Parliament. House of Commons,1907      Sessional Papers Great Britain. Parliament. House of Commons,1907      **Academic Instincts** Marjorie Garber,2009-01-10 In this lively and provocative book cultural critic Marjorie Garber who has written on topics as different as Shakespeare dogs cross dressing and real estate explores the pleasures and pitfalls of the academic life Academic Instincts discusses three of the perennial issues that have surfaced in recent debates about the humanities the relation between amateurs and professionals the relation between one academic discipline and another and the relation between jargon and plain language Rather than merely taking sides the book explores the ways in which such debates are essential to intellectual life Garber argues that the very things deplored or defended in discussions of the humanities cannot be either eliminated or endorsed because the discussion itself is what gives humanistic thought its vitality Written in spirited and vivid prose and full of telling detail drawn both from the history of scholarship and from the daily press Academic Instincts is a book by a well known Shakespeare scholar and prize winning teacher who offers analysis rather than polemic to explain why today s teachers and scholars are at once breaking new ground and treading familiar paths It opens the door to an important nationwide and worldwide conversation about the reorganization of knowledge and the categories in and through which we teach the humanities And it does so in a spirit both generous and optimistic about the present and the future of these disciplines      T.P.'s and Cassell's Weekly ,1925      **The Garden** ,1908      **The Discovery of Yellowstone Park** Nathaniel Pitt Langford,2019-12-09 In The Discovery of Yellowstone Park Nathaniel Pitt Langford provides an intricate account of the first exploration of the now famous national park in 1870 Langford s narrative interlaces vivid descriptions of the park s stunning geothermal wonders with a compelling recounting of the expedition s challenges and discoveries His literary style rich with detail and evocative prose reflects the burgeoning American interest in conservation and the sublime beauty of the natural world during the late 19th century a time when the notion of protecting wild spaces was beginning to take root in the national consciousness Langford who served as the first superintendent of Yellowstone National Park was intimately acquainted with the region s breathtaking landscapes and its significance His firsthand experiences as a member of the Washburn Langford Doane expedition lend authenticity to his writing Langford s deep appreciation for nature and dedication to preserving it emerged from his background as a frontiersman and public servant shaping his vision of Yellowstone as a protected national treasure

The Discovery of Yellowstone Park is an essential read for enthusiasts of American history nature conservation and exploration narratives Langford s meticulous documentation not only preserves the legacy of the park but also inspires contemporary readers to cherish and advocate for our natural wonders      **My Recollections from 1806 to 1873** Lord William Pitt Lennox,1874      *Notes and Queries* ,1853      Notes and Queries: A Medium of Inter-Communication for Literary Men, Artists, Antiquaries, Genealogists, Etc ,1853      **The New England Farmer** ,1855      **Catalog of Copyright Entries.
