S. Eliot and James Joyce within the rich context of non-modernist writings across all major genres allowing high literary art to be read against the background of low entertainment Looking well beyond the modernist vanguard Baldick highlights the survival and renewal of realist traditions in these decades of post-Victorian disillusionment Ranging widely across psychological novels, war poems, detective stories, satires and children's books The Modern Movement provides a unique survey of the literature of this turbulent time

The Modern Movement Chris Baldick, 2004 A major new survey of literature in England during the first half of the twentieth century Chris Baldick places modernist with non-modernist writings high art with low entertainment The Modern Movement ranges broadly covering psychological novels, war poems, detective stories, satires, children's books and other literary forms evolving in response to the new anxieties and exhilarations of twentieth century life **Reference Works in British and American Literature** James K. DeCoste, 2016-03-09 Arguing against the critical commonplace that Evelyn Waugh's post-war fiction represents a decline in his powers as a writer D. Marcel DeCoste offers detailed analyses of Waugh's major works from *Brideshead Revisited* to *Unconditional Surrender* Rather than representing an ill-advised departure from his true calling as an iconoclastic satirist DeCoste suggests these novels form a cohesive artful whole precisely as they explore the extent to which the writer's and the Catholic's vocations can coincide For all their generic and stylistic diversity these novels pursue a new sustained exploration of Waugh's art and faith both As DeCoste shows Waugh offers in his later works an under-remarked meditation on the dangers of a too avid devotion to art in the context of modern secularism forging in the second half of his career a literary achievement that both narrates and enacts a contrary and Catholic literary vocation *Encyclopedia of Contemporary Christian Fiction* Nancy M. Tischler, 2009-09-10 A biographical encyclopedia of American and British Christian-themed writers from World War II to the present covering acclaimed literary works and popular evangelical fiction *Encyclopedia of Contemporary Christian Fiction* From C. S. Lewis to *Left Behind* spans the entire breadth of Christian-themed British and American writing from World War II to the present well-known and less familiar authors, acclaimed literary novels and popular writing in a variety of genres, mysteries, thrillers, romances, works that explore matters of faith, works that challenge orthodoxy and church practices and works wholly written by and for devout evangelicals *Encyclopedia of Contemporary*

Christian Fiction offers 90 alphabetically organized entries covering the field's most important writers. Each entry includes a brief biography, religious and educational background, a survey of major works and themes, and a summary of critical response as well as a bibliography of major works and criticism. By examining evocative, sometimes overlooked Christian elements in modern fiction and by exploring the depth and scope of popular evangelical fiction, *Encyclopedia of Contemporary Christian Fiction* offers the richest, most complete portrait of the role of faith in modern English writing ever published.
