**Kafka's Letters to Felice Bauer:
A Lover's Discourse**

ABSTRACT

This study focuses on Kafka's letters to Felice Bauer. An attempt is made to approach and understand Kafka through his romantic involvement, somewhat neglected in the Kafka scholarship. It explores some motifs in the letters – more than a thousand in number –, giving an insight into one of Kafka's most important relationships. The frantic pace of letter-writing through ordinary, registered and express mail, even telegrams and the intensity of thought and expression are simply fantastic. The letters, not meant for publication, describe on one hand his anxieties; at the same time they are surprisingly deeply romantic and almost lyrical, very different from his absurd and grotesque works. These letters of love and longing have acquired today the same status as the love letters of Heloise and Abelard.

The genre of autobiography is considered a constructed narrative where there is invariably some *a priori* fabrication or manipulation of events depending on how an author wants to present his self to others. This raises the question of sincerity and legitimacy of any autobiography which, by definition, claims to be a collection of facts. Would it then not be reasonable to say that the real and authentic autobiographical accounts are those which are not written specifically with an eye at publication but are later put together from various sources, like pieces of a jigsaw puzzle? The letters of Kafka (1883-1924) belong to this category. This study concentrates on Kafka's letters to Felice Bauer. It sheds some light on Kafka's long and intense relationship with a woman he loved, providing also an insight into the inner universe of one of the most important writers of the 20th century. Apart from the motif of classical love, some other autobiographical motifs explored in this paper are Kafka's writing mania, the very act of writing, his Jewishness, his preferences in daily life and his general state of mind.

Kafka "discovered" Felice Bauer at a get-together in Prague in August 1912 in the house of Max Brod's father in July 1912 after which she returned to Berlin. It appears that Kafka was simply mesmerised by this solitary meeting with her. Unable to forget the *Berlinerin*, as he calls her, he writes to her two months later for the first time on 20 Sept. 1912, addressing her formally as Fräulein Bauer and introducing himself as follows:

communication These innovations included the reform of the post office the invention of the postage stamp the Universal Postal Union which subjected letter writing to an economy of materials and uniform standards and the telegraph and the telephone which surpassed literature in terms of speed economy and analog signal processing In the third part on the basis of a close reading of Franz Kafka's letters to his typist fiancée the author demonstrates how postal logistics of love and authorship have worked in the era of modern postal systems and technical media Kafka's correspondence is deciphered as a war of nerves waged by means of all available techniques and conditions of transmission *A Franz Kafka Encyclopedia* Richard T. Gray, Ruth V. Gross, Rolf J. Goebel, Clayton Koelb, 2005-08-30 Known for depicting alienation frustration and the victimization of the individual by impenetrable bureaucracies Kafka's works have given rise to the term Kafkaesque This encyclopedia details Kafka's life and writings Included are more than 800 alphabetically arranged entries on his works characters family members and acquaintances themes and other topics Most of the entries cite works for further reading and the Encyclopedia closes with a selected general bibliography Reading Robert Walser Simon Wortham, 2025-05-06 Reading Robert Walser concentrates on the letters sent by the author Robert Walser to Frieda Mermet the laundry manager at a Swiss psychiatric hospital where his sister worked as a teacher Their exchange continued from 1913 to 1942 covering the time when Walser's literary fortunes declined after which he himself was placed in an asylum for almost three decades before his death in 1956 This epistolary history provides a reflection on the question of correspondence and literature particularly the subject of lost correspondence gender the question of address and the performance of identity Simon Wortham frames the letters with an extensive critical biography about the life and writing of Robert Walser whose work has enjoyed a resurgence in recent years As her side of the exchange no longer survives the book concludes with a fictional reimagining of Mermet's response to Walser's letters This creative part is carefully introduced by chapters on epistolary writing in a range of critical settings from modernism to literary theory and deconstruction as well as exploring what is at stake in creative engagements with a literary legacy of this kind Praise for Reading Robert Walser The very question of a subject is at stake in this enchanting book Intriguingly each chapter has a different voice from a man writing about Walser to a man writing as a woman speaking as Walser with a chorus in between that produces an exhilarating threefold reading of strangely connected desires Sharon Kivland artist writer and editor of the independent press MA BIBLIOTHÈQUE Reading Robert Walser gifts us a psychologically flexible approach to the incomparably brilliant modernist writer Never pathologizing Wortham shows that Walser's texts challenge us to think asexuality and queerness in new and dynamic ways Rather than pathologizing Walser Wortham productively stays under Walser's spell Barbara N.
