of the best known and most accomplished jazz stars of our time Much has been written about Armstrong but the majority of it focuses on the early and middle stages of his career During the last third of his career Armstrong was often dismissed as a buffoonish if popular entertainer Riccardi shows us instead the inventiveness and depth of his music during this time These are the years of his highest charting hits including Mack the Knife and Hello Dolly the famed collaborations with Ella Fitzgerald and Duke Ellington and his legendary recordings with the All Stars An eminently readable and insightful book What a Wonderful World completes and enlarges our understanding of one of America s greatest and most beloved musical icons The F-Word Jesse Sheidlower,2024-11-04 A masterfully updated edition of The F Word which renders a

comprehensive portrait of English's most notorious and colorful word. No word has generated more uses, more creative euphemisms and more strong opinions than fuck. Jesse Sheidlower's historical dictionary, now in print for over 25 years, charts the uses of fuck and its many permutations from absofuckinglutely to zipless fuck. It illustrates every sense of every entry with quotations from the earliest that can be found to a recent example showing exactly how the word has been used throughout history. This new edition is not just a minor update but a comprehensive revision of Sheidlower's groundbreaking text for the internet age. Major new discoveries push back the known history of fuck by almost two hundred years. Sheidlower also considers rapidly changing attitudes towards the use of fuck in public discourse. The volume includes over 1,000 new quotations, over 100 antedatings, earlier examples of existing entries, improving our understanding of the word's development, and many dozens of new entries, including high-profile recent uses such as AF, as fuck, fuckboi, and the group of expressions of the sort to give no fucks or zero fucks given.

**Stars Go Blue** Laura Pritchett, 2014-05-19 Laura Pritchett is an award-winning author who has quickly become one of the West's defining literary voices. We first met *Hardscrabble Ranchers* Renny and Ben Cross in Laura's debut collection, and now in *Stars Go Blue* they are estranged elderly spouses living on opposite ends of their sprawling ranch, faced with the particular decline of a fading farm and Ben's struggle with Alzheimer's disease. He is just on the cusp of dementia, able to recognize he is sick but unable to do anything about it; the notes he leaves in his pockets and around the house to remind him of himself, his family, and his responsibilities are no longer as helpful as they used to be. Watching his estranged wife forced into care-taking and brought to her breaking point, Ben decides to leave his life with whatever dignity and grace remains. As Ben makes his decision, a new horrible truth comes to light: Ray, the abusive husband of their late daughter, is being released from prison early. This opens old wounds in Ben, his wife, his surviving daughter, and four grandchildren. Branded with a need for justice, Ben must act before his mind leaves him and sets off during a brutal snowstorm to confront the man who murdered his daughter. Renny, realizing he is missing, sets off to either stop or witness her husband's act of vengeance. *Stars Go Blue* is a triumphant novel of the American family, buffered by the workings of a ranch and the music offered by the landscape and animal life upon it.
