Lewis Clark Pioneering Naturalists

Richard G Beidleman

Lewis Clark Pioneering Naturalists:

Lewis and Clark Paul Russell Cutright, 2003-01-01 First published in 1969 *Lewis and Clark Pioneering Naturalists* remains the most comprehensive account of the scientific studies carried out by Meriwether Lewis and William Clark during their overland expedition to the Pacific Northwest and back in 1804 6 Summaries of the animals plants topographical features and Indian tribes encountered are included at the end of each chapter devoted to the particular leg of the journey A distinguished biologist Paul Russell Cutright will be remembered for this landmark contribution to our understanding of the world that the expedition observed and recorded **The Scientific Side of an Exploration** John C. Greene, 1969

Encyclopedia of the Lewis and Clark Expedition Elin Woodger, Brandon Toropov, 2014-05-14 Provides facts and information about the travels of Meriwether Lewis and William Clark and their Corps of Discovery and its importance in relation to Native Americans and the westward expansion in the United States Jefferson's Botanists Richard M. McCourt, Earle E. Spamer, 2004 Account of the botanical discoveries of Meriwether Lewis and William Clark together with illustrations of plant specimens from the Lewis and Clark Herbarium **The Journals of the Lewis and Clark Expedition: Herbarium of the Lewis & Clark Expedition** Gary E. Moulton, 1999-01-01 The University of Nebraska Press editions of *The Journals of the Lewis and Clark Expedition* are widely heralded as a lasting achievement In all twelve volumes and a comprehensive index are projected which together will provide a complete record of the expedition Volume 12 contains the most complete listing of the plant specimens cataloged by the Lewis and Clark expedition All but one of the plants were collected by Meriwether Lewis the most skilled botanist among the expedition s members The collection however was nearly lost over the years due to its scattering among various botanists who intended to catalog the expedition s scientific discoveries Fortunately for many years the specimens have been in the care of major institutions principally the Academy of Natural Sciences in Philadelphia The 239 extant items are brought together here for the first time This invaluable volume will assist researchers and enthusiasts hoping to identify each plant s location distribution and use along the expedition s route

The Definitive Journals of Lewis and Clark Gary E. Moulton, 2004-01-01 This landmark volume contains the most complete listing and presentation of the plant specimens collected by the Lewis and Clark expedition All but one of the plants were collected by Meriwether Lewis the expedition s botanist The collection how ever was nearly lost over the years when it was scattered among various botanists who intended to catalog the expedition s scientific discoveries Fortunately for many years the specimens have been in the care of major institutions principally the Academy of Natural Sciences in Philadelphia The 239 extant items are brought together in one book for the first time This indispensable volume will assist researchers and enthusiasts hoping to identify each plant s date and place of collection and other information such as plant habitat and ethnobotanical use California's Frontier Naturalists Richard G Beidleman, 2006-03-02 This book chronicles the fascinating story of the enthusiastic stalwart and talented naturalists who were drawn to California s spectacular natural bounty over the

decades from 1786 when the La P rouse Expedition arrived at Monterey to the Death Valley expedition in 1890 91 the proclaimed end of the American frontier Richard G Beidleman s engaging and marvelously detailed narrative describes these botanists zoologists geologists paleontologists astronomers and ethnologists as they camped under stars and faced blizzards made discoveries and amassed collections kept journals and lost valuables sketched flowers and landscapes recorded comets and native languages He weaves together the stories of their lives their demanding fieldwork their contributions to science and their exciting adventures against the backdrop of California and world history California s Frontier Naturalists covers all the major expeditions to California as well as individual and institutional explorations introducing naturalists who accompanied boundary surveys joined federal railroad parties traveled with river topographical expeditions accompanied troops involved with the Mexican War and made up California s own geological survey Among these early naturalists are famous names David Douglas Thomas Nuttall John Charles Fremont William Brewer as well as those who are less well known including Paolo Botta Richard Hinds and Sara Lemmon *Early American Naturalists* John Moring,2005-03-25 Beginning with the trailblazing expedition of Lewis and Clark Early American Naturalists tells the stories of men and women of the 1800s who crossed the Mississippi River and encountered the new life of the western New World Explorers profiled include John James Audubon Martha Maxwell and John Muir [A Naturalist in Indian Territory](#) S. W. Woodhouse,1996-03-01 In the spring of 1849 young Philadelphia physician S W Woodhouse an avid ornithologist was appointed surgeon naturalist of two expeditions one in 1849 and another in 1850 to survey the Creek Cherokee boundary in Indian Territory A keen observer of frontier life and society Woodhouse wrote down in three journals detailed entries on his travels including information on the flora and fauna as well as his impressions of the places he passed and their people notably early Indian Territory personalities such as the McIntoshes and the Perrymans of the Creek Indians Elijah Hicks of the Cherokees Tallee and Clermont III of the Osages and Oh ha wah kee of the Comanches To aid the modern reader editors John S Tomer and Michael J Brodhead have supplied a detailed introduction and extensive clarifying notes **Uncovering the Truth About Meriwether Lewis** Thomas C. Danisi,2012-02-07 The critically acclaimed biography Meriwether Lewis coauthored by Thomas C Danisi was praised for its meticulous research and for shedding new light on the adventurous life and controversial death of the great explorer who became famous through the Lewis and Clark Expedition Now the author with some help from contributors extends his groundbreaking studies of Meriwether Lewis with this compilation of historical essays that offers new findings based on recently discovered documents tackling such intriguing subjects as The court martial of Meriwether Lewis Danisi s discovery of the astonishing never before published transcript of the entire court martial proceedings affords him the distinction of being the first historian to mine the document for the many insights it offers into the then untested twenty one year old officer who eloquently defended himself and won his case Documentation straight from the medical ledgers of Dr Antoine Saugrain the physician who treated Governor Lewis which helps to confirm that Lewis suffered from

