Biography of One of Our Greatest War Poets John Stuart Roberts,2015-02-28 Siegfried Sassoon is mostly remembered for the devastating poetry he wrote during World War One as a result of leading his troops over the top to certain death This episode in his life when he was sent to military hospital suffering from shell shock and his heroic return to the Front is covered extensively in his own writing and has overshadowed his later literary output But his more mature poetry is resuscitated in this sensitive exhaustively researched biography As well as recounting the friendships Siggys famously had with fellow poets Robert Graves and Wilfred Owen Roberts delves into the more private arena of Sassoon s covert homosexuality and his ill fated marriage We learn about Sassoon the passionate golfer and bloodthirsty fox hunter all of which adds greater depth to this complex man Roberts also digs deep into his subjects psyche to reveal a fixation with father figures which started during the War when he was under analysis and arose from the early death of his father and uncovers new sources of information concerning Sassoon s conversion to Catholicism This fresh material means that the earlier life is somewhat neglected but then as Sassoon himself said My real biography is my poetry **Essays on English and American**

Literature and a Sheaf of Poems ,2021-11-01 **Literature and the Politics of Post-Victorian Decadence** Kristin Mahoney,2015-06-09 In Literature and the Politics of Post Victorian Decadence Kristin Mahoney argues that the early twentieth century was a period in which the specters of the fin de siècle exercised a remarkable draw on the modern cultural imagination and troubled emergent avant gardistes These authors and artists refused to assimilate to the aesthetic and political ethos of the era representing themselves instead as time travelers from the previous century for whom twentieth century modernity was both baffling and disappointing However they did not turn entirely from the modern moment but rather relied on decadent strategies to participate in conversations concerning the most highly vexed issues of the period including war the rise of the Labour Party the question of womens sexual freedom and changing conceptions of sexual and gender identities **The Joseph M. Writing against War Charles Andrews, 2017-05-15 In *Writing against War* Charles Andrews integrates literary analysis and peace studies to create innovative new ways to view experimental British fiction in the interwar period The cataclysm of the First World War gave rise to the British Peace Movement a spectrum of pacifist internationalist and antiwar organizations and individuals Antiwar sentiments found expression not only in editorials criticism and journalism but also in novels and other works of literature *Writing against War* examines the work of Aldous Huxley Storm Jameson Siegfried Sassoon Rose Macaulay and Virginia Woolf to analyze the effects of their attempts to employ fiction in the service of peace activism It further traces how Huxley Woolf and others sought to reconcile their antiwar beliefs with implacable military violence The British Peace Movement's failure to halt the rise of fascism and the Second World War continues to cast a shadow over contemporary pacifist movements *Writing about War* will fascinate scholars of peace studies and literature and offers valuable insights for current day peace activists and artists who seek to integrate creativity with activism

Wartime Paul Fussell, 1990-10-25 Winner of both the National Book Award for Arts and Letters and the National Book Critics Circle Award for Criticism Paul Fussell's *The Great War and Modern Memory* was one of the most original and gripping volumes ever written about the First World War Frank Kermode in *The New York Times Book Review* hailed it as an important contribution to our understanding of how we came to make World War I part of our minds and Lionel Trilling called it simply one of the most deeply moving books I have read in a long time In its panoramic scope and poetic intensity it illuminated a war that changed a generation and revolutionized the way we see the world Now in *Wartime* Fussell turns to the Second World War the conflict he himself fought in to weave a narrative that is both more intensely personal and more wide ranging Whereas his former book focused primarily on literary figures on the image of the Great War in literature here Fussell examines the immediate impact of the war on common soldiers and civilians He describes the psychological and emotional atmosphere of World War II He analyzes the euphemisms people needed to deal with unacceptable reality the early belief for instance that the war could be won by precision bombing that is by long distance he describes the abnormally intense frustration of desire and some of the means by which desire was satisfied and most important he emphasizes the damage the war did to intellect discrimination honesty individuality complexity ambiguity and wit Of course no Fussell book would be complete without some serious discussion of the literature of the time He examines for instance how the great privations of wartime when oranges would be raffled off as valued prizes resulted in roccoco prose styles that dwelt longingly on lavish dinners and how the high mindedness of the era and the almost pathological need to accentuate the positive led to the downfall of the acerbic H L Mencken and the ascent of E B White He also offers astute commentary on Edmund Wilson's argument with Archibald MacLeish Cyril Connolly's *Horizon* magazine

the war poetry of Randall Jarrell and Louis Simpson and many other aspects of the wartime literary world Fussell conveys the essence of that wartime as no other writer before him For the past fifty years the Allied War has been sanitized and romanticized almost beyond recognition by the sentimental the loony patriotic the ignorant and the bloodthirsty Americans he says have never understood what the Second World War was really like In this stunning volume he offers such an understanding

