History Of Ancient Israel:

A History of Ancient Israel and Judah James Maxwell Miller, 1986-01-01 A significant achievement this book moves our understanding of the history of Israel forward as dramatically as John Bright's *A History of Israel* Martin Noth's *History of Israel* and William F Albright's *From the Stone Age to Christianity* did at an earlier period [The History of Ancient Israel](#) Michael Grant, 2012-02-16 The definitive guide to the history of ancient Israel The History of Ancient Israel covers the epic story of Jewish civilisation from its beginnings to the destruction of Jerusalem and the Temple in AD 70 It deals with Israel's relations with the great empires which shaped its development and with the changing internal structure of the Jewish state drawing both on excavation and the Hebrew Bible **Ancient Israel's History** Bill T. Arnold, Richard S. Hess, 2014-11-11 The history of Israel is a much debated topic in Old Testament studies On one side are minimalists who find little of historical value in the Hebrew Bible On the other side are those who assume the biblical text is a precise historical record Many serious students of the Bible find themselves between these two positions and would benefit from a careful exploration of issues in Israelite history This substantive history of Israel textbook values the Bible's historical contribution without overlooking critical issues and challenges Featuring the latest scholarship the book introduces students to the current state of research on issues relevant to the study of ancient Israel The editors and contributors all top biblical scholars and historians discuss historical evidence in a readable manner using both canonical and chronological lenses to explore Israelite history Illustrative items such as maps and images visually support the book's content Tables and sidebars are also included *A Brief History of Ancient Israel* Victor Harold Matthews, 2002-01-01 Grounded in the latest archaeological developments Victor Matthews's *A Brief History of Ancient Israel* presents a concise history of Israel covering the ancestral period conquest and settlement the monarchy and both the exilic and postexilic periods Using supplemental figures and insets the author concentrates on providing a cogent and condensed discussion of events He examines historical geography archaeological data and where relevant comparative cultural materials from other ancient Near Eastern civilizations With an accessible yet high quality introduction *A Brief History of Ancient Israel* will be of immense value to both students of the Old Testament and the scholars who teach them [The Social History of Ancient Israel](#) Rainer Kessler, An accessible social history of ancient Israel designed for Old Testament courses Includes a timeline and glossary of terms *A Short Introduction to the History of Ancient Israel* Arnold Whitaker Oxford, 1887 [The Israelites in History and Tradition](#) Niels Peter Lemche, 1998-01-01 Niels Peter Lemche focuses on the way Israelites understood themselves at different points in history before within and after the monarchy This book is essential reading for anyone interested in understanding Israel's rich history Volumes in the Library of Ancient Israel draw on multiple disciplines such as archaeology anthropology sociology linguistics and literary criticism to illuminate the everyday realities and social subtleties these ancient cultures experienced This series employs sophisticated methods resulting in original contributions that depict the reality of the people behind the Hebrew Bible and

interprets these insights for a wide variety of readers The Creation of History in Ancient Israel Marc Zvi Brettler, 2002-11 Argues that the biblical historians were influenced by typology interpretation of earlier texts satire and ideology shows how with this model we can put together a history of ancient Israel using the Hebrew Bible as a key source The History of Ancient Israel: A Guide for the Perplexed Philip R. Davies, 2015-10-22 The History of Ancient Israel A Guide for the Perplexed provides the student with the perfect guide to why and how the history of this most contested region has been studied and why it continues to be studied today Philip R Davies one of the leading scholars of Ancient Israel in recent years begins by examining the relevance of the study of Ancient Israel giving an overview of the sources and issues facing historians in approaching the material Davies then continues by looking at the various theories and hypotheses that scholars have advanced throughout the 20th century showing how different approaches are presented and in some cases how they are both underpinned and undermined by a range of ideological perspectives Davies also explains the rise and fall of Biblical Archaeology the maximalist minimalist debate After this helpful survey of past methodologies Davies introduces readers to the current trends in biblical scholarship in the present day covering areas such as cultural memory the impact of literary and social scientific theory and the notion of invented history Finally Davies considers the big question how the various sources of knowledge can be combined to write a modern history that combines and accounts for all the data available in a meaningful way This new guide will be a must for students of the Hebrew Bible Old Testament **History of Ancient Israel** Christian Frevel, 2023-05-12 This English translation of the second edition of Christian Frevel's essential textbook Geschichte Israels Kohlhammer 2018 covers the history of Israel from its beginnings until the Bar Kokhba revolt 132-135 CE Frevel draws on archaeological evidence inscriptions and monuments as well as the Bible to sketch a picture of the history of ancient Israel within the context of the southern Levant that is sometimes familiar but often fresh and unexpected Frevel has updated the second German edition with the most recent research of archaeologists and biblical scholars including those based in Europe Tables of rulers a glossary a timeline of the ancient Near East and resources arranged by subject make this book an accessible essential textbook for students and scholars alike *Ancient Israel* Lester L. Grabbe, 2007-01-01 A number of histories of Israel have been written over the past few decades yet the basic methodological questions are not always addressed how do we write such a history and how can we know anything about the history of Israel The purpose of this study is to provide a collection and analysis of the materials necessary for writing such a history *Creation of History in Ancient Israel*, 1996 *A History of Israel* John Bright, 2000-01-01 A definitive text and resource for every student of the Old Testament this fourth edition of John Bright's now classic work is newly introduced by William P Brown **A History of Israel** Walter C. Kaiser, Jr., Paul D Wegner, 2017-11-20 This volume provides a comprehensive introduction to the history of ancient Israel from the creation account to setting the stage for the New Testament era This edition has been thoroughly revised but maintains its focus on Old Testament texts as well as ancient Near Eastern literary and archaeological sources to

