Embracing Diversity:

Embracing Diversity Darrell Jodock, William Nelsen, 2021-11-09 Throughout its history America has been confronted with two alternative views of its identity Is it according to one argument a deeply Christian nation called to purity and uniformity in the face of a challenging world Or is it according to the other argument a beacon of hope and openness a land in which a variety of people can work side by side in justice and for a common good In this timely and needed book the authors challenge readers especially readers in Christian communities to step up to the promise of an America that works for the good of everyone who calls this nation home Certainly part of that challenge is recognizing where America has failed and the authors do not step back from that challenge But a tone of hope prevails throughout as a gracious and compelling case is made that America's better angels exist and can motivate us to create a more just society **Equality, Diversity and Discrimination** Kathy Daniels, Lynda Macdonald, 2005 Designed for the students taking modules in Equality and Diversity including those taking the CIPD specialist elective Managing Diversity and Equal Opportunities module this text offers a mixture of a practical focus and an academic approach to create a balance of theory and practice *The Formative Five* Thomas R. Hoerr, 2016-11-16 For success in school and life students need more than proficiency in academic subjects and good scores on tests those goals should form the floor not the ceiling of their education To truly thrive students need to develop attributes that aren't typically measured on standardized tests In this lively engaging book by veteran school leader Thomas R. Hoerr educators will learn how to foster the Formative Five success skills that today's students need including Empathy learning to see the world through others' perspectives Self control cultivating the abilities to focus and delay self gratification Integrity recognizing right from wrong and practicing ethical behavior Embracing diversity recognizing and appreciating human differences Grit persevering in the face of challenge When educators engage students in understanding and developing these five skills they change mindsets and raise expectations for student learning As an added benefit they see significant improvements in school and classroom culture With specific suggestions and strategies *The Formative Five* will help teachers principals and anyone else who has a stake in education prepare their students and themselves for a future in which the only constant will be change **Embracing Diversity** Charles R.
