

LATE
Shakespeare
1608–1613

Edited by Andrew J. Power
and Rory Loughnane

CAMBRIDGE

Late Shakespeare

Andrew Gurr, Farah Karim-Cooper

Late Shakespeare:

Late Shakespeare, 1608-1613 Andrew J. Power, Rory Loughnane, 2012-11-08 In fourteen specially commissioned chapters by leading Shakespeare scholars from around the globe *Late Shakespeare 1608 1613* provides an essential reappraisal of the final phase of Shakespeare's writing life Arranged for the first time in the best established chronological sequence Shakespeare's last seven extant plays are discussed in detail in dedicated chapters from *Pericles* to the other late co-authored works *King Henry VIII* and *The Two Noble Kinsmen* The plays are situated in the context of Shakespeare's financial investments his focus on the practice of reading the changing nature of his acting company and the pressing issues of contemporary politics and urban life The book also goes on to explore the relationship between Shakespeare and his audience and considers the dominant themes in his final works Analysing and responding to the latest criticism in the field this volume brings to light a vital re-examination of what it means to discuss late Shakespeare *Late Shakespeare, 1608-1613* Andrew J. Power, Rory Loughnane, 2013 In *Late Shakespeare 1608 1613* leading international Shakespeare scholars provide a contextually informed approach to Shakespeare's last seven plays *Shakespeare's Late Work* Raphael Lyne, 2007-02-22 This introduction to Shakespeare's work offers clear readings of his late plays Incorporating collaborative works revised works and textual analysis of this phase of Shakespeare's career it also considers its relationships with the work of Fletcher Middleton and with Shakespeare's own earlier works *Shakespeare's Late Plays* Jennifer Richards, 2019-08-07 This new collection reflects a resurgence of interest in Shakespeare's plays performed between 1608 and 1613 *Pericles Cymbeline The Winter's Tale The Tempest All is True Henry VIII The Two Noble Kinsmen* and *Cardenio* It offers a broad range of new historicist approaches touching upon key topics in current Shakespearean studies such as kinship relations manliness magic medico politics nationalism rhetoric schism sexuality and staging conventions The plays are explored both individually and within generic thematic and chronological groups Each author combines new research with their experience of teaching the plays offering innovative approaches to some well-known works as well as encouraging readers to explore less familiar dramas such as *Pericles Cymbeline All is True* and *The Two Noble Kinsmen* The volume is unusual in its coverage of the lost late play *Cardenio* and considers its significance for our conception of the lateness of these plays This book will fill a large gap in the market for a broad-ranging critical introduction to this important and increasingly popular area in Shakespeare's work and is suitable as a textbook for undergraduate graduate and more general readers *The Staging of Romance in Late Shakespeare* Christopher J. Cobb, 2007 This book examines Shakespeare's response in his late plays to the challenge of making romance stories believable through theatrical representation and the kind of experience the late plays in performance seek to create for their spectators Taking *The Winter's Tale* as a case study the book's central chapters demonstrate how Shakespeare tests and transforms the techniques to create the sweeping restorative transformations of individuals and communities that are central to both earlier dramatic romances and

Shakespeare's own romance experiments The book's three other chapters address the methodologies for study of spectator's experience through a dramatic text the history of dramatic romance to 1610 and Shakespeare's further experiments with the staging of romance after *The Winter's Tale* Shakespeare and Contemporary Irish Literature Nicholas Taylor-Collins, Stanley van der Ziel, 2018-09-18 This book shows that Shakespeare continues to influence contemporary Irish literature through postcolonial dramaturgical epistemological and narratological means International critics examine a range of contemporary writers including Eavan Boland Marina Carr Brian Friel Seamus Heaney John McGahern Frank McGuinness Derek Mahon and Paul Muldoon and explore Shakespeare's tragedies histories and comedies as well as his sonnets Together the chapters demonstrate that Shakespeare continues to exert a pressure on Irish writing into the twenty first century sometimes because of and sometimes in spite of the fact that his writing is inextricably tied to the Elizabethan and Jacobean colonization of Ireland Contemporary Irish writers appropriate adopt adapt and strategize through their engagements with Shakespeare and indeed through his own engagement with the world around him four hundred years ago *Shakespeare Survey* Stanley Wells, 2002-11-28 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback **Shakespeare's Stage Traffic** Janet Clare, 2014-01-09 Contesting the notion of Shakespeare as originator Clare demonstrates how Shakespeare adapted imitated and borrowed from the work of others **Late Style and Its Discontents** Gordon McMullan, Sam Smiles, 2016 Late Style and its Discontents interrogates the critical cliché of late style questioning whether Titian Beethoven Goethe and others can usefully be assimilated to one another as though their particular social and historical circumstances had been transcended by a singular existential predicament **Early Shakespeare, 1588-1594** Rory Loughnane, Andrew J. Power, 2020-04-30 Early Shakespeare 1588 1594 draws together leading scholars of text performance and theatre history to offer a rigorous re appraisal of Shakespeare's early career The contributors offer rich new critical insights into the theatrical and poetic context in which Shakespeare first wrote and his emergence as an author of note while challenging traditional readings of his beginnings in the burgeoning theatre industry Shakespeare's earliest works are treated on their own merit and in their own time without looking forward to Shakespeare's later achievements contributors situate Shakespeare in his twenties in a very specific time place and cultural moment The volume features essays about Shakespeare's early style characterisation and dramaturgy together with analysis of his early co authors rivals and influences including Lyly Spenser and Marlowe This collection provides essential entry points to and original readings of the poet dramatist's earliest extant writings and shines new light on his first activities as a professional author **The Cambridge Companion to Shakespeare's Last Plays** Catherine M. S. Alexander, 2009-07-16 In this book leading international Shakespeare scholars consider the significant characteristics of Shakespeare's last plays and place them in their Jacobean context Shakespeare and the Idea of Late Writing Gordon McMullan, 2007-12-06 An account of Shakespeare's last plays in relation to the idea of late style Shakespeare's Comedies Emma Smith, 2008-04-15 This Guide

