

ALEXANDER
HERZEN

**FROM THE OTHER SHORE
& THE RUSSIAN PEOPLE
AND SOCIALISM**

with an introduction by Isaiah Berlin

From The Other Shore

Matthew E. Lenoe

From The Other Shore:

From the Other Shore John Slatter, 2012-11-12 Published in 1984 From the Other Shore is a valuable contribution to the field of History Views from the Other Shore Aileen Kelly, 1999 She shows how the view of freedom that Herzen shared with Chekhov and Bakhtin provides an antidote both to traditional absolutes and to the boundless relativism of much postmodern theory As such it offers an answer to the question now besetting intellectuals in Russia and the West how to ground morality after the collapse of ideological certainties Jacket **The Kirov Murder and Soviet History** Matthew E. Lenoe, 2010-05-25 Drawing on hundreds of newly available top secret KGB and party Central Committee documents historian Matthew E Lenoe reexamines the 1934 assassination of Leningrad party chief Sergei Kirov Joseph Stalin used the killing as the pretext to unleash the Great Terror that decimated the Communist elite in 1937 1938 these previously unavailable documents raise new questions about whether Stalin himself ordered the murder a subject of speculation since 1938 The book includes translations of 125 documents from the various investigations of the Kirov murder allowing readers to reach their own conclusions about Stalin s involvement in the assassination **The French Connections of Jacques Derrida** Julian Wolfreys, John Brannigan, Ruth Robbins, 1999-04-01 The French Connections of Jacques Derrida offers stimulating and accessible essays that address for the first time the issue of Derrida s relation to French poetics writing thought and culture In addition to offering considerations of Derrida through studies of such significant French authors as Mallarm Baudelaire Val ry Laporte Ponge Perec Blanchot and Barthes the book also reassesses the development of Derrida s work in the context of structuralism biology and linguistics in the 1960s and looks at the possible relationships between Derrida s writing and that of the Surrealist and Oulipa groups Derrida is introduced as one whose work is as much poetic as it is philosophical and who is strikingly French and yet not unproblematically so Contributors include Boris Belay John Brannigan Christopher Johnson John P Leavey Jr Ian Maclachlan Jessica Maynard Laurent Milesi Ruth Robbins Michael Syrotinski Michael Temple Burhan Tufail and Julian Wolfreys **Fiction's Overcoat** Edith W. Clowes, 2018-07-05 If Dostoevsky claimed that all Russian writers of his day came out from Gogol s Overcoat then Edith W Clowes boldly expands his dramatic image to describe the emergence of Russian philosophy out from under the overcoat of Russian literature In Fiction s Overcoat Clowes responds to the view commonly held by Western European and North American thinkers that Russian culture has no philosophical tradition If that is true she asks why do readers everywhere turn to the classics of Russian literature at least in part because Russian writers so famously engage universal questions because they are so philosophical Her answer to this question is a lively and comprehensive volume that details the origins submergence and re emergence of a rich and vital Russian philosophical tradition During the late nineteenth and early twentieth centuries Russian philosophy emerged in conversation with narrative fiction radical journalism and speculative theology developing a distinct cultural discourse with its own claim to authority and truth Leading Russian thinkers Berdiaev Losev Rozanov Shestov and Solovyov made philosophy the primary

forum in which Russians debated metaphysical aesthetic and ethical questions as well as issues of individual and national identity That debate was tragically truncated by the events of 1917 and the rise of the Soviet empire Today after seventy years of enforced silence this particularly Russian philosophical culture has resurfaced Fiction's *Overcoat* serves as a welcome guide to its complexities and nuances Historians and cultural critics will find in Clowes's book the story of the increasing refinement and diversification of Russian cultural discourse philosophers will find an alternative to the Western philosophical tradition and students of literature will enjoy the opportunity to rethink the great Russian novelists particularly Dostoevsky Pasternak and Platonov as important voices in the process of shaping and sustaining a new philosophy and ensuring its survival into our own age

