Bahrain's Uprising Ala'a Shehabi,Marc Owen Jones,2015-09-15 Amid the extensive coverage of the Arab uprisings the Gulf state of Bahrain has been almost forgotten Fusing historical and contemporary analysis Bahrain s Uprising seeks to fill this gap examining the ongoing protests and state repression that continues today Drawing on powerful testimonies interviews and conversations from those involved this broad collection of writings by scholars and activists provides a rarely heard voice of the lived experience of Bahrainis describing the way in which a sophisticated society defined by a historical struggle continues to hamper the efforts of the ruling elite to rebrand itself as a liberal monarchy *Bahrain* Robert Cooper,Jo-Ann Spilling,Debbie Nevins,2019-12-15 Bahrain is a Middle Eastern island country with a storied history spanning millennia From its integral location along ancient trade routes that continue today to its role as a modern nation rich in oil and hosting a variety of sporting events every year Bahrain is an exciting place to explore Readers will learn all about this country s origins up to its twenty first century happenings The lifestyles of its citizens tourism opportunities sporting celebrations traditions and festivals are lavishly celebrated on these pleasing pages Welcome to Bahrain Deborah Kopka,2011-09-01 Issue your students a passport to travel the globe with this incredible packet on Bahrain Units feature in depth studies of its history culture language foods and so much more Reproducible pages provide cross curricular reinforcement and bonus content including activities recipes and games Numerous ideas for extension activities are also provided Beautiful illustrations and photographs make students feel as if they re halfway around the world Perfect for any teacher looking to show off the world this must have packet will turn every student into an accomplished globetrotter

Bahrain Lisa McCoy,2014-10-21 Bahrain is one of the smallest countries of the Arab world but its size does not reflect its importance This tiny nation made up of 33 islands in the Arabian Gulf is a key regional ally of the United States In addition Bahrain is one of the few countries in the Middle East that allows its people both men and women to participate in government through an elected national assembly Bahrain is far from a democracy and the country has struggled with a religious division that has led to violence in recent years But if Bahrain can move successfully toward a more open government it may inspire other Middle Eastern nations to experiment with democratic principles as well Discusses the geography history economy government religion people foreign relations and major cities of Bahrain **The Regional Travel Guide for Manama and Northern Bahrain (Bahrain)** , Welcome to Iran Deborah Kopka,2011-09-01 Issue your students a passport to travel the globe with this incredible packet on Iran Units feature in depth studies of its history culture language foods and so much more Reproducible pages provide cross curricular reinforcement and bonus content including

activities recipes and games Numerous ideas for extension activities are also provided Beautiful illustrations and photographs make students feel as if they re halfway around the world Perfect for any teacher looking to show off the world this must have packet will turn every student into an accomplished globetrotter *Bahrain, a Heritage Explored* Angela Clarke (Writer on Bahrain),1986 *Warm Images of Bahrain* Duncan Gilchrist,1977 **City of Strangers** Andrew M. Gardner,2011-05-02 In *City of Strangers* Andrew M Gardner explores the everyday experiences of workers from India who have migrated to the Kingdom of Bahrain Like all the petroleum rich states of the Persian Gulf Bahrain hosts an extraordinarily large population of transmigrant laborers Guest workers who make up nearly half of the country s population have long labored under a sponsorship system the kafala that organizes the flow of migrants from South Asia to the Gulf states and contractually links each laborer to a specific citizen or institution In order to remain in Bahrain the worker is almost entirely dependent on his sponsor s goodwill The nature of this relationship Gardner contends often leads to exploitation and sometimes violence Through extensive observation and interviews Gardner focuses on three groups in Bahrain the unskilled Indian laborers who make up the most substantial portion of the foreign workforce on the island the country s entrepreneurial and professional Indian middle class and Bahraini state and citizenry He contends that the social segregation and structural violence produced by Bahrain s kafala system result from a strategic arrangement by which the state insulates citizens from the global and neoliberal flows that paradoxically are central to the nation s intended path to the future *City of Strangers* contributes significantly to our understanding of politics and society among the states of the Arabian Peninsula and of the migrant labor phenomenon that is an increasingly important aspect of globalization **Bahrain Through The Ages** Shaikh Abdullah bin Khalid Al-Khalifa,Michael Rice,2014-10-17 First Published in 1993 This volume is based on the papers delivered at the historical sessions of the conference Bahrain Through the Ages organised in Bahrain on the initiative of the Government of the State of Bahrain in December 1983 The papers are substantially the texts of those delivered at the Conference adapted to printed form This volume is the companion to Bahrain Through the Ages the Archaeology **Uncommon Grounds** Anthony Downey,2014-09-30 In this groundbreaking book a range of internationally renowned and emerging academics writers artists curators activists and filmmakers critically reflect on the ways in which visual culture has appropriated and developed new media across North Africa and the Middle East Examining the opportunities presented by the real time generation of new relatively unregulated content online *Uncommon Grounds* evaluates the prominent role that new media has come to play in artistic practices and social movements in the Arab world today Analysing alternative forms of creating broadcasting publishing distributing and consuming digital images this book also enquires into a broader global concern does new media offer a democratisation of and a productive engagement with visual culture or merely capitalise upon the effect of immediacy at the expense of depth Featuring full colour artists inserts this is the first book to extensively explore the degree to which the grassroots popularity of Twitter and Facebook has been

co opted into mainstream media institutional and curatorial characterisations of revolution and whether artists should be wary of perpetuating the rhetoric and spectacle surrounding political events In the process *Uncommon Grounds* reveals how contemporary art practices actively negotiate present day notions of community based activism artistic agency and political engagement *Resolving Conflicts in the Law* Chiara Giorgetti, Natalie Klein, 2019-01-03 *Resolving Conflicts in the Law* edited by Chiara Giorgetti and Natalie Klein honours the work of Professor Lea Brilmayer whose intellectual contribution and influence span scholarly debate and the practice of both public and private international law The book s essays are from leading international law scholars and practitioners in the field including Michael Reisman Stephen Schwebel Erin O Connor O Hara John Crook Philippa Webb Kermit Roosevelt Harold Koh and reflect on contemporary and cutting edge questions of international law Each contribution enriches and advances scholarly debate on topics of law for which Lea Brilmayer is well known including international dispute settlement conflicts of law international relations theory secession and territorial and maritime sovereignty **Group Conflict and Political Mobilization in Bahrain and the Arab Gulf** Justin

Gengler, 2015-06-08 Invaluable to anyone wanting a fuller understanding of the economic political and religious tensions within Bahrain *The Sociological Imagination* The oil producing states of the Arab Gulf are said to sink or swim on their capacity for political appeasement through economic redistribution Yet during the popular uprisings of the Arab Spring in Bahrain and all across the Arab Gulf ordinary citizens showed an unexpected enthusiasm for political protest directed against governments widely assumed to have co opted their support with oil revenues Justin Gengler draws on the first ever mass political survey in Bahrain to demonstrate that neither is the state willing to offer all citizens the same bargain nor are all citizens willing to accept it Instead shared social and religious identities offer a viable basis for mass political coordination Challenging the prevailing rentier interpretation of political life in the Gulf states Gengler offers new empirical evidence and a new conceptual framework for understanding the attitudes of ordinary citizens **Passport Series: Middle East**
