Imaginary Networks Of Political Power:

The Imaginary Networks of Political Power Roger Bartra, 2013 [The Imaginary Networks of Political Power](#) Roger Bartra, 1992 [The Postmodern in Latin and Latino American Cultural Narratives](#) Claudia Ferman, 2018-10-24 This volume of new and reprinted articles many translated here into English for the first time examines the conditions characteristics and implications of the debate on Latin American Postmodernism presenting an up to date rendering of its crucial issues Special considerations are given to the theoretical aspects such as ideological political literary critical and cultural implications The scope of this debate embraces such matters as the problematic modernization of Latin America cultural and political reformulation in the face of the media explosion new critical perspectives facing the collapse of utopian ideologies and new literary production women s writing and testimonio Contributors include John Beverly Antonio Ben tez Rojo and Antonio Vera Le n Celeste Olalquiaga Arturo Arias Santiago Col s Nelly Richard Jesoes Mart n Barbero Iumna Maria Simon and Vinicius Dantas The collection also contains some of the editor s personal interviews with scholars involved in this debate who live and work in Latin America Roger Bartra and Jorge Juanes Mexico and Nicol s Casullo Argentina **The Mexican Transition** Roger Bartra, 2013-01-31 This book is a collection of essays on the Mexican transition to democracy that offers reflections on different aspects of civic culture the political process electoral struggles and critical junctures They were written at different points in time and even though they have been corrected and adapted they have kept the tension and fervour with which they were originally created They provide the reader with a vision of what goes on behind those horrifying images that depict Mexico as a country plagued by narco-trafficking groups and subjected to unbridled homicidal violence These images hide the complex political reality of the country and the accidents and shocks democracy has suffered

Screening Neoliberalism Ignacio Sanchez Prado, 2014-06-30 Cavernous often cold always dark with the lingering smell of popcorn in the air the experience of movie going is universal The cinematic experience in Mexico is no less profound and has evolved in complex ways in recent years Films like *Y Tu Mama Tambien* *El Mariachi* *Amores Perros* and the work of icons like Guillermo del Toro and Salma Hayek represent much more than resurgent interest in the cinema of Mexico In *Screening Neoliberalism* Ignacio Sanchez Prado explores precisely what happened to Mexico s film industry in recent decades Far from just a history of the period *Screening Neoliberalism* explores four deep transformations in the Mexican film industry the decline of nationalism the new focus on middle class audiences the redefinition of political cinema and the impact of globalization This analysis considers the directors and films that have found international notoriety as well as those that have been instrumental in building a domestic market *Screening Neoliberalism* exposes the consequences of a film industry forced to find new audiences in Mexico s middle class in order to achieve economic and cultural viability **Pierre Musso and the Network Society** José Luís Garcia, 2017-01-31 This book is devoted to discussion of the views of Pierre Musso and starts with a central chapter written by Musso entitled *Network Ideology* from Saint Simonianism to the Internet Pierre Musso is a

French philosopher and is one of the most original thinkers in the history of the network society His thought develops a critique of information and communication technologies through their imaginary and social representations and of the information society based on the network metaphor The main question on which Musso has focused his attention is how the network metaphor is one of the most powerful ways of understanding the complex societies in which we live Showing characteristic attention to detail and drawing on the history of ideas political philosophy and sociology Musso traces the genealogy of the network imaginary and points out that it did not emerge with the Internet He shows how its modern roots can be found in Henri de Saint Simon and his disciples engineers and entrepreneurs such as Michel de Chevalier and Barthélemy Prosper Enfantin who developed channel networks railroads and the telegraphic network in France in the nineteenth century In addition to the central piece written by Musso the book includes a general introduction and six commentaries from experts on information technologies and networks It displays a wide range of perspectives from a diverse set of authors in terms of nationalities and universities as well as disciplinary backgrounds

Reconceptualizing The Peasantry Michael Kearney, 2018-02-07 The concept of peasant has been constructed from residual images of pre industrial European and colonial rural society Spurred by Romantic sensibilities and modern nationalist imaginations the images the word peasant brings to mind are anachronisms that do not reflect the ways in which rural people live today In this path breaking book Michael Kearney shows how the concept has been outdistanced by contemporary history He situates the peasantry within the current social context of the transnational and post Cold War nation state and clears the way for alternative theoretical views Reconceptualizing the Peasantry looks at rural society in general and considers the problematic distinction between rural and urban Most definitions of and debates about peasants have focused on their presumed social economic cultural and political characteristics but Kearney articulates the way in which peasants define themselves in a rapidly changing world In the process he develops ethnographic and political forms of representation that correspond to contemporary postpeasant identities Moving beyond a reconsideration of peasantry the book situates anthropology in global context showing how the discipline reconstructs itself and its subjects according to changing circumstances

Circuits of Culture Jeffrey D. Himpele,2008 Set against the background of Bolivia s prominent urban festival parades and the country s recent appearance on the front lines of antiglobalization movements Circuits of Culture is the first social analysis of Bolivian film and television their circulation through the social and national landscape and the emergence of the country s indigenous video movement At the heart of Jeff Himpele s examination is an ethnography of the popular television program The Open Tribunal of the People The indigenous and underrepresented majorities in La Paz have used the talk show to publicize their social problems and seek medical and legal assistance from the show s hosts and the political party they launched Himpele studies the program in order to identify the possibilities of the mass media as a site for political discourse and as a means of social action Charting as well the history of Bolivia s media culture Himpele perceptively investigates cinematic media as sites for understanding the modernization of Bolivia its social movements and the formation of indigenous identities and in doing so provides a new framework for exploring the circulation of culture as a way of creating publics political movements and producing media Jeff D Himpele is associate director for the McGraw Center for Teaching and Learning at Princeton University He is an anthropologist and documentary filmmaker his films include the award winning Incidents of Travel in Chichen Itza and Taypi Kala Six Visions of Tiwanaku

Dismantling the Mexican State? Rob Aitken,Nikki Craske,David E. Stansfield,2016-07-27 In assessing Carlos Salinas socio economic reforms the authors question the extent to which the Mexican state has been radically transformed and possibly dismantled The authors show that the changes which have occurred are uneven limited and reversible Despite the aura of reform it is the degree of continuity which is the most noticeable feature In many respects the Mexican State remains highly authoritarian

Nonviolence in Political Theory Iain

Atack,2012-07-30 Develops a coherent theory of nonviolent political action in the context of Western political theory Ian Atack identifies the contribution of nonviolence to political theory through connecting central characteristics of nonviolent action to fundamental debates about the role of power and violence in politics This in turn provides a platform for going beyond historical and strategic accounts of nonviolence to a deeper understanding of its transformative potential From Mahatma Gandhi and Martin Luther King to toppled communist regimes in Eastern Europe and pro democracy movements in Serbia Georgia and Ukraine nonviolent action has played a significant role in achieving social and political change in the last century The Arab Spring revolutions particularly those in Tunisia and Egypt and the Occupy movement in the US and UK demonstrate that nonviolence continues to be a vital feature of many campaigns for democracy human rights and social justice
