The Planetary Clock Paul Giles,2021-02-11 The theme of *The Planetary Clock* is the representation of time in postmodern culture and the way temporality as a global phenomenon manifests itself differently across an antipodean axis To trace postmodernism in an expansive spatial and temporal arc from its formal experimentation in the 1960s to environmental concerns in the twenty first century is to describe a richer and more complex version of this cultural phenomenon Exploring different scales of time from a Southern Hemisphere perspective with a special emphasis on issues of Indigeneity and the Anthropocene *The Planetary Clock* offers a wide ranging revisionist account of postmodernism reinterpreting literature film music and visual art of the post 1960 period within a planetary framework By bringing the culture of Australia and New Zealand into dialogue with other Western narratives it suggests how an antipodean impulse involving the transposition of the world into different spatial and temporal dimensions has long been an integral if generally occluded aspect of postmodernism Taking its title from a Florentine clock designed in 1510 to measure worldly time alongside the rotation of the planets *The Planetary Clock* ranges across well known American postmodernists John Barth Toni Morrison to more recent science fiction writers Octavia Butler Richard Powers while bringing the US tradition into juxtaposition with both its English Philip Larkin Ian McEwan and Australian Les Murray Alexis Wright counterparts By aligning cultural postmodernism with music Messiaen Ligeti Birtwistle the visual arts Hockney Blackman Fiona Hall and cinema Rohmer Haneke Tarantino this volume enlarges our understanding of global postmodernism for the twenty first century **Letters of Philip Dormer, Fourth Earl of**

Antipodean America Paul Giles,2013-12-11 Although North America and Australasia occupy opposite ends of the earth they have never been that far from each other conceptually The United States and Australia both began as British colonies and mutual entanglements continue today when contemporary cultures of globalization have brought them more closely into juxtaposition Taking this transpacific kinship as his focus Paul Giles presents a sweeping study that spans two continents and over three hundred years of literary history to consider the impact of Australia and New Zealand on the formation of U S literature Early American writers such as Benjamin Franklin Thomas Jefferson Joel Barlow and Charles Brockden Brown found the idea of antipodes to be a creative resource but also an alarming reminder of Great Britain's increasing sway in the Pacific The southern seas served as inspiration for narratives by Washington Irving Edgar Allan Poe and Herman Melville For African Americans such as Harriet Jacobs Australia represented a haven from slavery during the gold rush era while for E D E N Southworth its convict legacy offered an alternative perspective on the British class system In the 1890s Henry Adams and Mark Twain both came to Australasia to address questions of imperial rivalry and aesthetic topsy turvyness The second half of this study considers how Australia's political unification through Federation in 1901 significantly altered its relationship to the United States New modes of transport and communication drew American visitors including novelist Jack London At the same time Americans associated Australia and New Zealand with various kinds of utopian social reform particularly in relation to gender politics a theme Giles explores in William Dean Howells Charlotte Perkins Gilman and Miles Franklin He also considers how American modernism in New York was inflected by the Australasian perspectives of Lola Ridge and Christina Stead and how Australian modernism was in turn shaped by American styles of iconoclasm After World

War II Giles examines how the poetry of Karl Shapiro Louis Simpson Yusef Komunyakaa and others was influenced by their direct experience of Australia He then shifts to post 1945 fiction where the focus extends from Irish American cultural politics Raymond Chandler Thomas Keneally to the paradoxes of exile Shirley Hazzard Peter Carey and the structural inversions of postmodernism and posthumanism Salman Rushdie Donna Haraway Ranging from figures like John Ledyard to John Ashbery from Emily Dickinson to Patricia Piccinini and J M Coetzee Antipodean America is a truly epic work of transnational literary history

Philosophical Letters Voltaire,2024-05-09 The Lettres philosophiques 1734 often known in English as Letters Concerning the English Nation Letters on the English or simply Philosophical Letters is a set of essays written in the form of correspondence Voltaire based these letters on his experiences during the late 1720s while exiled in England Each letter describes an aspect of British life he devotes sections to religious sects Quakers Anglicans Presbyterians Socinians to governmental institutions Parliament the monarchy and to intellectual currents John Locke Isaac Newton Francis Bacon For example he marvels at the political role of the merchant class and the atmosphere of religious toleration contrasting them implicitly with French norms He also discusses recent scientific topics praising Locke s empiricism and Newton s experiments on optics and gravity and notes medical advances like smallpox inoculation In every case Voltaire s letters point out what he sees as the benefits of English customs and ideas He is particularly impressed by the open debate about religion and by the practical application of reason The essays culminate in a letter on Locke where Voltaire extends the British habit of inquiry to the study of the human mind and soul Overall the content is laudatory toward England and uses it as a backdrop to critique any intellectual intolerance suggesting that a free and enlightened society yields human progress This modern Critical Reader s Edition includes an illuminating afterword tracing Voltaire s intellectual relationships with Enlightenment thinkers and philosophers including Locke Diderot Rousseau and Newton containing unique research into his influences and economic attachments a comprehensive timeline of his life and works a glossary of Enlightenment terminology and a detailed index of all of Voltaire s writings This unique professional translation renders Voltaire s sharp satirical prose into modern language to preserve the original clarity and movement of the text Combined with the scholarly amplifying material this edition is a groundbreaking exploration of Voltaire s classic works and his enduring artistic and philosophical influence This collection was first published anonymously in London in 1733 in English translation by chapbook printer Lockman and then

issued in French translation in 1734 Its release caused an immediate uproar in France The letters were seen as a thinly veiled attack on the French political and religious system and they were rapidly suppressed Voltaire himself was threatened with prosecution by the French authorities forcing him to flee Paris and live in exile at times for his safety Thus the *Lettres philosophiques* debuted at a time of intense governmental censorship In spite of that they were widely read clandestinely and discussed in intellectual circles The controversial nature of the publication underscores its context it appeared at the height of ancien régime absolutism so Voltaire's open admiration for English liberties and criticism of fanaticism directly challenged the status quo The work was quite unlike what the censors expected from Voltaire's oeuvre rather than avoid politics he embraced the occasion of an expatriate's perspective to provoke debate *The Papers of Thomas Jefferson, Volume 40* Thomas Jefferson, 2018-06-05 This volume opens on 4 March 1803 the first day of Jefferson's third year as president Still shaken by the closing of the right of deposit at New Orleans he confronts the potential political consequences of a cession of Louisiana to France that might result in a denial of American access to the Mississippi But he resists pressures to seize New Orleans by force urging patience instead The cabinet determines in April that all possible procrastinations should be used in dealing with France but that discussions with Great Britain move forward as well In Paris a treaty for the cession of the Louisiana Territory to the United States is signed and in May the right of deposit is restored On 3 July word reaches Jefferson in Washington of the agreement that France has sold the entire Territory for 15 million The glorious news which may be the most momentous that Jefferson receives while president appears in the *National Intelligencer* the following day Having received congressional approval to send an expedition to locate a continental route to the Pacific Jefferson drafts instructions and a cipher for Meriwether Lewis and arranges for the needed instruments Following through on a promise to a friend to give his views of Christianity Jefferson puts his religious creed on paper a Syllabus of the morals of Jesus and the comparative merits of Christianity He intends it only for a few trusted friends *The Papers of Thomas Jefferson* Thomas Jefferson, 1950 V 36 1 December 1801 to 3 March 1802