highlight the important modern controversies surrounding this part of Scripture The work provides an up to date conservative evangelical position on matters relating to ancient Israel s history and is illustrated with over 600 figures charts and maps *Understanding the History of Ancient Israel* Hugh Godfrey Maturin Williamson,2007 *Understanding the History of Ancient Israel* H. G. M. Williamson,2007-10-25 In recent years the study of the history of Ancient Israel has become very heated This title looks into the appropriate methods for combining different sorts of evidence archaeological epigraphical iconographical as well as biblical *The History of Ancient Israel and Judah* Jerome C. Ross,2003 **Ancient Israel's History and Historiography** Nadav Na'aman,2006-06-30 Throughout the past three decades Nadav Na aman has repeatedly proved that he is one of the most careful historians of ancient Canaan and Israel With broad expertise he has brought together archaeology text and the inscriptional material from all of the ancient Near East to bear on the history of ancient Israel and the land of Canaan during the second and first millenniums B C E Many of his studies have been published as journal articles or notes and yet together they constitute one of the most important bodies of literature on the subject in recent years particularly because of the careful attention to methodology that Na aman always has brought to his work This final volume in the 3 volume set of Na aman s collected essays contains 29 essays Among the topics addressed are the sources available to Israel s historians late in the first millennium B C E the reality behind the narratives relating to the history of the United Monarchy the effect of the author s own time on the composition of the histories of Saul David and Solomon and the contributions of archaeology to the study of the tenth century B C E In the course of covering these themes Na aman touches on topics such as history and historiography textual and literary problems historical geography society administration cult and religion **A History of Ancient Israel and Judah** James Maxwell Miller,John Haralson Hayes,2006 Miller and Hayes has long been my number one recommended textbook for classes on the history of ancient Israel and Judah While I may not agree with every word I know of nothing like it for the systematic way in which it sets out the whole range of evidence discusses it critically and bases its historical reconstruction on the results The field has been moving so rapidly however with new discoveries and radically different interpretations of familiar material that it was reaching the point where this book would need to be replaced This new edition represents such a significant revision with account taken of all the most recent main discussions that it will again immediately resume its premier position in the field II G M WILLIAMSON REGIUS PROFESSOR OF HEBREW UNIVERSITY OF OXFORD More than two decades have passed since Miller and Hayes s History helped us absorb the lessons learned when a regnant synthesis that largely authenticated Israel s version of its past had shattered As presented in its pages Israel s history was far more complicated and exhilarating than the one presented in Scripture and its people proved concerned with much more than just communion with God In this completely rewritten edition the frame is basically the same but the details are richer and more absorbing if only because archaeological discoveries and scholarly debates since then have multiplied the questions Writing a limpid prose shaping a

story that is neither bland nor boring Miller and Hayes continue to guide us reliably through thorny issues JACK M SASSON MARY JANE WERTI JAN PROFESSOR OF JUDAIC AND BIBLICAL STUDIES VANDERBILT UNIVERSITY Miller and Hayes s comprehensive work has clearly and superbly represented an important scholarly tradition in the study of the history of ancient Israel This revision with substantial bibliographic updating and increase in illustrations and visuals will preserve its status as a standard in the field K LAWSON YOUNGER JR PROFESSOR OF OLD TESTAMENT SEMITIC LANGUAGES AND ANCIENT NEAR EASTERN HISTORY TRINITY EVANGELICAL DIVINITY SCHOOL In a time of polarization over the veracity and usefulness of various forms of data this volume is a welcome addition both for its level headed and even handed treatment of all relevant materials and the sheer volume of material presented The authors respect the intelligence of their readers and supply them with the data the range of scholarly debate on the topic and their own analysis allowing both beginning students and seasoned scholars to soundly evaluate the situation TAMMI J SCHNEIDER PROFESSOR SCHOOL OF RELIGION CLAREMONT GRADUATE UNIVERSITY

Ancient Israel Niels Peter Lemche, 2015-11-19 When this provocative text was first published Lemche presented a new model of how we should understand Israelite society its history and its religion Lemche argues first that Israel was the result of a social development among the Canaanite population of Palestine in the second half of the second millennium BCE This implies that Israelite religion was originally Canaanite and that what we think of as typically Jewish religion did not arise until c 500 BCE Lemche s radical reassessment of Israelite history is based on the conviction that the Old Testament contains hardly any historical sources older than the seventh century BCE The early history of Israel must therefore be reconstructed from archaeological results and non biblical evidence not from the Old Testament In this new edition Lemche provides an extensive new introduction and bibliography considering how the field has developed since the work first appeared
