[The Match Girl and the Heiress](#) Seth Koven, 2016-04-19 How two extraordinary women crossed the Victorian class divide to put Christian teachings into practice in the slums of East London Nellie Dowell was a match factory

girl in Victorian London who spent her early years consigned to orphanages and hospitals Muriel Lester the daughter of a wealthy shipbuilder longed to be free of the burden of money and possessions Together these unlikely soulmates sought to remake the world according to their own utopian vision of Christ's teachings *The Match Girl and the Heiress* paints an unforgettable portrait of their late nineteenth century girlhoods of wealth and want and their daring twentieth century experiments in ethical living in a world torn apart by war imperialism and industrial capitalism In this captivating book Seth Koven chronicles how each traveled the globe Nellie as a spinster proletarian laborer Muriel as a well heeled tourist and revered Christian peacemaker anticolonial activist and humanitarian Koven vividly describes how their lives crossed in the slums of East London where they inaugurated a grassroots revolution that took the Sermon on the Mount as a guide to achieving economic and social justice for the dispossessed Koven shows how they devoted themselves to Kingsley Hall Gandhi's London home in 1931 and Britain's first people's house founded on the Christian principles of social sharing pacifism and reconciliation and sheds light on the intimacies and inequalities of their loving yet complicated relationship *The Match Girl and the Heiress* probes the inner lives of these two extraordinary women against the panoramic backdrop of shop floor labor politics global capitalism counterculture spirituality and pacifist feminism to expose the wounds of poverty and neglect that Christian love could never heal

**Into the Bright Sunshine** Samuel G. Freedman, 2023-06-14 From one of the country's most distinguished journalists a revisionist and riveting look at the American politician whom history has judged a loser yet who played a key part in the greatest social movement of the 20th century Riveting A superbly written tale of moral and political courage for present day readers who find themselves in similarly dark times The New York Times During one sweltering week in July 1948 the Democratic Party gathered in Philadelphia for its national convention The most pressing and controversial issue facing the delegates was not whom to nominate for president the incumbent Harry Truman was the presumptive candidate but whether the Democrats would finally embrace the cause of civil rights and embed it in their official platform Even under Franklin Roosevelt the party had dodged the issue in order to keep a bloc of Southern segregationists the so called Dixiecrats in the New Deal coalition On the convention's final day Hubert Humphrey just 37 and the relatively obscure mayor of the midsized city of Minneapolis ascended the podium Defying Truman's own desire to occupy the middle ground Humphrey urged the delegates to get out of the shadow of state's rights and walk forthrightly into the bright sunshine of human rights Humphrey's speech put everything on the line rhetorically and politically to move the party and the country forward To the surprise of many including Humphrey himself the delegates voted to adopt a meaningful civil rights plank With no choice but to run on it Truman seized the opportunity it offered desegregating the armed forces and in November upsetting the frontrunner Thomas Dewey a victory due in part to an unprecedented surge of Black voters The outcome of that week in July 1948 which marks its 75th anniversary as this book is published shapes American politics to this day And it was in turned shaped by Humphrey His journey to that pivotal speech runs from a remote

all white hamlet in South Dakota to the mayoralty of Minneapolis as he tackles its notorious racism and anti-Semitism to his role as a national champion of multiracial democracy His allies in that struggle include a Black newspaper publisher a Jewish attorney and a professor who had fled Nazi Germany And his adversaries are the white supremacists Christian Nationalists and America Firsters of mid century America one of whom tries to assassinate him Here is a book that celebrates one of the overlooked landmarks of civil rights history and illuminates the early life and enduring legacy of the man who helped bring it about     **Union Catalog of Clemens Letters** Paul Machlis,1986-01-01     **Deans and Truants** Gene Andrew

Jarrett,2013-03-01 For a work to be considered African American literature does it need to focus on black characters or political themes Must it represent these within a specific stylistic range Or is it enough for the author to be identified as African American In *Deans and Truants* Gene Andrew Jarrett traces the shifting definitions of African American literature and the authors who wrote beyond those boundaries at the cost of critical dismissal and at times obscurity From the late nineteenth century to the end of the twentieth de facto deans critics and authors as different as William Howells Alain Locke Richard Wright and Amiri Baraka prescribed the shifting parameters of realism and racial subject matter appropriate to authentic African American literature while truant authors such as Paul Laurence Dunbar George S Schuyler Frank Yerby and Toni Morrison perhaps the most celebrated African American author of the twentieth century wrote literature anomalous to those standards Jarrett explores the issues at stake when Howells the Dean of American Letters argues in 1896 that only Dunbar's entirely black verse written in dialect would succeed Three decades later Locke the cultural arbiter of the Harlem Renaissance stands in contrast to Schuyler a journalist and novelist who questions the existence of a peculiarly black or New Negro art Next Wright's 1937 blueprint for African American writing sets the terms of the Chicago Renaissance but Yerby's version of historical romance approaches race and realism in alternative literary ways Finally *Deans and Truants* measures the gravitational pull of the late 1960s Black Aesthetic in Baraka's editorial silence on Toni Morrison's first and only short story *Recitatif* Drawing from a wealth of biographical historical and literary sources *Deans and Truants* describes the changing notions of race politics and gender that framed and were framed by the authors and critics of African American culture for more than a century
