Lexicon Gregorianum:

The Brill Dictionary of Gregory of Nyssa Lucas Francisco Mateo Seco, Giulio Maspero, 2010 The Brill Dictionary of Gregory of Nyssa is the fruit of wide ranging collaboration between experts in Philology Philosophy History and Theology These scholars shared the desire to develop a comprehensive reference work that would help attract more people to the study of the Father of Fathers and assist them in their work Gregory of Nyssa's thought is at once quintessentially classic and modern as it speaks directly to the contemporary reader As interest in Gregory has increased along with the number of works devoted to him the need for a comprehensive introduction and bibliographical reference work has arisen In order to meet this need more than forty scholars from various disciplines and perspectives have contributed to this work In two hundred articles the Brill Dictionary of Gregory of Nyssa provides a symphonic vision of the studies on Gregory of Nyssa and his thought Lexicon Gregorianum, Volume 10 Band X - Nomina Propria Friedhelm Mann, 2013-11 This text presents the results of more than 30 years of scholarly research by the Forschungsstelle Gregor von Nyssa It constitutes a comprehensive Greek German dictionary of the language used by Gregory of Nyssa Not just a simple word list the book documents Gregory's complete vocabulary taking account of the syntax meaning and connotations of every occurrence of a key word in his writings Contra Eunomium II Lenka Karfíková, Scott L. Douglass, Johannes Zachhuber, 2007-01-01 The volume offers a new English translation of the Second Book Against Eunomius by Gregory of Nyssa and a series of papers providing introduction and commentary on the text focusing on the theory of language and the problem of naming God **О Образѣ Чловѣка** Gregorius, 2009 Gregory of Nyssa's De hominis opificio a treatise on Genesis 1:26 is a key text for the understanding of Eastern Christian anthropology In the 14th century a Serb translated the 31 chapters of this opus from Greek The earliest dissemination of the text seems to have been restricted to Athos and the region of Montenegro Macedonia and Western Bulgaria The present volume contains a critical edition of the Slavonic text together with the Greek original an extensive commentary in which text critical linguistic and translation related issues are examined and a glossary with a considerable number of thesauristic **Lexicon Gregorianum**, 1991 **Gregory of Nyssa: Homilies on the Beatitudes** Hubertus Drobner, Albert Viciano, 2015-12-22 These proceedings present the first English translation of Gregory's Homilies on the Beatitudes by Stuart Hall accompanied by a thorough commentary by Anthony Meredith Andreas Spira Françoise Vinel Lucas Mateo Seco Thomas B. Helm Karl Heinz Uthemann Claudio Moreschini and Robert Wilken Eight more contributions by Monique Alexandre Peter Bruns Judith Kovacs Salvatore Lilla Friedhelm Mann Alden Mosshammer Elias Moutsoulas and Lucian Turcescu focus on further general and particular topics of the homilies as their eschatology the meaning of the word makarios in all of Gregory's works the notion of justice and Gregory's Theology of Adoption as well as their relationship to Syriac theology Clement of Alexandria Neoplatonism and Gregory's Homilies on the Song of Songs The third and fourth part add ten studies reflecting the present overall state of Gregorian research **Lexicon Gregorianum**,

Volume 4 Band IV ?-?. F. Mann,2002 *Gregory of Nyssa: Contra Eunomium I* Miguel Brugarolas,2018-08-07 The Contra Eunomium is probably Gregory of Nyssa's most challenging work with regards to his theological and philosophical thought and one that continues to draw the deeper attention of contemporary scholars This volume devoted to Contra Eunomium I constitutes in a certain way a new version of the Proceedings of the 6th International Colloquium on Gregory of Nyssa 1988 It offers a revised English translation of Contra Eunomium I by S G Hall accompanied by twenty two supporting studies from a broad range of philological philosophical and theological perspectives These studies include a selection of the most relevant papers of the 1988 Proceedings supplemented with new contributions that explore relevant issues developed by contemporary research

Gregory of Nyssa: In Canticum Canticorum Giulio Maspero,Miguel Brugarolas,Illaria Vigorelli,2018-08-07 Taken together Gregory of Nyssa's XV Homilies In Canticum Canticorum are at the same time as if in unison a work of spiritual exegetical and theological doctrine The wide spectrum of the themes present in them have prompted a great interest in this work not only among scholars of patristics or theology but also among those interested in biblical interpretation ancient rhetoric or Christian mystical doctrine These Proceedings present the results of the 13th International Colloquium on Gregory of Nyssa Rome 17-20 September 2014 a systematic commentary of Gregory's In Canticum from a broad perspective in the form of sixteen papers and a selection of fourteen short essays devoted to various issues that represent a valuable set of supporting studies Lexicon Gregorianum, Volume 5 Band V - F. Mann,2003

