From Shakespeare To Existentialism:

From Shakespeare to Existentialism Walter A. Kaufmann, 2020-07-21 A classic book by one of the twentieth century s most innovative and adventurous thinkers First published in 1959 From Shakespeare to Existentialism offers Walter Kaufmann's critical interpretations of some of the greatest minds in Western philosophy religion and literature Few scholars can match Kaufmann's range of interests from intellectual history and comparative religion to psychology art and architecture In this illuminating and wide ranging book he traces the evolving Aristotelian ideal of the great souled individual showing how it was forgotten by medieval Christendom but recovered by Shakespeare and apotheosized by Nietzsche An invaluable companion to his Critique of Religion and Philosophy this volume presents Kaufmann at his most trailblazing charting new directions in Western thought while providing bold perspectives on figures such as Goethe Hegel Rilke and From Shakespeare to Existentialism Walter A. Kaufmann, 1960 From Shakespeare to Existentialism Freud Walter Kaufmann, 1960 In these studies of the relationships between poetry religion and philosophy and of the background and development of existentialism Walter Kaufmann has produced a book which is challenging and important on many different levels From Shakespeare to Existentialism Walter KAUFMANN, 1980 From Shakespeare to Existentialism: an Original Study Essays on Shakespeare and Goethe; Hegel and Kierkegaard; Nietzsche, Rilke, and Freud; Jaspers, Heidegger, and Toynbee Walter Kaufmann, 1980 From Shakespeare to Existentialism Walter Kaufmann.1971 From Shakespeare to Existentialism Walter Arnold Kaufmann, 1960 From Shakespeare to Existentialism From Dostoevsky To Sartre Walter Kaufmann, 2016-03-28 What is **Existentialism** Walter Kaufmann, 1959 Existentialism It is perhaps the most misunderstood of modern philosophic positions misunderstood by reason of its broad popularity and general unfamiliarity with its origins representatives and principles Existential thinking does not originate with Jean Paul Sartre It has prior religious literary and philosophic origins In its narrowest formulation it is a metaphysical doctrine arguing as it does that any definition of man's essence must follow not precede an estimation of his existence In Heidegger it affords a view of Being in its totality in Kierkegaard an approach to that inwardness indispensable to authentic religious experience for Dostoevsky Kafka and Rilke the existential situation bears the stamp of modern man's alienation uprootedness and absurdity to Sartre it has vast ethical and political implications Walter Kaufmann author of Nietzsche is eminently qualified to present and interpret the insights of existentialism as they occur and are deepened by the major thinkers who express them In every case complete selections or entire works have been employed The Wall Existentialism and the complete chapter on Self Deception from L tre et le N ant by Sartre two lectures from Jaspers book Reason and Existenz original translations of On My Philosophy by Jaspers and The Way Back into the Ground of Metaphysics by Heidegger There is as well material from Dostoevsky Kierkegaard Nietzsche Rilke and Camus Walter Kaufmann Stanley Corngold, 2018-12-11 The first complete account of the ideas and writings of a major figure in twentieth century intellectual

