## Letters To Dorian:

**Letters to Dorian** Ruth Estrich, 2003-03-26 Imagine if Morrie Schwartz of Tuesdays With Morrie had been a beautiful 30 something year old woman single successful smart and sassy whose biggest problem was losing a few pounds before her weekend date until she was diagnosed with a particularly aggressive form of lymphatic cancer And imagine if she lived to chronicle her journey with a delicious wit and the wisdom that can only come from slow dancing with one's own mortality Ruth Estrich was a 32 year old junior executive at a Fortune 200 company in Chicago when life as she had known it ended forever Letters To Dorian tells the story of her diagnosis treatment and recovery chronicling her passage from perceived immortality to mortality from bad hair days to no hair days from ignorant bliss to the bliss of awareness It is a short book that is long on the lessons that are rarely available without devastating personal loss yet once learned create the possibility of a life of limitless and ongoing joy *The Decadent Republic of Letters* Matthew Potolsky, 2012-10-15 While scholars have long associated the group of nineteenth century French and English writers and artists known as the decadents with alienation escapism and withdrawal from the social and political world Matthew Potolsky offers an alternative reading of the movement In *The Decadent Republic of Letters* he treats the decadents as fundamentally international defined by a radically cosmopolitan ideal of literary sociability rather than an inward turn toward private aesthetics and exotic sensation *The Decadent Republic of Letters* looks at the way Charles Baudelaire Thophile Gautier and Algernon Charles Swinburne used the language of classical republican political theory to define beauty as a form of civic virtue The libertines an international underground united by subversive erudition gave decadents a model of countercultural affiliation and a vocabulary for criticizing national canon formation and the increasing state control of education Decadent figures such as Joris Karl Huysmans Walter Pater Vernon Lee Aubrey Beardsley and Oscar Wilde envisioned communities formed through the circulation of art Decadents lavishly praised their counterparts from other traditions translated and imitated their works and imagined the possibility of new associations forged through shared tastes and texts Defined by artistic values rather than language geography or ethnic identity these groups anticipated forms of attachment that are now familiar in youth countercultures and on social networking sites Bold and sophisticated *The Decadent Republic of Letters* unearths a pervasive decadent critique of nineteenth century notions of political community and reveals the collective effort by the major figures of the movement to find alternatives to liberalism and nationalism Cadmean Letters Martin Bernal, 1990 Western civilization has long sought its cultural roots in the classical civilizations of the Aegean During the twentieth century however it has been made increasingly clear that it owes a great debt to the civilizations of the Fertile Crescent In the thick of the debate as to how much classical civilizations were influenced by the Levant has been the question of the date of the transmission of the alphabet In this monograph Bernal takes up the question anew and marshals persuasive arguments that the date of transmission of the alphabet should be moved considerably earlier than generally has been thought to the middle

of the second millennium B C Growing out of his work on Black Athena the intricate matters of alphabetic history and transmission are dealt with both in terms of the history of the investigation of the topic and also with regard to the specific working out of his own new proposal **The Alphabet.
