Elmer Gantry 1st Edition:

Elmer Gantry Sinclair Lewis, 2023-01-01T20:36:53Z Elmer Gantry isn't suited to be a lawyer so he becomes a preacher instead. Although he experiences a variety of failures and even more successes, Gantry ultimately finds this new career path suits him very well indeed despite his drinking and womanizing. Throughout his time as a preacher, Gantry progresses through the hierarchies of the Baptist and Methodist churches, dabbles in revivalism and New Thought, and even experiments with politics, all the while emerging from scandals relatively unscathed and ready to move onward and upward once again. Sinclair Lewis published the satirical *Elmer Gantry* in 1927 much to the dismay of the religious community. It was denounced from the pulpit, banned by many, and even engendered threats of violence. Despite this, or perhaps because of it, it went on to become a massive success and the best-selling novel of that year. One of the most savage satirical assaults against institutionalized religion and its hypocrisy in American literature, *Elmer Gantry* continues to be a window into a particularly important aspect of American history. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

The Official Price Guide to Collecting Books Marie Tedford, Pat Goudey, 2008. The antiquarian's reference to old books features thousands of listings, including hundreds of new titles, a new Internet buying guide, a complete glossary of book collecting terms, research resources, information on dealers, and advice on buying, selling, and maintaining fragile acquisitions. Original.

Elmer Gantry Sinclair Lewis, 2024-03-18. In *Elmer Gantry*, Sinclair Lewis crafts a riveting tale of ambition, hypocrisy, and moral conflict, following the charismatic yet unscrupulous Elmer Gantry as he rises to power within the American religious landscape. Set against the backdrop of early 20th-century America, this provocative narrative explores themes of faith, corruption, and the seductive allure of power. Lewis's incisive critique of religious institutions and the individuals who exploit them remains strikingly relevant today, prompting readers to question the integrity of those who wield influence over public morality. With sharp wit and unflinching honesty, *Elmer Gantry* challenges us to reflect on the complexities of human nature and the enduring struggle between genuine belief and self-serving deception.
