Mining the Digital Information Networks N. Lavesson, P. Linde, P. Polydoratou, 2013-07-10 Electronic publishing is continuously changing new technologies open new ways for individuals scholars communities and networks to establish contacts exchange data produce information and share knowledge on a variety of devices from personal computers to mobile media There is an urgent need to rethink electronic publishing in order to develop and use new communication paradigms and technologies and to devise a truly digital format for the future This book presents the conference proceedings of the ELPUB 2013 conference held in Karlskrona Sweden in June 2013 The main theme of the conference is extracting and processing data from the vast wealth of digital publishing and the ways to use and reuse this information in innovative social contexts in a sustainable way The conference brings together researchers and practitioners to discuss data mining digital publishing and social networks along with their implications for scholarly communication information services e learning e businesses the cultural heritage sector and other areas where electronic publishing is imperative The book is divided into three sections full research articles full professional articles and extended abstracts Each section is further subdivided into Data Mining and Intelligent Computing Publishing and Access and Social Computing and Practices Focusing on key issues surrounding the development of methods for gathering and processing information and on the means for making these data useful and accessible this book will be of interest to the whole digital community

New Information Technologies and Libraries H. Liebaers, W.J. Haas, W.E. Biervliet, 2013-06-29 The nucleus of this volume consists of a number of papers presented at the Advanced Research Workshop on liThe Impact of New Information Technologies on Library Management Resources and Cooperation held in Luxembourg fran 19 23 November 1984 The oorkshop was a joint effort of four international organisations The Scientific Affairs Division of the North Atlantic Treaty Organization through a personal canmitment and interest expressed by Dr H Durand Assistant Secretary

General for Scientific Affairs was the first and major sponsor acting as a catalyst in enabling the Workshop to take place. Through its support for travel and subsistence costs of some of the North American participants the Workshop could become a platform for the exchange of ideas between parties concerned with information handling and transmission and information policy in Western Europe and North America. The Directorate General for Information Market and Innovation of the Commission of the European Communities hosted the Workshop in its facilities the Jean Monnet Building in Luxembourg also providing for simultaneous translation in the main languages of the European Community. Moreover the Commission generously funded the participation of key participants from Community countries and provided participants with ample information on existing Community programmes related to electronic publications, electronic transmission of documents, copyright problems, problems of standards, telecommunication and so on. The Council of Europe supported attendance from Sweden, Austria and Spain. And lastly the European Cultural Foundation organised the event on behalf of all these organisations.

Euro-Librarianship Assunta Pisani, 2018-10-24 Euro Librarianship focuses on strategies for working toward cooperation between libraries throughout Europe and the United States to provide the best access and information to research materials as possible. Chapters by several authors in their original languages with English abstracts give this book a unique international appeal. Common difficulties such as fiscal constraints and rising book and serial prices are discussed. Stressing enhanced communication and shared responsibilities, this new volume helps bring libraries of all countries closer to the resource sharing capabilities that allow scholars and researchers much wider access to information than is available today. In this timely new book many of the papers that were presented at the Second Western European Specialists WESS International Conference are brought together to be read and studied by everyone. **Library automation and networking - New tools for a new identity / L'automatisation et les réseaux de bibliothèques - de nouveaux outils pour une identité nouvelle** Herman Liebaers, 1990, Bruxelles > European Conference on Library Automation and Networking, 2017-07-24 No detailed description available for Library automation and networking. Exploring Digital Libraries Karen Calhoun, 2014-01-01 A landmark textbook on digital libraries for LIS students, educators and practising information professionals throughout the world. Exploring Digital Libraries is a highly readable, thought provoking, authoritative and in depth treatment of the digital library arena that provides an up to date overview of the progress, nature and future impact of digital libraries from their collections and technology centred foundations over two decades ago to their emergent community centred engagement with the social web. This essential textbook brings students and working librarians up to date on the progress, nature and impact of digital libraries, bridging the gap since the publication of the best known digital library texts. Frames digital library research and practice in the context of the social web and makes the case for moving beyond collections to a new emphasis on libraries' value to their communities. Introduces several new frameworks and novel

syntheses that elucidate digital library themes suggest strategic directions and break new ground in the digital library literature Calls a good deal of attention to digital library research but is written from the perspective of strategy and in depth experience Provides a global perspective and integrates material from many sources in one place the chapters on open repositories and hybrid libraries draw together past present and prospective work in a way that is unique in the literature Readership Exploring Digital Libraries suits the needs of a range of readers from working librarians and library leaders to LIS students and educators or anyone who wants a highly readable and thought provoking overview of the field and its importance to the future of libraries

European Book Cultures Stephanie Kurschus,2014-11-28 Stephanie Kurschus analyses the idea of a common European book culture that integrates the book market as an essential aspect and employs book promotion as balancing instrument Characteristics of book culture are identified the resultant concept of book culture provides an overview of the values and myths ascribed to the book Furthermore applied book promotion measures are analyzed for their effectiveness and best practice models Since in a context determined by culture and market preservation and innovation book promotion fulfills two functions it is to protect the unique national characteristics of book culture as well as to support its continuous development To adapt and to advance within a changing environment is critical to the survival of book culture in the digital reality