life Walter Kaufmann 1921 1980 was a charismatic philosopher critic translator and poet who fled Nazi Germany at the age of eighteen emigrating alone to the United States He was astonishingly prolific until his untimely death at age fifty nine writing some dozen major books all marked by breathtaking erudition and a provocative essayistic style He single handedly rehabilitated Nietzsche s reputation after World War II and was enormously influential in introducing postwar American readers to existentialism Until now no book has examined his intellectual legacy Stanley Corngold provides the first in depth study of Kaufmann's thought covering all his major works He shows how Kaufmann speaks to many issues that concern us today such as the good of philosophy the effects of religion the persistence of tragedy and the crisis of the humanities in an age of technology Few scholars in modern times can match Kaufmann's range of interests from philosophy and literature to intellectual history and comparative religion from psychology and photography to art and architecture Corngold provides a heartfelt portrait of a man who to an extraordinary extent transfigured his personal experience in the pages of his books This original study both appreciative and critical is the definitive intellectual life of one of the twentieth century s most engaging yet neglected thinkers It will introduce Kaufmann to a new generation of readers and serves as a fitting tribute to a scholar s incomparable libido sciendi or lust for knowledge **Volume 11, Tome III: Kierkegaard's Influence on Philosophy** Jon Stewart, 2016-12-05 Kierkegaard's relation to the field of philosophy is a particularly complex and disputed one He rejected the model of philosophical inquiry that was mainstream in his day and was careful to have his pseudonymous authors repeatedly disassociate themselves from philosophy But although it seems clear that Kierkegaard never regarded himself as a philosopher there can be no doubt that his writings contain philosophical ideas and insights and have been profoundly influential in a number of different philosophical traditions. The present volume attempts to document these different traditions of the philosophical reception of Kierkegaard's thought Tome III traces Kierkegaard's influence on Anglophone philosophy It has long been thought that Kierkegaard played no role in this tradition which for years was dominated by analytic philosophy In this environment it was common to dismiss Kierkegaard along with the then current European philosophers who were influenced by him However a closer look reveals that in fact there were several thinkers in the US Canada and Great Britain who were inspired by Kierkegaard even during the heyday of analytic philosophy Today it can be said that Kierkegaard has made some serious inroads into mainstream Anglophone philosophy with many authors seeking inspiration in his works for current discussions concerning ethics personal identity philosophy of religion and philosophical anthropology The Bloomsbury Companion to Existentialism Felicity Joseph, Jack Reynolds, Ashley Woodward, 2014-09-25 The Bloomsbury Companion to Existentialism is the definitive guide to this key area of modern European philosophy Now available in paperback the book covers the fundamental questions asked by existentialism providing valuable guidance for students and researchers to some of the many important and enduring contributions of existentialist thinkers Chapters from an international team of experts explore existentialism's relationship to philosophical method ontology politics psychoanalysis ethics religion literature emotion feminism and sexuality emotions authenticity and the self its significance in Latin American culture and its contribution to the development of post structuralism and cognitive science In addition five short chapters summarize the status of canonical figures Kierkegaard Nietzsche Heidegger Sartre and de Beauvoir delineating the historical approach to their work while pointing to new directions contemporary research is now taking Featuring a series of indispensable research tools such as an A to Z glossary a timeline of key events texts and thinkers in existentialism a list of resources and an annotated guide to further reading this Companion is an essential resource to help the new reader navigate through the heart of Existentialism and modern European philosophy Existentialism For Beginners David Cogswell, 2008-10-14 Existentialism For Beginners is an entertaining romp through the history of a philosophical movement that has had a broad and enduring influence on Western culture From the middle of the Nineteenth Century through the late Twentieth Century existentialism informed our politics and art and still exerts its influence today Tracing the movement s beginnings with close up views of seminal figures like Kierkegaard Dostoyevsky and Nietzsche Existentialism For Beginners follows its intellectual and literary trail to German philosophers Jaspers and Heidegger and finally to the movement s flowering in post World War II France thanks to masterworks by such giants as Jean Paul Sartre Albert Camus Simone de Beauvoir plus many others Illustrations throughout at once lighthearted and gritty help readers explore and understand a style of thinking that while pervasive in its influence is often seen as obscure difficult cryptic and dark Existentialism For Beginners draws the movement s many diverse elements together to provide an accessible introduction for those who seek a better understanding of the topic and an enjoyable historical review packed with timeless quotes from existentialism s leading lights Kierkegaard's Influence on Philosophy Jon Bartley Stewart, 2012 Tome III traces Kierkegaard's influence on Anglophone philosophy It has long been thought that Kierkegaard played no role in this tradition which for years was dominated by analytic philosophy In this environment it was common to dismiss Kierkegaard along with the then current European philosophers who were influenced by him However a closer look reveals that in fact there were several thinkers in the US Canada and Great Britain who were inspired by Kierkegaard even during the heyday of analytic philosophy Current thinking now suggests that Kierkegaard has made some serious inroads into mainstream Anglophone philosophy with many authors seeking inspiration in his works for current discussions concerning ethics personal identity philosophy of religion and The Bloomsbury Handbook of Existentialism Jack Reynolds, Ashley Woodward, Felicity philosophical anthropology Joseph, 2023-12-28 This fully revised and updated 2nd edition provides a comprehensive reference guide to existentialism featuring key chapters on key existentialist thinkers as well as chapters applying existentialism to subject areas ranging across politics literature feminism religion the emotions cognitive science and poststructuralism Contemporary developments in the field of existentialism that speak to issues of identity and exclusion are explored in 4 new chapters on race gender disability and technology whilst the 5th new chapter new chapter outlines analytic philosophy's complicated relationship to