malaria prior to his celebrated trek to the Pacific Ocean with the Corps of Discovery and continuing through his service as governor of the Louisiana Territory. Was Lewis's death as reported the result of suicide or was he merely a victim of this episodic and incurable disease? Documentation that proves the true nature of the much discussed Gilbert Russell State ment given at the court martial of General James Wilkinson. Some historians have argued that Wilkinson orchestrated Lewis's murder but Danisi's research sets the record straight. The role of Major James Neelly in Lewis's last days. This subject has gained much prominence through the History Channel according to which Neelly supposedly lied to President Thomas Jefferson about his presence at Meriwether Lewis's burial but Danisi has evidence to the contrary. The author presents an abundance of additional material to fill in previous historical gaps regarding the mysteries and controversies surrounding Lewis's life and death. In doing so he paints a vivid picture of the brilliant rise of an ambitious young man by virtue of courage, talent and political connections and the tragic fall of a conscientious public servant under the weight of chronic illness, bureaucratic pettiness and the political intrigue that was rampant throughout America's Wild West. This superb contribution to Meriwether Lewis research is a must read for students and scholars of American history and anyone with an interest in one of our nation's most important explorers and public servants.

Going to the Sources Anthony Brundage, 2017-06-26 It's been almost 30 years since the first edition of *Going to the Sources: A Guide to Historical Research and Writing* was first published. Newly revised and updated, the sixth edition of this bestselling guide helps students at all levels meet the challenge of writing their first or their first real research paper. Presenting various schools of thought, this useful tool explores the dynamic nature and professional history of research papers and shows readers how to identify, find and evaluate both primary and secondary sources for their own writing assignments. This new edition addresses the shifting nature of historical study over the last twenty years. *Going to the Sources: A Guide to Historical Research and Writing* includes a new section analyzing attempts by authors of historical works to identify and cultivate the appropriate public for their writings, from scholars appealing to a small circle of fellow specialists to popular authors seeking mass readership. A handy style guide for creating footnotes, endnotes, bibliographical entries as well as a list of commonly used abbreviations. Advanced Placement high school and undergraduate college students taking history courses at every level will benefit from the engaging, thoughtful and down to earth advice within this hands on guide.

Travels, Explorations and Empires, 1770-1835, Part I Vol 1 Tim Fulford, Peter J Kitson, Tim Youngs, 2021-12-16 A collection of work that attempts to reflect the diversity of travel literature from the late 18th and early 19th centuries. This literature often reveals something of the cultural and gender difference of the travellers as well as ideas on colonialism, anthropology and slavery.

Landscapes and Communities on the Pacific Rim: From Asia to the Pacific Northwest Karen K. Gaul, Jackie Hiltz, 2016-07-08 These essays offer a cross cultural and cross disciplinary study of the ways in which communities of people understand and inhabit their environments. They examine and compare human environmental interactions in communities across the Pacific Northwest, the Pacific Rim and Asia.

