race While Smith s primary focus is on the famous national parks Gettysburg Shiloh Antietam Chickamauga and others he also examines the endeavors of state and local governments as well as an assortment of private organizations to establish parks and monuments for lesser known battle sites The ongoing conflicts between preservationists and commercial developers form another key element of the narrative As Smith makes clear the story of battlefield preservation is in many ways a story of people from Civil War veterans like Henry Boynton the Medal of Honor winner who oversaw the development of the first national military park at Chickamauga to Jim Lighthizer the president of the Civil War Trust the private charitable organization spearheading the twenty first century preservation movement In their dedication to this particular cause such individuals and the groups they represent have kept a central event in American history alive in our collective memory TIMOTHY B SMITH who teaches history at the University of Tennessee at Martin is the author of numerous books on the Civil War and its battlefields including *This Great Battlefield of Shiloh A Chickamauga Memorial* and *The Golden Age of Battlefield Preservation* all published by the University of Tennessee Press *Civil War Battlefields* David T.
