Elles Bilingual Anthology:

Elles Martin Sorrell, 1995 *Elles* introduces English speaking readers to some of the best French poetry published by women over the last twenty years Each poet introduces herself with an essay on her conception of poetry and her own position as writer *Collected Poems* Arthur Rimbaud, 2009-02-26 This bilingual edition provides all of Rimbaud's poems with the exception of his Latin verses and some small fragments It also includes some of his prose pieces chosen because they offer a commentary on his poetic concerns *Selected Poems* Paul Verlaine, 2009-02-26 Verlaine possessed by the madnesses of love brimming over with desires and prayers the rebel railing against the complacent platitudes of society of love of language Jean Rousselot Verlaine ranks alongside Baudelaire Mallarmé and Rimbaud as one of the most outstanding poets of late nineteenth century France whose work is associated with the early Symbolists the Decadents and the Parnassians Remarkable not only for his delicacy and exquisitely crafted verse Verlaine is also the poet of strong emotions and appetites with an unrivalled gift for the sheer music of poetry and an inventive approach to its technique This bilingual edition provides the most comprehensive selection of his poetry yet offering some 170 poems in lively and fresh translations and providing a lucid introduction which illuminates Verlaine's poetic form within the context of French Impressionism and the poetry of sensation Parallel text ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more *On Translating French Literature and Film* Geoffrey T. Harris, 2025-02-10 This volume is of particular relevance to literary and filmic translators to translation theorists and to anyone with an interest in translation as an art Throughout the majority of essays in the volume translation is projected as a complex creative task and not as an exercise in simply re encoding the meaning of a source text The received superiority of the original is ultimately questioned here The customary binary divide between original and translation or copy and between author and translator is forcefully challenged as cinematic and literary translation is presented as an essentially creative process Whether highlighting specific author related problems or whether focusing on the broader issues of the ethics of translation of cultural transmissibility or of obsolescence the general thrust of these essays seeks to demonstrate the authorial credentials of the translator Despite the cogent counter arguments advanced by a minority of the contributors the dominant discourse here is one which replaces the stereotypical virtually anonymous translator with a high profile creative figure **Contemporary French Poetics** Michael Bishop, Christopher Elson, 2002 This book finds its origin partly in the International Colloquium on French and Francophone Literature in the 1990s at Dalhousie University September 1998 number of the papers since reworked take their place here alongside other studies subsequently invited They form a broad and varying set of cogent and pertinent appraisals of very recent French

and francophone poetic practice and its shifting becoming conceptual underpinnings **French Women Poets of Nine Centuries** Norman R. Shapiro, 2008-09-22 Original texts and translations are presented on facing pages allowing readers to appreciate the vigor and variety of the French and the fidelity of the English versions Divided into three chronological sections spanning the Middle Ages through the sixteenth century the seventeenth and eighteenth centuries and the nineteenth and twentieth centuries the volume includes introductory essays by noted scholars of each era s poetry along with biographical sketches and bibliographical references for each poet BOOK JACKET *Genius Envy* Adrianna M. Paliyenko, 2017-01-03 In *Genius Envy* Adrianna M Paliyenko uncovers a forgotten history the multiplicity and diversity of nineteenth century French women s poetic voices Conservative critics of the time attributed the phenomenon of genius to masculinity and dismissed the work of female authors as feminine literature Despite the efforts of leading thinkers critics and literary historians to erase women from the pages of literary history Paliyenko shows how these female poets invigorated the debate about the origins of genius and garnered considerable recognition in their time for their creativity and bold aesthetic ideas This fresh account of French women poets contributions to literature probes the history of their critical reception The result is an encounter with the texts of celebrated writers such as Marceline Desbordes Valmore Ana s S galas Malvina Blanchecotte Louisa Siefert and Louise Ackermann Glimpses at the different stages of each poet s career show that these women explicitly challenged the notion of genius as gender specific thus advocating for their rightful place in the canon A prodigious contribution to studies of nineteenth century French poetry Paliyenko s book reexamines the reception of poetry by women within and beyond its original context This balanced and comprehensive treatment of their work uncovers the multiple ways in which women poets sought to define their place in history [On Translating French Literature and Film II](#), 2021-07-19 *The Yale Anthology of Twentieth-century French Poetry* Mary Ann Caws, 2004-01-01 An influential social thinker the late Richard Harvey Brown was professor of sociology at the University of Maryland and the author of *Toward a Democratic Science Scientific Narration and Civic Communication* published by Yale University Press *Women's writing in contemporary France* Gill Rye, Michael Worton, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license The 1990s witnessed an explosion in women s writing in France with a particularly exciting new generation of writer s coming to the fore such as Christine Angot Marie Darrieussecq and Regine Detambel Other authors such as Paule Constant Sylvie Germain Marie Redonnet and Leila Sebbar who had begun publishing in the 1980s claimed their mainstream status in the 1990s with new texts The book provides an up to date introduction to an analysis of new women s writing in contemporary France including both new writers of the 1990s and their more established counter parts The editors incisive introduction situates these authors and their texts at the centre of the current trends and issues concerning French literary production today whilst fifteen original essays focus on individual writers The volume includes specialist bibliographies on each writer incorporating English translations major interviews and key critical studies

