The Betrayal of Witness Stanley Hauerwas, Hans S. Reinders, 2024-04-16 The downfall of Jean Vanier due to the history of sexual abuse that came to light in 2020 has shocked everyone familiar with his life and work as the founder and leader of L'Arche The authors in this book raise significant questions regarding his influential legacy and its relevance for theology and disability and for L'Arche in particular Without any attempt to whitewash or downplay the seriousness of his transgressions the question cannot be avoided to sort out the good and the bad in Vanier It requires soul searching on the part of his theological heirs and those who have been influenced by him Finally his work with and influence upon L'Arche raises the question of sustainability and how its communities might or might not be shaped by his tarnished legacy

The Heart Has Its Reasons Beata Toth, 2016-05-26 *The Heart Has Its Reasons*

explores a hitherto neglected area of theological anthropology the unity of human emotion and reason embodied in the Biblical concept of the heart While the theological contours of human rationality have long been clearly drawn and presented as the exclusive seat of the image of God affectivity has been relegated to a secondary position With the reintegration of the body into recent philosophical and theological discourses a number of questions have arisen if the image also resides in the body how does this change one's view of the theological significance of human affect In what way is our likeness to God realised in the whole of what we are Can one overcome the traditional dissociation between intellect and affect by a renewed theory of love In conversation with patristic and medieval authors like Irenaeus Tertullian Gregory of Nyssa Maximus and Thomas Aquinas and in dialogue with more recent interlocutors such as Blaise Pascal Ricoeur Marion Milbank and John Paul II Beata Toth pursues a novel theological vision of the essential unity of our humanity *In Justice* Ann-Cathrin Jarl, The surprisingly vehement demonstrations at recent meetings of international monetary organizations have alerted people to the dangers of new global economic arrangements Are there any fundamental standards within economic theory How can economies and economic proposals best be measured What does economic justice mean today Spurred especially by the situation of women in the global household Ann Cathrin Jarl in this considerable contribution focuses on promising work in feminist economics and feminist ethics Jarl articulates feminist critiques of neoclassical economic theory objectivity in economics and current understandings of rights equality and power She derives an alternative social theory from feminist ethics and she lands on provision for basic human needs as the benchmark of economic justice In her final chapters Jarl offers a theory of economic justice aimed at strengthening the global household and bringing the claims of justice to the world of markets *Pastoral Care* Dr. Karen D. Scheib, 2016-02-16 Christian pastoral care is a narrative ecclesial theological practice NET As a narrative practice pastoral care attends to the inseparable interconnection between our own lifestories others stories the larger cultural stories and God's story As a ministry of the church pastoral care is an ecclesial practice that derives its motivation purpose and identity from the larger mission of the church to bear witness to and embody God's mission of love that extends beyond the church for the transformation of the world As a theological practice pastoral care is grounded in God's love story God's profound love for humankind heals our brokenness when human love fails and invites us into an ongoing process of growth in love of God self and neighbor Intended for those who provide care with and on behalf of religious communities author Karen Scheib focuses on listening and restorying practices occurring in the context and setting of congregations By coauthoring narratives that promote healing and growth in love pastoral caregivers become cocreators and companions who help others revise and construct life stories reshaped by the grace of God What Karen Scheib has done in this book is to reposition pastoral care as a theological activity performed in the context of the church She draws deeply upon her Wesleyan theological heritage upon an understanding of life in its fullness as growth in love and grace and upon a communion ecclesiology undergirded by a communal understanding of the Trinitarian life of God Thus grounded she

envision pastoral care first as a rhythm of the life of the whole church and secondarily as a work of trained pastors. In her vision, pastoral care is rescued from a narrow understanding of it as exceptional acts of intervention performed only in moments of dire crisis. Instead, it becomes a daily practice of pastoral care: attending in love to the stories of others and listening for ways God is already present in a life story. Solidly theological, grounded in the life of the church and eminently teachable, Karen Scheib has given us a great gift in this book.

Foreword Thomas G. Long, Bandy Professor of Preaching, Emeritus, Candler School of Theology, Emory University, Atlanta, GA. In a wonderfully engaging, reflective, and useful way, Karen Scheib captures something absolutely essential to pastoral care and yet often overlooked: the utter centrality of storytelling, listening, the power of stories to heal, and their vital connection to bigger stories told within religious communities. This book is a real milestone, reclaiming the importance of narrative, knowing, and grounding care not only in community but also within a comprehensive theological framework.

Bonnie J. Miller-McLemore, E. Rhodes and Leona B. Carpenter Professor of Religion, Psychology, and Culture, The Divinity School and Graduate Department of Religion, Vanderbilt University Divinity School, Nashville, TN. Implementing narrative, personality, and therapy theories and anchored in ecclesiology and Wesleyan theology, NET: Karen Scheib's book advances a long-awaited and holistic approach to pastoral care. Her NET approach presents the embodiment of pastoral care by emphasizing both narrative and paradigmatic knowing, proposes the subjectivity of our stories in pastoral care by pointing out the interchangeability between us and our stories as subject and object, and underscores the dynamic process of pastoral care through the interconnection of the storyteller, listener, and context. Scheib's image of story companion contributes to the field as a new paradigm of pastoral care and promises to be a significant resource in generating hope and growth in love for both pastoral caregiver and receiver.

Angella Son, Associate Professor, Drew University, Madison, NJ. Pastoral theologian, Scheib describes a narrative, ecclesial, and theological approach for listening to people's life stories in such a way as to engender spiritual formation and growth in love. Scheib clarifies the connections between caring conversations and Christian theology. Clear and accessible prose, as well as helpful exercises and discussion starters, make this a fine teaching text.

The Christian Century, Sept. 29, 2016. [Marriage and Sacrament](#) Michael G. Lawler, 2017-06-15. At a time in human history when women and men are more concerned about interpersonal relationships and when there is an extensive questioning of the specific relationship between a woman and a man in marriage, *Marriage and Sacrament* offers an understanding of how to live out the Christ meaning and Church meaning of that relationship so that by living martially and sacramentally, couples can reveal to the world and to the Church the deeper meaning of all human love. The book examines the relationship among love, marriage, and sacrament; it examines the meanings of the sacrament of marriage, its biblical basis, its history, and what happens when it comes to an end; it examines sexual love, indissoluble love, fruitful love, and ecumenical love in relationship to both marriage and sacrament. *Marriage and Sacrament* is an indispensable resource for pastoral ministers and ministry students as well as all who contemplate or are now partners in marriage.

Theologies of Failure Robert Sirvent, Duncan B. Reyburn, 2020-01-01 What does failure mean for theology In the Bible we find some unsettling answers to this question We find lastness usurping firstness and foolishness undoing wisdom We discover too a weakness more potent than strength and a loss of life that is essential to finding life Jesus himself offers an array of paradoxes and puzzles through his life and teachings He even submits himself to humiliation and death to show the cosmos the true meaning of victory As David Bentley Hart observes most of us would find Christians truly cast in the New Testament mold fairly obnoxious civically reprobate ideologically unsound economically destructive politically irresponsible socially discreditable and really just a bit indecent By incorporating the work of scholars working with a range of frameworks within the Christian tradition *Theologies of Failure* aims to offer a unique and important contribution on understanding and embracing failure as a pivotal theological category As the various contributors highlight it is a category with a powerful capacity for illuminating our theological concerns and perspectives It is a category that frees us to see old ideas in a brand new light and helps to foster an awareness of ideas that certain modes of analysis may have obscured from our vision In short this book invites readers to consider how both theology and failure can help us ask new questions discover new possibilities and refuse the ways of the world