Siegfried Sassoon Sanford Sternlicht, 1993 From 1914 until 1918 World War I ravaged Europe devastating country after country and taking millions of lives Responsible for more battlefield casualties than any war before or since the confrontation is

remembered as one of the most gruelling and tragic in western civilization. Out of the horror however came an astonishing legacy in the form of poetry. The violence of combat awoke strong emotions in a group of renowned Englishmen who were able to translate their experience and emotion into verse. Wilfred Owen, Isaac Rosenberg and not least Siegfried Sassoon. Born into a privileged family in Kent in 1886, Sassoon spent a largely unremarkable childhood. Upon completing his last year at the distinguished secondary school Marlborough College, a schoolmaster wrote of him: 'shows no particular intelligence or aptitude for any branch of his work, seems unlikely to adopt any special career'. After two years at Cambridge and a few more pursuing gentlemanly pastimes, Sassoon decided to concentrate on his poetry, which remained mediocre. Then, just a few days before Britain entered the war, and the inspiration, the horrors of trench warfare, provided him. His war poems were to have an immediacy and vibrancy unmatched by any he had written before. In this study, Sanford Sternlicht examines not only this poetry but Sassoon's other literary endeavors, including the widely acclaimed *The Complete Memoirs of George Sherston*, to create the most comprehensive study on him to date. The first book to profit from the publication of Sassoon's diaries in the 1980s, Siegfried Sassoon is an authoritative and well-balanced introduction to the life and works of a fascinating writer. It also provides strong evidence against the popular view that Sassoon was a purely Georgian poet, placing his combat poetry squarely in the modernist tradition. Sassoon's copious post-World War I satirical and religious poetry is fully explicated and evaluated.

The Poets of Rapallo Lauren Arrington, 2021-07-08

A new story about the relationships between major twentieth-century English language poets. Why did poets from the United States, Britain, and Ireland gather in a small town in Italy during the early years of Mussolini's regime? These writers were or became some of the most famous poets of the twentieth century. What brought them together, and what did they hope to achieve? *The Poets of Rapallo* is about the conversations, collaborations, and disagreements among Ezra and Dorothy Pound, W.B. and George Yeats, Richard Aldington and Brigit Patmore, Thomas MacGreevy, Louis Zukofsky, and Basil Bunting. Drawing on their correspondence, diaries, drafts of poems, sketches, and photographs, this book shows how the backdrop of the Italian fascist regime is essential to their writing about their home countries and their ideas about modern art and poetry. It also explores their interconnectedness as poets and shows how these connections were erased as their work was polished for publication. Focusing on the years between 1928 and 1935, when Pound and Yeats hosted an array of visiting writers, this book shows how the literary culture of Rapallo forged the lifelong friendships of Richard Aldington and Thomas MacGreevy, both veterans of the First World War, and of Louis Zukofsky and Basil Bunting, who imagined a new kind of democratic poetry for the twentieth century. In the wake of the Second World War, these four poets all downplayed their relationship to Ezra Pound and avoided discussing how important Rapallo was to their development as poets. But how did these democratic poets respond to the fascist context in which they worked during their time in Rapallo? *The Poets of Rapallo* discusses their collaboration with Pound, their awareness of the

rising tide of fascism and even in some cases their complicity in the activities of the fascist regime *The Poets of Rapallo* charts the new direction for modernist writing that these writers imagined and in the process it exposes the dark underbelly of some of the most lauded poetry in the English language *Anglo-Jewish Poetry from Isaac Rosenberg to Elaine Feinstein* Peter Lawson, 2006 This is the first book length study to survey the phenomenon of twentieth century Anglo Jewish poetry It proceeds by reading established Anglo Jewish poets against the grain of conventional thinking about English verse For example rather than understanding Isaac Rosenberg and Siegfried Sassoon as simply First World War poets it approaches them as minority Anglo Jewish poets as well A similar challenge to the notion of an undifferentiated English literature is made with respect to four other major writers John Rodker 1894 1955 Jon Silkin 1930 97 Elaine Feinstein 1930 and Karen Gershon 1923 93 All these poets share a peripheral relationship with English and Jewish culture together with a common attachment to the diasporic narrative of exile and deferred return to a textually imagined homeland **Where is American Literature?** Caroline F. Levander, 2013-04-16 *Where is American Literature* offers a spirited and compelling argument for rethinking the way we view American literature in relation to the nation while powerfully demonstrating why it continues to matter in a global age A refreshing and accessible investigation into the various locations linguistic geographical virtual ideological where American writing is produced and consumed Takes a highly original approach by viewing US literature spatially rather than chronologically or thematically retuning our understanding of the subject The book offers a vital intervention in current debates over the impact of digital technologies on the production and reception of literature ensuring that the field remains lively and dynamic Invites readers to reconsider the subject by questioning current perspectives on and approaches to US literature offering a range of fresh perspectives on familiar texts and topics *Costerus*, 1987 *Essays in English and American language and literature* **Contemporary Authors** Scot Peacock, 2002-04 In response to the escalating need for up to date information on writers *Contemporary Authors New Revision Series* brings researchers the most recent data on the world's most popular authors These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original *Contemporary Authors* entries For your convenience a soft cover cumulative index is sent biannually While Gale strives to replicate print content some content may not be available due to rights restrictions Call your Sales Rep for details
