Tigerbelles tells the epic story of the 1960 Tennessee State University all Black women's track team which found Olympic glory at the 1960 games in Rome. The author tells a story of desire, success and failure of beating the odds against the backdrop of a changing America but tells it in an intimate way. Readers will come to know the individuals' unique struggles and triumphs while also understanding how these dreams emerged and solidified just as the country was struggling to leave the Jim Crow era behind. Coach Edward Temple pushed each team member to the limit and saw the possibilities in them that they often did not see themselves. The elite group of talent included Wilma Rudolph, Barbara Jones, Lucinda Williams, Martha Hudson, Willye B. White and Shirley Crowder, women who once were and should still be known world wide. Ultimately the team's drive was for more than medals. Coach Temple and the Tigerbelles wanted to change the world's perception of what a group of young Black women in the Jim Crow south were capable of. Tigerbelles is a multi-layered inspirational tale of triumph over adversity. Based on memoirs and interviews with surviving team members including Coach Temple, this is the story of an impossible dream come true. **Military Review**, 2002 Civil Rights Queen Tomiko Brown-Nagin, 2022-01-25

A TIME BEST BOOK OF THE YEAR. The first major biography of one of our most influential judges, an activist lawyer who became the first Black woman appointed to the federal judiciary that provides an eye-opening account of the twin struggles for gender equality and civil rights in the 20th Century. Timely and essential. *The Washington Post*. A must read for anyone who dares to believe that equal justice under the law is possible and is in search of a model for how to make it a reality. Anita Hill. With the US Supreme Court confirmation of Ketanji Brown Jackson, it makes sense to revisit the life and work of another Black woman who profoundly shaped the law. Constance Baker Motley. CNN. Born to an aspirational blue collar family during the Great Depression, Constance Baker Motley was expected to find herself a good career as a hair dresser. Instead, she became the first Black woman to argue a case in front of the Supreme Court, the first of ten she would eventually argue. The only Black woman member in the legal team at the NAACP's Inc. Fund at the time she defended Martin Luther King in Birmingham, helped to argue in *Brown vs. The Board of Education* and played a critical role in vanquishing Jim Crow laws throughout the South. She was the first Black woman elected to the state Senate in New York, the first woman elected Manhattan Borough President and the first Black woman appointed to the federal judiciary. *Civil Rights Queen* captures the story of a remarkable American life, a figure who remade law and inspired the imaginations of African Americans across the country. Burnished with an extraordinary wealth of research, award-winning, esteemed Civil Rights and legal historian and dean of the Harvard Radcliffe Institute, Tomiko Brown Nagin brings Motley to life in these pages. Brown Nagin compels us to ponder some of our most timeless and urgent questions: how do the historically marginalized access the corridors of power? What is the price of the ticket? How does access to power shape individuals committed to social justice? In *Civil Rights Queen*, she dramatically fills out the picture of some of the most profound judicial and societal change made in twentieth century America. Unionist Politics and the Politics of Unionism Since the Anglo-Irish Agreement Feargal Cochrane, 1997. Unionist

Politics and the Politics of Unionism is the first and most comprehensive study of unionist politics since the Anglo Irish Agreement and sets out to explain the dynamics which underpin contemporary unionist political behaviour. An understanding of the mindset, fears and objectives of the largest political community in Northern Ireland is crucial to any attempt to address and resolve the political conflict in the region. This book concentrates on the period preceding the signing of the Anglo Irish Agreement of 15 November 1985 through to the forum elections and multi party talks of July 1996. In this contemporary history of Ulster unionism, Feargal Cochrane examines the response to the Anglo Irish Agreement, the tensions this created both within and between the main unionist parties and the evolution of the unionist political strategy after the failure of the campaign against the Agreement. In addition to explaining what happened during this period, the book analyses why the unionist political community behaved the way it did, provides an account of James Molyneaux's political downfall and gives the first serious evaluation of David Trimble's performance as leader of the Ulster Unionist Party. The author refines and improves upon previous theoretical models of the unionist ideology. He outlines the problems and difficulties facing Ulster unionism as we approach the end of the millennium and provides an informed judgement about the ideology's long term future. *Unionist Politics and the Politics of Unionism* contains a critical review of the existing literature on Ulster unionism which will be a useful reference point for academics, students, parliamentarians and all those requiring a deeper understanding of the subject.

The Last Balladeer Gregg Akkerman, 2012-06-14
In *The Last Balladeer*, author Gregg Akkerman skillfully reveals the life-long achievements and occasional missteps of Johnny Hartman as an African American artist dedicated to his craft. In the first full-length biography and discography to chronicle the rhapsodic life and music of Johnny Hartman, the author completes a previously missing dimension of vocal jazz history by documenting Hartman as the balladeer who crooned his way into so many hearts. Backed by impeccable research but conveyed in a conversational style, this book will interest not only musicians and scholars but any fan of the Great American Songbook and the singers who brought it to life.
Ronald W. Walters and the Fight for Black Power, 1969-2010 Robert C. Smith, 2018-02-01
Combines history and biography to interpret the last half century of black politics in America as represented in the life and work of a pivotal African American public intellectual. From his leadership of the first modern lunch counter sit-ins at age twenty to his work on African American reparations at the time of his death at age seventy-two, Ronald W. Walters 1938-2010 was at the cutting edge of African American politics. A preeminent scholar, activist and media commentator, he was founding chair of the Black Studies Department at Brandeis where he shaped the epistemological parameters of the new discipline.