Beyond Écriture Féminine Cathy Helen Wardle, 2007 Beyond Écriture féminine is the first book to be published exploring the work of the contemporary French author Jeanne Hyvrard 1945 from her early novels of the 1970s up to some of her most recent texts Moving critical accounts of Hyvrard beyond a focus upon écriture féminine it identifies the patterns through which her writing repeats and transforms creation mythology her own oeuvre and her own life examining how intertextual repetitions bind her work together into a complex and ever expanding web of allusions and resonances which engages the reader in a process of constant re-interpretation challenging notions of linearity and reflecting the chaotic reality of life in the Hyvrardian world

BOOK JACKET *Envie de génie* Adrianna M. Paliyenko, 2020-10-15 L'histoire littéraire a-t-elle centré sur les hommes au détriment d'un nombre considérable d'œuvres de femmes Certaines d'entre elles ont été cependant reconnues mais leur travail réduit la seule expression de leur féminité L'ambition de cet ouvrage est de montrer que ces femmes poètes ont réfléchi la nature de l'acte poétique contestant la façon dont le masculin était devenu le maître-talon de l'originalité

Jeanne Hyvrard Jennifer R. Waelti-Walters, 1996 This critical introduction for the first time brings the work of the French theorist Jeanne Hyvrard to the English speaking world Hyvrard by training a political economist combines chaos theory personal history and political analysis to address the condition and future of the post colonial world Original incisive and committed to new ways of thinking Hyvrard's work confronts the profound questions of our time language the body women's resistance to physical and psychological oppression colonialism ecology and technology madness and illness birth and death and mother daughter relations Much of Hyvrard's writing like that of other French feminist writers is semi-fictional Like Hélène Cixous Hyvrard has been described as a proponent of écriture féminine but as Jennifer Waelti Walters shows by setting Hyvrard's work in a range of contexts Hyvrard makes her own distinctive contribution to western

intellectual thought by working out from the female body to global politics economics and environmental issues BOOK
JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Jeanne Hyvrard, Wounded Witness** Helen Vassallo,2007 Critical responses to Jeanne Hyvrard have generally categorised her as a writer of critique of femininity and or autobiography due to salient features of her oeuvre such as the use of first person narrative a cyclic writing style and the quest for a female language Within these broader considerations however a recurrent motif throughout Hyvrard's writing is that of the body specifically the female body represented as suffering from different forms of physical mental illness and emotional social malaise It is this primordial aspect of Hyvrard's work on which surprisingly little critical analysis has been written that this monograph explores It has been demonstrated that Hyvrard's works can be studied as a unity as well as individually given that all of her texts form part of her wider theory While this theory is often referred to in abstract terms as *pens e ronde pens e globale* or *pens e femme* this study shows that it can be more specifically highlighted as a theory of dis ease i e the intertwining of physical malady and social malaise medical terms and metaphor and particularly as a social theory of the diseased female body *Encyclopedia of African Literature* Simon Gikandi,2003-09-02 The most comprehensive reference work on African literature to date this book contains over 600 entries that cover criticism and theory its development as a field of scholarship and studies of established and lesser known writers
