Parliament,1884 **The Deepcut Review** Nicholas Blake,Deepcut Review,2006-03-29 Nicholas Blake QC was appointed on 15th December 2004 to review the circumstances surrounding the deaths of four soldiers at Deepcut between 1995 and 2002 The Review covers in detail the deaths of three soldiers Sean Benton Cheryl James and Geoff Gray the fourth death that of James Collinson was subject to an outstanding inquest and so was not investigated in detail nor are the inquest results The Review also deals with aspects of Army policy on recruitment and training over a ten year period and matters relating to the Training Regiment at Deepcut The review has concluded that on the balance of probabilities the deaths of Sean Benton Cheryl James and Geoff Gray were self inflicted and that the opportunity for self infliction was afforded by the policy of frequently assigning trainees to armed guard

duty at Deepcut unsupervised by experienced soldiers or members of the Military Provost Guard The Review does not feel that a public inquiry into the immediate or broader events surrounding the deaths is necessary Sean Benton who had attempted self harm on at least two occasions in the months before he died had had disciplinary problems in his Army career had been notified that his discharge from the Army was being applied for and had previously been denied access to a weapon on guard duty on the day of his death he obtained the weapon from another trainee under false pretences There was no evidence that Cheryl James or Geoff Gray posed a risk of self harm and no certainty as to what might have led them to their actions They had both performed frequent armed guard duties at remote locations which might have made them unhappy and combined with other personal factors may have made them more susceptible to self harm at the time of their deaths There was no evidence of bullying in any of the three cases Factors contributing to the deaths might have been the training environment at Deepcut causing low morale through poor accommodation limited recreational facilities and the balance between privacy and dormitory life unsupervised access to weapons supervision of trainees discipline bullying and informal sanctions ventilation of grievances poor instructors The Review makes 34 recommendations covering recruitment screening of recruits and parental involvement training for minors and the length of training provisions for minors during training supervisory ratios the quality of instructors information on standards of conduct collective responsibility making and responding to complaints investigating complaints record keeping an ombudsman for the armed forces guard duty sudden deaths disclosure and confidentiality whether there is a need for a public inquiry

Feathers from the Flame Lynda G. Adamson, 2025-07-31 B Spiritual discovery emotional healing and the nature of consciousness surface through a past life regression into Hildegard of Bingen s complicated twelfth century Through the contemporaneous therapeutic sessions of the protagonist Laura as she is hypnotized into the person of Clothilde the mystical visionary world of Hildegard of Bingen is cleverly revealed by the author Dr Eileen Guenther Professor Emerita of Church Music at Wesley Theological Seminary Although initially distrusting past life regression Laura agrees and meets her twelfth century self in Clothilde She discovers a surprising complexity of life and rigid expectations for a daughter in the nobility After going to live with her future mother in law Clothilde accompanies her to Disibodenburg a double monastery and first hears Hildegard of Bingen s stunningly beautiful music Laura s ensuing research reveals that Hildegard indeed existed While living inside convent walls Hildegard composed music still performed wrote nine major works still available healed the sick corresponded with kings and popes throughout Europe including Frederick Barbarossa Henry II and Eleanor of Aquitaine traveled to preach before male audiences at cathedrals and monasteries and founded two convents Subsequent hypnotherapy sessions reveal the difficulty of both Clothilde s and Hildegard s life Clothilde loses a fianc in the Second Crusade falls in love with a Jew but is forced to marry a churlish bully manages a manor with the intricacy of a small town and values respites to Bingen for healing and copying much of Hildegard s copious correspondence Laura observes their courageous resourcefulness while enduring their

own private pains and difficult relationships Clothilde also hides a secret that propels her to fiercely protect her family Her other experiences however lead Laura to the root of her greatest fear Fans of Outlander Pillars of the Earth Frozen River and the Brother Cadfael series will savor this stimulating story 13+1 Vladimir Weaver,2020-02-25 Vladimir Weaver s new trilogy the 13 1 It is unsure if our story takes place in the distant future or remote past The only thing certain is that 13 1 takes us to planet Mynodis After numerous cataclysms people start a seemingly calm period where everyone s work is necessary and everybody can live a good life in relative security and recognition But what lies under the surface If you could live a life where you are never sick hardly age and have the chance to live forever what would you do for it Would you sacrifice your whole life in return You can get into 13 classes where the gap between the standards of living in the lower ones and the higher ones is inconceivable for average people Ree Vox was born into the class of the poorest Once in life everybody can choose between good and bad rich and poor life After that there is no way to change classes Ree decided to live a happy but humble life with his love but nothing happens as planned But there might be something that is worse than death Is immortality the most one can wish for Excitement adventure love fight and everything you can imagine Sit down and brace yourself it begins It s an understatement when I say I was astounded when my friend Vladimir whom I have known for not less than 15 years announced that he had finished his science fiction novel and would be happy to send it to me to read And he did so without any pomposity with his natural phlegm Only talented people are capable of this they are not the slightest surprised by their extraordinary achievements Of course writing a book is only a considerable achievement if it has a value or at least it entertains Ree Vox s adventure in a chaotic world unknown to today s man is exciting moving and captivating at the same time The author s creativity is mixed with deep understanding of the science fiction world thanks to which he makes the story plausible maintains the reader s attention incessantly and at occasions he stretches the reader s nerves to the breaking point Due to our friendship it is hard to assess the book objectively but I am convinced that I can heartily recommend the book for reading Istv n Major Jr Director of Alba Regia Symphonic Orchestra As a fan of the fantasy genre before reading the sci fi novel 13 1 I felt like a camel when being offered bacon But after reading it I simply loved it It s incredibly exciting When is the second part finished I want Amy A bookworm It s so good to fly to Mynodis every morning Yes I looked forward to being there with Ree Vox to experience this unique atmosphere to taste this greatly envisioned world I love its characters they ve become my acquaintances I d proudly fight on Ree s side shoulder to shoulder and happily flirt with any of the female characters because they are all extraordinary and beautiful The exciting story lines the author s unique humour the well developed graphic characters and the whole imaginary geography and technical world I miss it all When can we fly again Sieradzan Sebastian Jerzy Head of Sziv rv ny T rzs Public Benefit Organisation A great book when reading it you feel like you are indeed outside the Earth and when you get out of the spell of reading you do not at all feel like returning to the Earth Itisan excellent way of entertainment I recommend it to everybody G bor Fidler Chief Advisor Former
