of Ludlow* David Lloyd,1999 Ludlow with its dramatic Norman castle fine Tudor and Georgian buildings towering parish  
church and bustling market square is one of England s most beautifully preserved and yet vibrant small towns In the Middle  
Ages the castle was a stronghold of the Marcher Lords and a thriving centre for marketing and cloth manufacture Under the  
Tudors and Stuarts Ludlow was seen as the capital of Wales while in the 18th century it was renowned for its very good  
company and abundance of pretty women The 19th century saw Ludlow s great law suit which nearly ruined the town while  
the last chapter brings the story right up to the 21st century The great strength of the book lies in its informative and often  
entertaining detail its broad overview and mass of illustrations We read of the piety of such medieval Ludlovians as Agnes  
Orm who in 1304 left 1d to each of the 60 clerks to sing psalms for her soul of Mary Derby who was strapped to the ducking  
stool in 1600 for being a drunkard and a common scold and of John Hall who sold his wife by public auction at Ludlow market

*The History of Ludlow, and Its Neighbourhood* Thomas Wright,2016-06-19 Excerpt from The History of Ludlow and Its Neighbourhood Forming a Popular Sketch of the History of the Welsh Border We know little of the border history before the times of the anglo saxons The numerous traces of entrenchments and fortifications of a remote date prove that this district was frequently the scene of warfare It is probable that before the Roman invasion the tribes who inhabited the wilds of what we now call Wales were accustomed to make predatory

excursions against the Britons in the neighbouring plains whilst the latter exposed also to piratical invasions from the north and the south provided for the temporary safety of themselves and as much of their property as they could carry away by forming strong holds at the tops of the loftiest hills We have no means of judging how far the spirit of the mountain tribes was tamed by the Roman arms although the remains of roads and stations show that at least the coasts and the more accessible parts were reduced under the dominion of that extraordinary people About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
