It deals with the definition of the soul, the proof of its existence, its birth as corporeal and its survival as spiritual, various levels of the soul and the body, the vertical development of the soul through its substantial motion, the soul-body relation, the holistic approach to psychosomatic diseases, the resurrection and post mortem survival of the soul, the body of the resurrection, his original interpretation of metempsychosis, the meaning of Heaven and Hell, and the intellectual or spiritual worlds beyond this world. The central issue in this work is self-knowledge. The human soul is created in the Image of God with a purpose. This image comes to full actualization through self-knowledge, which according to Mulla Sadra is the key to knowledge of God, the Day of Resurrection, and the Return of all creatures to God.