Navigating Deep River Mark W. Dennis, Darren J. N. Middleton, 2020-04-01 An interdisciplinary dialogue with Sh saku End's last novel offering new perspectives on Japanese culture Christian doctrine Hindu spiritualities and Buddhist worldviews In *Navigating Deep River* Mark W. Dennis and Darren J. N. Middleton have curated a wide ranging discussion of Sh saku End's final novel *Deep River* in which four careworn Japanese tourists journey to India's holy Ganges in search of spiritual as well as existential renewal *Navigating Deep River* evaluates and probes End's decades long search to find the words to explain Transcendent Mystery the difficult tension between faith and doubt the purpose of spiritual journeys and the challenges posed by the reality of religious pluralism in an increasingly diverse world The contributors including Van C. Gessel who translated *Deep River* into English in 1994 offer an engaged and patient exploration of this major text in world fiction and this anthology promises to deepen academic appreciation for End within and beyond the West This volume contextualizes delineates and articulates the complex religious theological spiritual dimensions of *Deep River* and its rich intertextual interpersonal psychosocial and literary aspects There are few edited volumes in which so many experts focus on a single Japanese text in this sustained manner and this stands as a model of how to do so deftly and productively David C. Stahl author of *Social Trauma Narrative Memory and Recovery in Japanese Literature and Film*

The Discovery of Chance Aileen M. Kelly, 2016-05-09 The intellectual Alexander Herzen was as famous in his day as Tolstoy and Dostoevsky Aileen Kelly presents the first fully rounded study of the farsighted genius whom Isaiah Berlin called the forerunner of much twentieth century thought For Herzen history like Darwinian nature was an improvisation both constrained and encouraged by chance

A Road to Nowhere Matthew W. Slaboch, 2018 Matthew W. Slaboch examines the work of German philosophers Arthur Schopenhauer and Oswald Spengler Russian novelists Leo Tolstoy and Aleksandr Solzhenitsyn and American historians Henry Adams and Christopher Lasch rare skeptics of the idea of progress who have much to offer political theory a field dominated by historical optimists

On the Ideological Front Stuart Finkel, 2008-10-01 *On the Ideological Front* centres on the 1922-23 expulsion from Soviet Russia of some 100 prominent intellectuals Finkel's account is a scholarly examination of this which sets it in the context of Bolshevik curbs prohibitions and punishment of intellectuals who resisted ideological conformity

The man from Stalingrad Robert Blake, 2020-08-19

A vibrant suspense and mystery thriller that will capture you from the first page During a vacation in Italy Sam Carter a photographer from New York will see himself involved in a series of inexplicable events that will lead him to a fast paced thriller full of adventure espionage intrigue romance suspense and mystery Let yourself be seduced by this trip to the deepest heart of Europe after the fall of the Berlin wall where passion and revenge coexist with a dark secret from the past

The Essential Works of Tagore Rabindranath Tagore,2023-11-16 The Essential Works of Tagore is a collection of some of the most influential writings by Indian literary master Rabindranath Tagore Known for his poetic lyricism and profound philosophical insights Tagore s works span various genres including poetry novels plays and essays This collection showcases the breadth and depth of Tagore s literary talent providing readers with a comprehensive introduction to his work in English translation Rabindranath Tagore a Nobel Prize winning author was a prominent figure in the Bengali Renaissance and a key player in the Indian independence movement His deep connection to nature his exploration of human relationships and his reflections on spirituality are all evident in his writing The Essential Works of Tagore serves as a gateway for readers to delve into the rich cultural heritage and intellectual legacy of this esteemed writer I highly recommend The Essential Works of Tagore to any reader interested in exploring the works of a prolific and influential literary figure Tagore s timeless writings continue to resonate with readers of all backgrounds offering profound insights into the human experience and the interconnectedness of all beings

Sadhana Rabindranath Tagore,2022-11-13 In Sadhana The Realisation of Life Rabindranath Tagore masterfully explores the intricate relationship between self realization and the broader universe through a blend of poetic prose and philosophical musings Written during a period of significant cultural and spiritual awakening in India the text is imbued with Tagore s characteristic lyrical style presenting a harmonious fusion of Eastern wisdom and Western thought He delves into the essence of spirituality emphasizing the importance of inner awakening and the quest for a deeper understanding of existence making it not merely a self help guide but a guiding light for the spiritual seeker Rabindranath Tagore the first non European Nobel laureate in Literature was profoundly influenced by his upbringing in a family steeped in scholarly traditions and creativity His experiences with various philosophical teachings along with the socio political climate of early 20th century India instilled in him a strong desire to bridge the gap between the material and spiritual realms This pursuit culminated in Sadhana where he articulates his quest for finding meaning in human life through a union with the cosmos I recommend Sadhana for readers seeking a profound exploration of spirituality and a reflection on life s purpose Tagore s graceful prose invites introspection and challenges individuals to embark on their own journeys of self discovery making it an essential read for anyone eager to understand their place in the universe

