Letters to Leontine Zanta; introduction by Robert Garric and Henri de Lubac, translated Pierre Teilhard de Chardin, **Letters to Leontine Zanta. Introd. by Robert Garric and Henri De Lubac. Translated by Bernard Wall** Pierre Teilhard De Chardin, 1969 **The Spirituality of the Future** Kaikhushru Dhunjibhoy Sethna, 1981 Corrects errors and redresses a balance in Zaehner's 1971 *Evolution in Religion* A Study in Sri Aurobindo and Teilhard de Chardin in which Dr Sethna finds some lack of comprehension of Aurobindo and feels that Teilhard comes off better Aurobindo emerges in this study as the more spiritually advanced of the two *Thomas Aquinas and Teilhard de Chardin* Donald J. Goergen OP, 2022-10-21 In an increasingly divided and secularized world in an age of unbelief we yearn for increased unity for a sense of the transcendent for a humanism that does not force one to choose between God and the world This humanism requires an integration of ancient wisdom with modern learning or one might say faith and reason religion and science Christology and cosmology As the Gospel of Matthew puts it the sage goes into the storehouse to bring out both something old and something new To this Christian humanism both Thomas Aquinas and Pierre Teilhard de Chardin have significant contributions to make One is not forced to choose between them but rather to see in these two visionaries one medieval one modern complementary insights One philosophically precise the other scientifically trained they challenge us to look again at our search for wholeness for holiness Can we see something of what they saw Can we seek something of what they sought

The Jesuit and the Skull Amir Aczel, 2008-11-04 From the New York Times bestselling author of *Fermat's Last Theorem* an extraordinary story Philadelphia Inquirer of discovery evolution science and faith In 1929 French Jesuit priest Pierre Teilhard de Chardin was a part of a group of scientists that uncovered a skull that became known as Peking Man a key evolutionary link that left Teilhard torn between science and his ancient faith and would leave him ostracized by his beloved Catholic Church His struggle is at the heart of *The Jesuit and the Skull* which takes readers across continents and cultures in a fascinating exploration of one of the twentieth century's most important discoveries and one of the world's most provocative pieces of evidence in the roiling debate between creationism and evolution **From Teilhard to Omega** Ilia Delio, 2014-01-09 Thirteen scholars including John F Haught Ursula King and John C Haughey SJ take off from where Teilhard de Chardin left off opening new windows to the divine mystery to the evolving person and to the new energies of love needed for the forward movement of life **The Body Divine** Anne Hunt Overzee, 1992 The book makes an significant contribution to comparative theology and explores the wide ranging implications of a religious symbol whose potency is

perennial cross cultural and of continuing contemporary importance **A Companion to Jesuit Mysticism** Robert Aleksander Maryks, 2017-03-06 In *A Companion to Jesuit Mysticism* Robert A Maryks provides thirteen unique essays discussing the Jesuit mystical tradition a somewhat neglected aspect of Jesuit historiography that stretches as far back as the order's co-founder Ignatius of Loyola his spiritual visions at Manresa and ultimately the mystical perspective contained in his *Spiritual Exercises* The volume's contributions on the most significant representatives of the Jesuit mystical tradition from Baltasar Alvarez to Louis Lallemant to Hugo Makibi Enomiya Lassalle aim to fill this lacuna in Jesuit historiography Although intended primarily as a handbook for scholars seeking to further their own research in this area the volume will undoubtedly be of interest to scholars and students of Jesuit studies more broadly [Silence Speaks](#) Robert Nugent, 2011 Recounts the interaction between these four theologians and ecclesiastical authorities and describes the effects of disciplinary actions taken against them by Vatican authorities on both their personal and spiritual lives **Christ in All Things** King, Ursula, 2016-11-17 Offering both a concise introduction to the spiritual vision of the mystic and scientist Pierre Teilhard de Chardin and a fascinating survey of contemporary themes in spirituality through a Teilhardian lens this revised edition shows how Teilhard's perception of Christ in all things was the key to his holistic vision [What Are They Saying About Mysticism?](#) Harvey D. Egan, 2021-10-21 Fr Egan surveys the current scholarship on mysticism giving special attention to the works Carl Albrecht Hans Urs von Balthasar Richard Bucke Teilhard de Chardin Harvey Cox William James William Johnston Bernard Lonergan Thomas Merton Erich Neumann Karl Rahner Walter Stace Evelyn Underhill R C Zaehner and many lesser known authors The book covers a wide spectrum of modern thinking It presents authors who treat mysticism as a psychological phenomenon involving pathology and altered states of consciousness as well as others who understand it as stages of life toward union with the God of Love Fr Egan also highlights both those authors who have opened up Christian mysticism to the riches of the Eastern tradition and those critical of this Eastern turn Finally he explores the theological reflections of Karl Rahner and Bernard Lonergan for their ability to bring together mystical spirituality and academic theology These contemporary theologians offer a solid foundation for a new science of mysticism based on the Christian mystical tradition empirical sciences East West dialogue and contemporary theological pluralism **The Phenomenon of Teilhard** David H. Lane, 1996 New Age writer of the popular *Aquarian Conspiracy* Marilyn Ferguson observed that many of the leading lights of the New Age movement claim Teilhard as one of the most influential persons in their lives Other influences acknowledged include C G Jung Aldous Huxley Swami Muktananda Thomas Merton Werner Erhard and Maharishi Yogi Indeed of the 185 New Age leaders surveyed Teilhard was the most frequently mentioned of any person who had most influenced their thinking If this is the case then if we are to understand the New Age movement properly it behooves us to take a careful and critical look at Teilhard de Chardin David Lane has done precisely this in a clear well documented and penetrating way In this crucial book David Lane lays bare the philosophical theological and scientific failures of Teilhard's New Age enterprise In a

highly documented and insightful scrutiny of Teilhard's cosmic evolution Lane unveils the apostate Christian roots of one of the most important forerunners of the New Age movement This is one of the most significant and serious treatments of the modern roots of the New Age in print

Catholic Christianity in Evolution Alan Sage, 2021-06-01 Christianity and its theological and spiritual underpinnings does not fulfil the needs of people living in a rapidly changing world For all its good intention the Catholic Church has failed to provide the necessary religious tools to its congregants and wider Catholic community to confront the ecological and environmental problems that confront mankind This book sets out the required parameters of spirituality within an evolutionary world context linking the theological with the practical under the aegis of the Jesuit Pierre Teilhard de Chardin His writings promote a concept of God at the centre of the world we live in a Christian way of living fully engaged At the heart of Teilhard's world view are creation evolution and the environment He provides the spiritual tools to understand a God that is in real effect our evolving world and our actions toward it In looking after God's world through our daily commitment we meet the needs of the whole of creation And this makes Christian faith truly meaningful and of direct relevance to our living in the world Indeed the second encyclical of Pope Francis *Laudato si* with its care for our common home message is Teilhardian in its outlook Likewise the Pope's sacrament of the brother teaching Because of the inextricable link between human activity and the creative work of God Teilhard saw all human endeavour as holy Herewith the Ignatian theme of finding God in all things coupled with a cosmic approach to redemption and the notion of ongoing divine creativity Teilhard's vision is a template for understanding our place in the world our intimate relationship to the whole of creation and our responsibilities to the environment and to each other Teilhard asks us to face the challenges of a rapidly changing world as co-creators with God a tremendous privilege but also an awesome responsibility An Appendix lists all of Teilhard's writings and their publication sources divided into five main sections and further subdivided by topic an indispensable resource tool for Teilhard scholars and for readers familiar with *The Divine Milieu* and *The Human*