introduces students to critical writing on Shakespeare's comedies over the last four centuries Guides students through four centuries of critical writing on Shakespeare's history plays Covers both significant early views and recent critical interventions Substantial editorial material links the articles and places them in context Annotated suggestions for further reading allow students to investigate further

Shakespeare's Dramatic Persons Travis Curtright, 2016-12-05 In Shakespeare's Dramatic Persons Travis Curtright examines the influence of the classical rhetorical tradition on early modern theories of acting in a careful study of and selection from Shakespeare's most famous characters and successful plays Curtright demonstrates that personation the early modern term for playing a role is a rhetorical acting style that could provide audiences with lifelike characters and action including the theatrical illusion that dramatic persons possess interiority or inwardness Shakespeare's Dramatic Persons focuses on major characters such as Richard III Katherina Benedick and Iago and ranges from Shakespeare's early to late work exploring particular rhetorical forms and how they function in five different plays At the end of this study Curtright envisions how Richard Burbage Shakespeare's best actor might have employed the theatrical convention of directly addressing audience members Though personation clearly differs from the realism aspired to in modern approaches to the stage Curtright reveals how Shakespeare's sophisticated use and development of persuasion's arts would have provided early modern actors with their own means and sense of performing lifelike dramatic persons

Shakespeare in Company Bart van Es, 2013-02-14 Considering both Shakespeare's fellow writers as well as members of his acting company Shakespeare in Company offers a unique insight into the company kept by William Shakespeare and how it impacted on his writing

Shakespeare and the Cultures of Performance Paul Edward Yachnin, Patricia Badir, 2008 Using the tools of theatre history in their investigation into the phenomenology of the performance experience the essays here also consider the social ideological and institutional contingencies that determine the production and reception of the living spectacle The contributors strive to bring better understanding to Shakespeare's imaginative investment in the relationship between theatrical production and the emotional intellectual and cultural effects of performance broadly defined in social terms

Shakespeare and the Soliloquy in Early Modern English Drama A. D. Cousins, Daniel Derrin, 2018-02-28 Encompassing nearly a century of drama this is the first book to provide students and scholars with a truly comprehensive guide to the early modern soliloquy Considering the antecedents of the form in Roman late fifteenth and mid sixteenth century drama it analyses its diversity its theatrical functions and its socio political significances Containing detailed case studies of the plays of Marlowe Shakespeare Jonson Ford Middleton and Davenant this collection will equip students in their own close readings of texts providing them with an indepth knowledge of the verbal and dramaturgical aspects of the form Informed by rich theatrical and historical understanding the essays reveal the larger connections between Shakespeare's use of the soliloquy and its deployment by his fellow dramatists

The Works of William Shakespeare: Timon of Athens. Julius Caesar. Macbeth. Hamlet William Shakespeare, 1881 [The Oxford Handbook](#)

of Shakespeare Arthur F. Kinney, 2012 Contains forty original essays **Moving Shakespeare Indoors** Andrew Gurr, Farah Karim-Cooper, 2014-03-06 Shakespeare's company the King's Men played at the Globe and also in an indoor theatre the Blackfriars The year 2014 witnessed the opening of the Sam Wanamaker Playhouse based on seventeenth century designs of an indoor London theatre and built within the precincts of the current Globe on Bankside This volume edited by Andrew Gurr and Farah Karim Cooper asks what prompted the move to indoor theatres and considers the effects that more intimate staging lighting and music had on performance and repertory It discusses what knowledge is required when attempting to build an archetype of such a theatre and looks at the effects of the theatre on audience behaviour and reception Exploring the ways in which indoor theatre shaped the writing of Shakespeare and his contemporaries in the late Jacobean and early Caroline periods this book will find a substantial readership among scholars of Shakespeare and Jacobean theatre history