Dutch review of church history,2000 Gregory of Nyssa: The Minor Treatises on Trinitarian Theology and Apollinarism Volker Henning Dreier,Margitta Berghaus,2011-07-12 These proceedings present the results of the 11th International Colloquium on Gregory of Nyssa held in Tübingen in 2008 The Trinitarian thought of Gregory deserves special attention because of its importance for the ending of the Trinitarian controversy in the late fourth century paving the way for the widely accepted Trinitarian theology in the fifth century This volume which does not include Contra Eunomium offers a contribution to the research on Gregory's Trinitarian theology as it is present notably in his so called minor treatises It provides a German translation of Ad Eustathium Ad Graecos Ad Ablabium Ad Simplicium Adversus Macedonianos and De deitate filii Detailed analysis of each treatise is accompanied by supporting studies on related theological and philosophical themes followed by contributions which take into consideration the link between Gregory's Trinitarian thought and the christological question In illud tunc et ipse filius the anti Apollinarist works **Gregory of Nyssa and the Grasp of Faith** Martin S. Laird,2004 Scholars of Gregory of Nyssa have long acknowledged the centrality of faith in his theory of divine union To date however there has been no sustained examination of this key topic The present study fills this gap and elucidates important auxiliary themes that accrue to Gregory's notion of faith as a faculty of apophatic union with God The result adjusts how we understand the Cappadocian's apophaticism in general and his so called mysticism of darkness in particular After a general discussion of the increasing value of faith in late Neoplatonism and an overview of important work

done on Gregorian faith this study moves on to sketch a portrait of the mind and its dynamic varying cognitive states and how these respond to the divine pedagogy of scripture baptism and the presence of God With this portrait of the mind as a backdrop we see how Gregory values faith for its ability to unite with God who remains beyond the comprehending grasp of mind A close examination of the relationship between faith and mind shows Gregory bestowing on faith qualities which Plotinus would have granted only to the crest of the wave of intellect While Gregorian faith serves as the faculty of apophatic union with God faith yet gives something to mind This dimension of Gregory's apophaticism has gone largely unnoticed by scholars At the apex of an apophatic ascent faith unites with God the Word by virtue of this union the believer takes on the qualities of the Word who speaks logophasis in the deeds and discourse of the believer Finally this study redresses how Gregory has been identified with a mysticism of darkness and argues that he proposes no less a mysticism of light

Conceptualising Concepts in Greek Philosophy Gábor Betegh, Voula Tsouna, 2024-04-30 Concepts are basic features of rationality Debates surrounding them have been central to the study of philosophy in the medieval and modern periods as well as in the analytical and Continental traditions This book studies ancient Greek approaches to the various notions of concept exploring the early history of conceptual theory and its associated philosophical debates from the end of the archaic age to the end of antiquity When and how did the notion of concept emerge and evolve what questions were raised by ancient philosophers in the Greco Roman tradition about concepts and what were the theoretical presuppositions that made the emergence of a notion of concept possible The volume furthers our own contemporary understanding of the nature of concepts concept formation and concept use This title is part of the Flip it Open Programme and may also be available Open Access Check our website Cambridge Core for details

La restauration de la création Michele Cutino, Isabel Iribarren, Françoise Vinel, 2017-12-05 La restauration de la création se propose d'examiner le statut des animaux dans la pensée chrétienne ancienne et médiévale selon une perspective eschatologique centrée sur la question du salut des animaux dans le projet divin L'ouvrage est organisé en trois parties les sources bibliques notamment la promesse du renouvellement de la création dans Rm 8 21 les élaborations doctrinales dans la période patristique puis au Moyen âge enfin des réflexions contemporaines propos du statut des animaux dans nos sociétés Souvent absente du débat social propos des animaux la perspective historique chrétienne proposée dans ce volume se veut une contribution originale la réflexion actuelle sur le statut juridique et éthique des animaux La restauration de la création aims to examine the status of animals in ancient and medieval Christian thought following an eschatological perspective that is focusing on the question of the salvation of animals according to the divine plan The volume is articulated in three parts Biblical sources in particular the promise of the renewal of creation according to Rm 8 21 Patristic and medieval doctrinal elaborations on the question finally contemporary considerations regarding the status of animals in our societies Often absent from the current social debate on the subject the historical Christian perspective which this volume proposes is intended as an original contribution to today's ongoing

