However for many years his writing was largely ignored in the mainstream due to the radical politics he espoused and it is only in relatively recent times he has become universally admired. Routledge Library Editions Percy Shelley collects a broad range of scholarship ranging from examinations of Shelley's style and political intentions to an assessment of his impact on the broader Romantic Movement. This set reissues 4 books on Percy Shelley originally published between 1945 and 2009 and will be of interest to students of literature and literary history.

Noyes and his followers built a large communal house in rural New York where they engaged in what Noyes called complex marriage, an elaborate system of free love where sexual relations with multiple partners was encouraged. Noyes was eventually inspired to institute a program of eugenics known as stirpiculture to breed a new generation of Oneidans from the best members of the Community, many fathered by him. When Noyes died in 1886, the Community disavowed Noyes' disreputable sexual theories and embraced their thriving business of flatware. Oneida Community Limited would go on to become one of the nation's leading manufacturers of silverware, and their brand a coveted mark of middle-class respectability in pre and post-WWII America. Told by a descendant.

of one of the Community's original families Oneida is a captivating story that straddles two centuries to reveal how a radical free love sect turning its back on its own ideals transformed into a purveyor of the white picket fence American dream