Sadhana – The Realisation of Life Rabindranath Tagore,2020-04-19 Perhaps it is well for me to explain that the subject matter of the papers published in this book has not been philosophically treated nor has it been approached from the scholar s point of view The writer has been brought up in a family where texts of the Upanishads are used in daily worship and he has had

before him the example of his father who lived his long life in the closest communion with God while not neglecting his duties to the world or allowing his keen interest in all human affairs to suffer any abatement So in these papers it may be hoped western readers will have an opportunity of coming into touch with the ancient spirit of India as revealed in our sacred texts and manifested in the life of to day Author s Preface *Cultivating the Masses* David L. Hoffmann,2011-10-18 Under Stalin s leadership the Soviet government carried out a massive number of deportations incarcerations and executions Paradoxically at the very moment that Soviet authorities were killing thousands of individuals they were also engaged in an enormous pronatalist campaign to boost the population Even as the number of repressions grew exponentially Communist Party leaders enacted sweeping social welfare and public health measures to safeguard people s well being Extensive state surveillance of the population went hand in hand with literacy campaigns political education and efforts to instill in people an appreciation of high culture In *Cultivating the Masses* David L Hoffmann examines the Party leadership s pursuit of these seemingly contradictory policies in order to grasp fully the character of the Stalinist regime a regime intent on transforming the socioeconomic order and the very nature of its citizens To analyze Soviet social policies Hoffmann places them in an international comparative context He explains Soviet technologies of social intervention as one particular constellation of modern state practices These practices developed in conjunction with the ambitions of nineteenth century European reformers to refashion society and they subsequently prompted welfare programs public health initiatives and reproductive regulations in countries around the world The mobilizational demands of World War I impelled political leaders to expand even further their efforts at population management via economic controls surveillance propaganda and state violence Born at this moment of total war the Soviet system institutionalized these wartime methods as permanent features of governance Party leaders whose dictatorship included no checks on state power in turn attached interventionist practices to their ideological goal of building socialism *Deconstruction* Martin McQuillan,2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company *The Palgrave Encyclopedia of Urban Literary Studies* Jeremy Tambling,2022-10-29 This encyclopaedia will be an indispensable resource and recourse for all who are thinking about cities and the urban and the relation of cities to literature and to ways of writing about cities Covering a vast terrain this work will include entries on theorists individual writers individual cities countries cities in relation to the arts film and music urban space pre early and modern cities concepts and movements and definitions amongst others Written by an international team of contributors this will be the first resource of its kind to pull together such a comprehensive overview of the field

Sadhana, The Realisation of Life Rabindranath Tagore,2021-11-14 *Sadhana The Realisation of Life* Rabindranath Tagore Compiled and translated by Tagore from his Bengali lectures the book consists of eight essays in which he answers some of the most profound questions of life Why did God create this world Why would a Perfect Being instead of remaining eternally concentrated in Himself go through the trouble of manifesting the Universe Why does evil exist Do love and beauty

have a purpose The Chautauquan ,1893 An Integrative Approach to Counseling Robert G. Santee,2007-05-18 An Integrative Approach to Counseling Bridging Chinese Thought Evolutionary Theory and Stress Management offers a global and integrative approach to counseling that incorporates multiple concepts and techniques from both eastern and western perspectives The book identifies commonalities rather than the differences between them The book also compares and contrasts the underlying cultural assumptions of western counseling with those of the Chinese perspectives of Confucianism Daoism and Buddhism relative to integrating and applying a more global approach to helping individuals functionally adapt to challenges in their environments The book will be used by faculty and students in those advanced undergraduate and graduate courses in psychology counseling or social work that cover such areas as introduction to counseling counseling skills and techniques counseling theories multi cultural awareness and counseling and stress management **Re-edited by E. H. Barker. The third edition ... enlarged from the ... American edition by C. Anthon, etc** John LEMPRIERE (D.D.),1838
