Euthanasia Opposing Viewpoints:

Euthanasia James D. Torr, 2000 In 1997 the Supreme Court ruled that states may legalize physician assisted suicide and this form of euthanasia is now legal in Oregon The authors in this anthology which replaces Greenhaven's 1995 edition examine mercy killing and assisted suicide **Euthanasia**, 1989 **Opposing Viewpoints Sources** Bruno Leone, David L. Bender, 1984 The Right to Die Alan Meisel, Kathy L. Cerminara, Thaddeus M. Pope, 2004-01-01 The Right to Die Third Edition analyzes the statutory and case law **The Right to Die** Anne Wallace Sharp, Robert Taylor, 2009-04-03 Doctor assisted suicide is legal in Oregon Washington Colorado California Washington D C and Vermont As of January 2016 991 patients have died by taking legally backed drugs under supervision in Oregon according to CNN This timely edition examines issues surrounding the right to die The book takes a critical look at topics such as euthanasia assisted suicide the refusal of medical treatment and life sustaining treatment Contemporary Moral Issues Lawrence M. Hinman, 2016-07-01 Contemporary Moral Issues is an anthology that provides a selection of readings on contemporary social issues revolving around three general themes Matters of Life and Death Matters of Equality and Diversity and Expanding the Circle which includes duties beyond borders living together with animals and environmental ethics The text contains a number of distinctive high profile readings and powerful narratives including Jonathan Foer's Eating Animals Eva Feder Kittay's On the Ethics of Selective Abortion for Disability and Susan M Wolf's Confronting Assisted Suicide and Euthanasia My Father's Death Each set of readings is accompanied by an extensive introduction a bibliographical essay pre reading questions and discussion questions **Supporting Crisis Survivors** Everton I. Anderson, 2013-07-22 CHAPTER ONE CRISIS AND TRAUMAS V PRESENT EVERYWHERE What are the Distinguishing Traits of a Crisis Research has shown that the Chinese word for crisis involves two characters one means danger and the other means opportunity One psychologist summarized the peculiarities in this manner A crisis is a turning point that usually cannot be avoided They are filled with danger because they disrupt life and threaten to overwhelm the people who are affected Furthermore a crisis also presents people with the opportunity to change grow and develop better ways of coping Since people in crisis often feel confused and helpless they tend to be more open to receive outside help including the help that comes from rescue workers from counselors and from God CHAPTER TWO THE MULTIFARIOUS ELEMENTS OF LOSS Increasing Number of Loss Individuals seem to cope with losses better when they are occasional Yet after the age of 50 or 60 they pass into a period of increasing number of losses Still grieving from the previous loss it is ever so hard to make sense of the current one Furthermore if one had never learnt to deal effectively or contend with occasional losses then it is inevitable having several will be catastrophic Equally important is that each type of loss brings its own kind of suffering and reaction CHAPTER THREE PURPOSE OF CRISIS COUNSELING When a visit is made if the crisis counselor does not have an objective the appointment will be unsuccessful Therefore the underlining purpose of crisis counseling is to support the hurting and not to encourage the avoidance of reality This means

the counselor advises individuals in crisis to admit the crisis express grief normally and arrive at a healthy resolution

CHAPTER FOUR THE CRISIS OF DEATH AND DYING Although human suffering in multiple dimensions is a factor of life which causes great pain and human anguish it must not be used as a reason for justifying the direct taking of human life K God must always be understood as the Creator and Sustainer of life It was Norman St John Stevas who articulated this view skillfully The value of human life for the Christian in the first century A D as today rested not on its development of superior sentience but on the unique character of the union of a body and soul both destined for eternal life The right to life thus has a philosophical foundation K Respect for the lives of others because of their eternal destiny is the essence of the Christian teaching

CHAPTER FIVE COMFORTING THE SUICIDAL AND VICTIMS FAMILY The following are invaluable principles that are crucial to the helpline counseling methods

The Suicidal X Activity The person needs to feel that something is being done for him or her right now This solemn promise or guarantee can alleviate his or her anxiety X Involvement of others If the caller realizes that others are now involved and caring for him or her the person will be more apt to feel the care and concern and will more likely respond

The Family Counselors friends and family members alike feel guilt extreme displeasure and self blame because the death was not averted However ultimately responsibility for suicide rests with the victim who was unable or unwilling to cope with the pressures of life

Ways to support Promise to visit the mortuary and advise family members to do the same If possible accompany the grief stricken relatives knowing that the initial shock and denial could be overwhelming X Resist the phrase It was an accident a terrible accident Some may think this is helpful but its more of an expression of ones own anxiety X Do not pass judgment But he or she was up all night drinking They did not understand what they were doing It is not helpful or necessary to give reasons for the suicide X The date on which the suicide took place