reflexion on the legal and ethical status of animals *Embodiment and Virtue in Gregory of Nyssa* Hans Boersma, 2013-03-01 Embodiment in the theology of Gregory of Nyssa is a much debated topic Hans Boersma argues that this worldly realities of time and space which include embodiment are not the focus of Gregory's theology Instead embodiment plays a distinctly subordinate role The key to his theology Boersma suggests is anagogy going upward in order to participate in the life of God This book looks at a variety of topics connected to embodiment in Gregory's thought time and space allegory gender sexuality and virginity death and mourning slavery homelessness and poverty and the church as the body of Christ In each instance Boersma maintains Gregory values embodiment only inasmuch as it enables us to go upward in the intellectual realm of the heavenly future Boersma suggests that for Gregory embodiment and virtue serve the anagogical pursuit of otherworldly realities Countering recent trends in scholarship that highlight Gregory's appreciation of the goodness of creation this book argues that Gregory looks at embodiment as a means for human beings to grow in virtue and so to participate in the divine life It is true that as a Christian thinker Gregory regards the creator creature distinction as basic But he also works with the distinction between spirit and matter And Nyssen is convinced that in the hereafter the categories of time and space will disappear while the human body will undergo an inconceivable transformation This book then serves as a reminder of the profoundly otherworldly cast of Gregory's theology *The Apostolic Age in Patristic Thought* Anthony Hilhorst, 2004-02-01 This volume deals with how Christians of the first centuries looked back on the period of the nascent Church Thanks to the incomparable stature of its founder Jesus Christ who had descended from heaven and commissioned his Apostles this period was authoritative for all Christians in matters of doctrine institutions rites and morality a new phenomenon in the Graeco Roman world Its implications are explored in sixteen essays dealing with various subjects such as liturgy the canon of Scriptures the role of miracles art monasticism and ministry All contributions taking into account both the views of individual Church fathers and Gnostic and Manichaean texts make a large amount of primary material available **The Studia Philonica Annual XXXIV, 2022** David T. Runia, Gregory E. Sterling, 2022-12-15 The Studia Philonica Annual is a scholarly journal devoted to the study of Hellenistic Judaism particularly the writings and thought of the Hellenistic Jewish writer Philo of Alexandria circa 15 BCE to circa 50 CE Gregory of Nyssa's Doctrinal Works Andrew Radde-Gallwitz, 2018-05-23 Gregory of Nyssa is firmly established in today's theological curriculum and is a major figure in the study of late antiquity Students encounter him in anthologies of primary sources in surveys of Christian history and perhaps in specialized courses on the doctrine of the Trinity eschatology asceticism or the like Gregory of Nyssa's Doctrinal Works presents a reading of the works in Gregory's corpus devoted to the dogmatic controversies of his day Andrew Radde-Gallwitz focuses as much on Gregory the writer as on Gregory the dogmatic theologian He sets both elements not only within the context of imperial legislation and church councils of Gregory's day but also within their proper religious context that is within the temporal rhythms of ritual and sacramental practice Gregory himself roots what we call Trinitarian theology

within the church's practice of baptism. In his dogmatic treatises where textbook accounts might lead one to expect much more on the metaphysics of substance or relation, one finds a great deal on baptismal grace in his sermons reflecting on the occasion of baptism tends to prompt Trinitarian questions. The Glory of the Spirit in Gregory of Nyssa's Adversus Macedonianos Piet Hein Hupsch, 2020-08-03. In his commentary on Gregory of Nyssa's Adversus Macedonianos, Piet Hein Hupsch highlights the carefully composed structure of this work and the important connection between its theological, rhetorical, and stylistic elements. In his capacity of arbiter fidei, which was bestowed upon him by the Council of Constantinople in 381, Bishop Gregory wrote this circular letter in the form of a counteraccusation against the Pneumatomachi, developing his Trinitarian theology of adoration in which the Spirit occupies a central role. In a systematic theological synthesis of this work, Hupsch shows how the Spirit draws baptised human beings and human language into the relatio of the three divine persons, the dynamic circle of divine glory of which the Spirit is the personification.
