Being Dead Otherwise Anne Allison, 2023-02-13 With an aging population declining marriage and childbirth rates and a rise in single households more Japanese are living and dying alone Many dead are no longer buried in traditional ancestral graves where descendants would tend their spirits and individuals are increasingly taking on mortuary preparation for themselves In *Being Dead Otherwise* Anne Allison examines the emergence of new death practices in Japan as the old customs of mortuary care are coming undone She outlines the proliferation of new industries services initiatives and businesses that offer alternative means ranging from automated graves collective grave sites and crematoria to one stop mortuary complexes and robotic priests for tending to the dead These new burial and ritual practices provide alternatives to long standing traditions of burial and commemoration of the dead In charting this shifting ecology of death

Allison outlines the potential of these solutions to radically reorient sociality in Japan in ways that will impact how we think about the end of life identity tradition and culture in Japan and beyond

Kamikaze Peter C. Smith, 2014-11-28 In this brand new publication from eminent historian Peter C Smith we are regaled with the engaging and often incredibly disturbing history of the Kamikaze tradition in Japanese culture Tracing its history right back to the original Divine Wind major natural typhoons that saved Japan from invaders in ancient history Smith explores the subsequent resurrection of the cult of the warrior in the late nineteenth century He then follows this tradition through into the Second World War describing the many Kamikaze suicide attacks carried out by the Emperor's pilots against Allied naval vessels in the closing stages of the Pacific campaign These pilots were at the mercy of an overriding cultural tradition that demanded death over defeat capture or perceived shame Despite

often being under trained and ill prepared psychologically for the sacrifices they were about to make they were nonetheless expected to make them The dedication of sacrifice for the Emperor and the Nation is explored by dissecting the traces left behind by these pilots Smith provides a detailed look at the heartbreak of the pilot s families and the men themselves the notes they left and the effects on those who did not share their philosophy The views of individuals under attack are also included in this balanced history Countless attacks carried out over the Philippine Islands including the sinking of the St Lo are analyzed and the Okinawa campaign is afforded particularly strong coverage with the sinking of HMAS Australia explored in detail The collective sacrifice is then summed up with reflections from survivors on both sides appraising events in a humane historical context A detailed appendices then follows featuring units formed sorties mounted ships sunk and damages inflicted Arthurian Women Thelma S. Fenster,Norris J. Lacy,2015-12-22 Featuring three original and 14 classic essays this volume examines literary representations of women in Arthuriana and how women artists have viewed them The essays discuss the female characters in Arthurian legend medieval and modern readers of the legend modern critics and the modern women writers who have recast the Arthurian inheritance and finally women visual artists who have used the material of the Arthurian story All the essays concentrate interpretation on a female creator and the work This collection contains a useful bibliography of material devoted to female characters in Arthurian literature *Amazing Stories* ,1926