An Introduction to the

U.S. Congress Charles Bancroft Cushman, 2006 What does Congress do How does it do it Why is it such a complicated institution This concise primer offers students and general readers a brief and systematic introduction to Congress and the role it plays in the US political system Drawing on his experience as a former Congressional staff member the author explores the different political natures of the House and Senate examines Congress's interaction with other branches of the Federal government and looks ahead to the domestic and foreign challenges that are likely to drive the Congressional agenda for decades to come The book provides revealing insights into the sometimes contradictory Congressional responsibilities of representation and lawmaking oversight and appropriation and managing and organizing the government It includes a case study on the formation of the Department of Homeland Security that sheds light on Congress's often complicated procedures The book also includes boxed features on Congressional action highlighting such topics as file sharing and student loans that show students how Congress's work affects their lives Chapter ending lists of web resources add to the book's usefulness

Undaunted Courage Stephen E. Ambrose, 2013-04-23 From the New York Times bestselling author of *Band of Brothers* and *D Day* the definitive book on Lewis and Clark's exploration of the Louisiana Purchase the most momentous expedition in American history and one of the great adventure stories of all time In 1803 President Thomas Jefferson selected his personal secretary Captain Meriwether Lewis to lead a voyage up the Missouri River to the Rockies over the mountains down the Columbia River to the Pacific Ocean and back Lewis and his partner Captain William Clark made the first map of the trans Mississippi West provided invaluable scientific data on the flora and fauna of the Louisiana Purchase territory and established the American claim to Oregon Washington and Idaho Ambrose has pieced together previously unknown information about weather terrain and medical knowledge at the time to provide a vivid backdrop for the expedition Lewis is supported by a rich variety of colorful characters first of all Jefferson himself whose interest in exploring and acquiring the American West went back thirty years Next comes Clark a rugged frontiersman whose love for Lewis matched Jefferson's There are numerous Indian chiefs and Sacagawea the Indian girl who accompanied the expedition along with the French Indian hunter Drouillard the great naturalists of Philadelphia the French and Spanish fur traders of St Louis John Quincy Adams and many more leading political scientific and military figures of the turn of the century High adventure high politics suspense drama and diplomacy combine with high romance and personal tragedy to make this outstanding work of scholarship as readable as a novel

Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized

monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history **Historical Dictionary of the American Frontier** Jay H.

Buckley,Brenden W. Rensink,2015-05-05 The Historical Dictionary of the American Frontier covers early Euro American exploration and development of frontiers in North America but not only the lands that would eventually be incorporated into the United States it also includes the multiple North American frontiers explored by Spain France Russia England and others The focus is upon Euro American activities in frontier exploration and development but the roles of indigenous peoples in these processes is highlighted throughout The history of this period is covered through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced entries on explorers adventurers traders religious orders developers and indigenous peoples This book is an excellent access point for students researchers and anyone wanting to know more about the development of the American frontier *A Great Plains Reader* Diane Dufva

Quantic,P. Jane Hafen,2003-01-01 The Great Plains are as rich and integral a part of American literature as they are of the North American landscape In this volume the stories poems and essays that have described celebrated and defined the region evoke the world of the American prairie from the first recorded days of Native history to the realities of life on a present day reservation from the arrival of European explorers to the experience of early settlers from the splendor of the vast and rolling grasslands to the devastation of the Dust Bowl Several essays look to the future and explore changes that would embolden the people of the Plains to continue to call home this place they have learned to value in spite of its persistent challenges The infinite variety of the Great Plains landscape and its people unfolds in works by writers as diverse as Willa Cather Loren Eiseley Louise Erdrich Ojibwe Diane Glancy Cherokee Langston Hughes Wes Jackson Garrison Keillor William Least Heat Moon Kathleen Norris Wright Morris Francis Parkman O E R Ivaag Mari Sandoz William Stafford Mark Twain Douglas Unger James Welch Blackfeet and Canadians Sharon Butala and Sinclair Ross From tribal histories to the impressions of travelers today from tales of isolation and nature's furious storms to accounts of efforts to build communities from flights of fancy to nuanced observations of the ecology of the grasslands this comprehensive volume provides a history of the intricate relationships of land and people in the Great Plains **Dictionary Catalog of the Department Library**

United States. Department of the Interior. Library,1969 *The World of the American West* Gordon Morris

Bakken,2010-10-04 The World of the American West is an innovative collection of original essays that brings the world of the American West to life and conveys the distinctiveness of this diverse constantly changing region Twenty scholars incorporate the freshest research in the field to take the history of the American West out of its timeworn Cowboys and Indians stereotype right up into the major issues being discussed today from water rights to the presence of the defense industry Other topics covered in this heavily illustrated highly accessible volume include the effects of leisure and tourism western women politics and politicians Native Americans in the twentieth century and of course oil With insight both informative and

unexpected The World of the American West offers perspectives on the latest developments affecting the modern American West providing essential reading for all scholars and students of the field so that they may better understand the vibrant history of this globally significant ever evolving region of North America

The Captivating World of E-book Books: A Thorough Guide Revealing the Advantages of E-book Books: A Realm of Ease and Versatility E-book books, with their inherent portability and ease of availability, have freed readers from the constraints of hardcopy books.