existentialism Presenting the field of existentialism beyond the European tradition this edition also includes a new key thinker chapter on Frantz Fanon alongside Kierkegaard Nietzsche Heidegger Sartre and de Beauvoir as well as new engagement with the work of scholars on race and existentialism including Lewis R Gordon George Yancy and Richard Wright The resources section at the end of the book includes an updated A to Z glossary and timeline of key events texts and thinkers in existentialism as well as a list of relevant organisations and an annotated guide to further reading making this 2nd edition an invaluable text for scholars and students alike European Existentialism Nino Langiulli, European Existentialism is a rich collection of major texts and is made all the more significant by the range and depth of its contributions This book aims to give greater intelligibility to existentialism by providing samples from antecedents of and influences upon it Although existentialism is regarded as an example of twentieth century philosophizing the book presents nineteenth century thinkers such as Kierkegaard and Nietzsche as its forerunners Thinkers such as Dilthey Husserl and Scheler frequently associated with other trends in philosophy such as historicism and phenomenology are included because of their influence upon existentialism Informative biographies of each author represented are also included European Existentialism includes a broad range of philosophers working in the existentialist mode not only French and German but also Spanish Italian Jewish and Russian philosophers This volume is also distinctive in that it omits existentialists from the literary world While Dostoevsky is often included in other existentialist collections Langiulli represents Russian philosophy with a selection by Berdyaev In his new introduction Langiulli discusses how the themes of existentialism have led to contemporary aberrations He uses the language of political rights as an example whereas we once referred to freedom of speech we have transformed that phrase into a much wider category freedom of expression Langiulli also examines various trends that have derived from existentialism postmodernism deconstructionism and multiculturalism Langiulli s introduction and the contributions place existentialism as a genuine tradition in the history of philosophy a tradition which stresses the radical contingency and mortality of human existence European Existentialism is an invaluable collection for philosophers educators and all those interested in the existentialist tradition **Dictionary Of Modern American Philosophers** John R. Shook, 2005-05-15 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of

certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought Existentialism from Dostoevsky to Sartre Walter Kaufmann,1975 The Owl and the Nightingale Walter Arnold Kaufmann,1960 Phenomenology and Existentialism Robert C. Solomon,2001 This anthology of classic essays focuses on the philosophy of Edmund Husserl and the philosophical movement to which his writings gave impetus phenomenology Sixty contributions from a wide variety of scholars provide an introduction to phenomenology and existentialist phenomenology Sections include OGeneral Introduction What Is Phenomenology OThe Phenomenology of Edmund Husserl OExistential Phenomenology and OSelf and Others O Among the contributors are Frege Chisholm Merleau Ponty Schmitt Tillman Gendlin Sellars Linsky Dreyfus Ryle Solomon Schlick Ricoeur Marcel Heidegger Sartre Brentano Olafson Camus and de Beauvo

From Shakespeare To Existentialism Introduction

In todays digital age, the availability of From Shakespeare To Existentialism books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of From Shakespeare To Existentialism books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of From Shakespeare To Existentialism books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing From Shakespeare To Existentialism versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, From Shakespeare To Existentialism books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing From Shakespeare To Existentialism books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for From Shakespeare To Existentialism books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and

contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, From Shakespeare To Existentialism books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips.
