## **From The Roots Up Economic Development As If Community Mattered:**

From the Roots Up Ross, David, Peter J. Usher, Peter, 1986 This document analyses the social aspects of industrial development focusing on the role of the informal sector in economic development It sets out to analyze measure and describe the characteristics of the informal economy contrast it with the fully commercialized sector in terms of purpose and social function and suggest the kind of changes in economic policy that would enable the informal economy to offer new kinds of work to strengthen local self reliance and to meet a wide variety of economic and social needs at the local community level

**Economic Development and Environmental Protection** Thomas Michael Power, 2015-05-20 This text takes issue with the notion that economic well being of people derives only from quantitatively expanding commercial business activity It argues that economic qualities flow from the natural and social environment and that they are public not private in character

**From the Roots Up** David Ross, 2000 *The Lichen Factor* Jim Lotz, 1998 *Economic Development for Everyone* Mark M. Miller, 2017-05-09 How do we create employment grow businesses and build greater economic resilience in our low income communities How do we create economic development for everyone everywhere including rural towns inner city neighborhoods aging suburbs and regions such as Appalachia American Indian reservations the Mexican border and the Mississippi Delta and not just in elite communities Economic Development for Everyone collects organizes and reviews much of the current research available on creating economic development in low income communities Part I offers an overview of the harsh realities facing low income communities in the US today their many economic and social challenges debates on whether to try reviving local economies vs relocating residents and current trends in economic development that emphasize high tech industry and high levels of human capital Part II organizes the sprawling literature of applied economic development research into a practical framework of five dynamic dimensions empower your residents begin with basic education enhance your community build on existing assets encourage your entrepreneurs diversify your economy and sustain your development This book assembled and presented in a unified framework will be invaluable for students and new researchers of economic development in low income communities and will offer new perspectives for established researchers professional economic developers and planners and public officials Development practitioners and community leaders will also find new ideas and opportunities along with a broad view on how the many complex parts of economic development interconnect *'Enough to Keep Them Alive'* Hugh E.Q. Shewell, 2004-12-15 Far from being a measure of progress or humanitarian aid Indian welfare policy in Canada was used deliberately to oppress and marginalize First Nations peoples and to foster their assimilation into the dominant society Enough to Keep Them Alive explores the history of the development and administration of social assistance policies on Indian reserves in Canada from confederation to the modern period demonstrating a continuity of policy with roots in the pre confederation practices of fur trading companies Extensive archival evidence from the Indian Affairs record group at the National Archives of Canada is supplemented for the post World War

Two era by interviews with some of the key federal players More than just an historical narrative the book presents a critical analysis with a clear theoretical focus drawing on colonial and post colonial theory social theory and critiques of liberalism and liberal democracy

**Karl Polanyi on Ethics and Economics** Gregory Baum,1996 Breaking new ground in Polanyi scholarship Gregory Baum explores the relation between ethics culture and economics in Karl Polanyi s writings He identifies and analyses key concepts of Polanyi s thought and shows how they apply to the contemporary debate on ethics and economics

**Ripples from the Zambezi** Ernesto Sirolli,1999-04-01 After six years of economic development work in Africa Ernesto Sirolli witnessed how little most foreign aid programs were actually doing for the people they hoped to help from creating a communal tomato field on the banks of the Zambezi river only to be demolished by the river s hippos at harvest time to donating snow plows to African nations However well intentioned Sirolli points out inappropriate development often creates more problems than it solves Thus was the genesis of this exciting and unique alternative to traditional economic development termed Enterprise Facilitation where depressed communities can build hope and prosperity by first helping individuals to recognize their talents and business passion and then providing the skills to transform their dreams into meaningful and rewarding work

*Deadhead Social Science* Rebecca G. Adams,Robert Sardiello,2000-05-30 *Deadhead Social Science* is a collection of papers examining various aspects of the complex subculture surrounding the rock band the Grateful Dead Deadheads as Grateful Dead fans are called followed the band from venue to venue until the band announced their dissolution in December of 1995 and have continued to follow bands including various surviving members of the Grateful Dead since then *Deadhead Social Science* addresses the questions What is a Deadhead How does a Deadhead identity evolve Why would a person choose an identity that would be viewed negatively by a larger society Why are Deadheads viewed negatively by the larger society Is the Deadhead community a popular religion How did a rock band develop a religious following The book also examines the music the role of vendors and the reaction by host communities to the Grateful Dead and its following One key theme in *Deadhead Social Science* is the interconnections among teaching research and personal interests written from a variety of social science disciplinary traditions

Arctic Politics Oran R. Young,1992-11-01 Long recognized by naturalists and adventurers as a dramatically unique region the Arctic has recently emerged as an area of increasing political strategic and economic importance The Arctic is both one of the world s largest and smallest regions encompassing 15% of the earth s land mass yet inhabited by fewer than 1% of the world s population Its physical vastness is coupled with a wealth of natural resources in oil alone the Far North contributes that majority of Russia s production and 25% of US output At the same time the Circumpolar North is home to diverse indigenous peoples and cultures thus setting the stage for conflicts of international scope In this collection of essays Oran Young provides a foundation for studying the politics of the Arctic as a distinctive international region Expanding the traditional approach to area studies he examines the Far North not only for its unique

features but also as an arena within which to develop new approaches to various issues of worldwide interest Young challenges persistent stereotypes that marginalize the region moving beyond the romanticism of many observers to arrive at an understanding of the complex social and ecological systems of the Far North In doing so Young thoughtfully establishes the Arctic as an area of international importance both in its own right and in relation to other geopolitical regions

**Rural Education (1991)** Deyoung Alan,2017-09-29 Originally published in 1991 essays discuss and analyse rural schooling in its historical social and political contexts as well as its educational mission Collections covering rural education in the United States are relatively rare particularly texts that focus on available research literature in context and many existing texts are written by educators outside of the University This book covers historical and social factors rural education in the field and the future of American Schooling The chapters comprise not only an airing of issues concerns and findings but also a guide to scholarship in the areas covered Included is a resource guide to information specific to rural education and rural special education

**Future Survey Annual 1986** Michael Marien,1987-01-01 [Community Economic Development in Canada](#) David James Anthony Douglas,1994 **Critical Evaluations of Economic Development Policies** Laura Ann Reese,David Fasenfest,2004 This ground breaking text offers alternative models for critical evaluation of the values behind and the success of local level economic development policies The values that shape present day economic development policies are often not plainly expressed Critical Evaluations of Economic Development Policies shows how the use of nontraditional methods of evaluation can foreground the values that inform public policy and determine whether or not those values and the policies that arise from them are in the best interests of the community that adopts them The methodology defined in this book not only provides means for judging the success or failure of economic development programs but also offers tactics for judging how well policies address needs according to a community s own value system The essays in Critical Evaluations of Economic Development Policies establish critical models illustrate how such models may be applied and show how evaluations of a single program made from the perspectives of differing value systems lead to different conclusions about the success or failure of the program In doing so these essays demonstrate the crucial importance of continuing dialogue between those who make policies and those who assess them This dynamic collection proposes to stimulate discussion among scholars developers and urban administrators to build awareness of the ways to foster completely informed policies and evaluate their outcomes

**Alternatives** ,1987 Perspectives on society and environment **Resources and Sustainable Development in the Arctic** Chris Southcott,Frances Abele,David Natcher,Brenda Parlee,2018-10-04 Over the past thirty years we have witnessed a demand for resources such as minerals oil and gas which is only set to increase This book examines the relationship between Arctic communities and extractive resource development With insights from leading thinkers in the field the book examines this relationship to better understand what if anything can be done in order for the development of non renewable resources to be of benefit to the long term sustainability of these communities The

contributions synthesize circumpolar research on the topic of resource extraction in the Arctic and highlight areas that need further investigation such as the ability of northern communities to properly use current regulatory processes fiscal arrangements and benefit agreements to ensure the long term sustainability of their culture communities and to avoid a new path dependency This book provides an insightful summary of issues surrounding resource extraction in the Arctic and will be essential reading for anyone interested in environmental impact assessments globalization and Indigenous communities and the future of the Arctic region

**Ethnographic Feminisms** Sally Cole, 1995-05-15 This book is written by anthropologists who are currently engaged in research on gender The editors argue for the development of an ethnography based feminism that both pays heed to what women in specific circumstances identify as their concerns and recognizes the contradictions inherent in the goals of feminist anthropology The essays consider a range of awkward issues including feminism in international contexts the invisibility of women s working lives and the problems of voice and ethnographic representation Referring to a variety of ethnographic contexts and working from diverse perspectives the contributors examine the multiple dilemmas and conflicts of gender and power

*Global Challenge and Local Response* Walter B. Stöhr, 1990 The volume grew out of research undertaken as a part of the UN University s European Perspectives Project It addresses the consequences of the failure of large scale industrial enterprise and the inability of central government policies to cope with the results of economic restructuring in a series of comparative case studies showing how local communities throughout Europe East and West rural and industrial have responded to economic dislocation and decline and how these local initiatives have become the basis for economic regeneration Annotation copyrighted by Book News Inc Portland OR

**Democratic Equality** Edward Broadbent, 2019-10-21 Are the world s oldest democracies failing For most of the past fifty years democratic governments made determined and successful efforts at overcoming the significant inequalities that are the by product of a capitalist economy During this period a new concept of democratic citizenship that added social and economic rights to the liberal legacy of political and civil liberties established roots in most North Atlantic democracies Since the 1980s this notion of democratic citizenship has been challenged ideologically to such a degree that through either major modification or complete elimination of programs equality as a fundamental democratic goal is disappearing in many nations particularly in the Anglo American democracies In this extraordinary collection top scholars in political science sociology philosophy and economics discuss this radical shift towards inequality in an age of mass capital globalization Wide ranging in topic yet coherent in approach *Inequality and the Modern Democratic State* comprises thirteen essays including Ed Broadbent s *Ten Propositions about Equality and Democracy* Robert Hackett s *Watch Dogs Mad Dogs or Lap Dogs* News Media and Civic Equality and Barbara Ehrenreich s *Inequality in the Clinton Era* Many European democracies argue the contributors have adapted to new circumstance in the global economy without resorting to policies that actively promote inequality While differing in some important details on solutions they all contend that the political decision making process is

of critical importance in entrenching or battling an escalating inequality that is neither necessary nor desirable
