Latin America The Transition To Democracy

James M. Malloy, Mitchell A. Seligson

Latin America The Transition To Democracy:

The Transition to Democracy in Latin America Bruce W. Farcau, 1996-09-24 This book examines the role of the military in the wave of democratization that has swept through Latin America in the past decade. Although much of the leading literature on the transition to democracy recognizes the importance of hardline and softline factions within the military in this process, the author takes this study one step further to investigate the motivations of the military officers themselves. Using the cases of Brazil and Bolivia and relying on dozens of interviews with military officers, politicians, jurists, and other observers throughout Latin America, he determines that the factions' attitudes do not depend primarily on ideological commitment but on the leaders' calculation as to the career benefits to their followers of either supporting or opposing democratization. In terms of policy making, it is important to recognize this distinction in order to help preserve the fragile democracies which are already under threat from the military once again.

The Unfinished Transition to Democracy in Latin America Juan Carlos Calleros, 2009 This book examines the political evolution of the judiciary, a usually overlooked political actor and its capacity to contribute to the process of democratic consolidation in Latin America during the 1990s. Calleros analyzes twelve countries in order to assess the independence, impartiality, political strength, and efficiency of the judicial branch. The picture that emerges, with the one exception of Costa Rica, is the persistence of weak judicial systems unable in practice to check other branches of government, including the executive and the military, while not quite effective in fully protecting human rights or in implementing due process of law guarantees. Aggravating issues such as corruption, heavy case backlogs, overcrowding of prisons, circumvention of laws, and personal vulnerability of judges make the judiciary the least evolved of the three branches of government in the Latin American transitions to democracy.

The Unfinished Transition to Democracy in Latin America Juan Carlos Calleros-Alarcón, 2008-11-20 This book examines the political evolution of the judiciary, a usually overlooked political actor and its capacity to contribute to the process of democratic consolidation in Latin America during the 1990s. Calleros analyzes twelve countries in order to assess the independence, impartiality, political strength, and efficiency of the judicial branch. The picture that emerges, with the one exception of Costa Rica, is the persistence of weak judicial systems unable in practice to check other branches of government, including the executive and the military, while not quite effective in fully protecting human rights or in implementing due process of law guarantees. Aggravating issues such as corruption, heavy case backlogs, overcrowding of prisons, circumvention of laws, and personal vulnerability of judges make the judiciary the least evolved of the three branches of government in the Latin American transitions to democracy.

Repression, Resistance, and Democratic Transition in Central America Latin American Studies Association. International Congress, 2000 For Central America, the last third of the 20th century was a time of dramatic change in which most countries shifted from dictatorships to formal political democracy. This study demonstrates how revolt and revolution served as the motors of political change in Central America. The book examines the

various ways in which democratic transition has taken place all of which have been distinct from countries in South America where democratization was relatively sudden and peaceful It analyzes the major forces shaping change in the region and provides the recent political history of all six Central American countries Nicaragua El Salvador Guatemala Honduras Costa Rica and Panama Each country's particular transition should add to the reader's understanding of democratization **Latin America** Ronaldo Munck,1989 **Handbook of Public Policy in Latin America** Leonardo Secchi,Cesar N. Cruz-Rubio,2025-06-09 Bringing together an array of recognized scholars and practitioners from the region and beyond this Handbook provides a comprehensive overview of public policy research in Latin America It showcases diverse perspectives on the policymaking process from historical descriptive and prescriptive approaches to critical and feminist analyses *The Cambridge History of Latin America* Leslie Bethell,1984 This is an authoritative large scale history of the whole of Latin America from the first contacts between native American peoples and Europeans in the late fifteenth and early sixteenth centuries to the present day **Economic Policy and the Transition to Democracy** Gary McMahon,Juan Antonio Morales,2015-12-22 In the 1980s a large number of Latin American countries reverted from military dictatorships to civilian democracies In most cases the new democratic governments inherited an extremely precarious economic situation which left little room to manoeuvre This book analyzes the special problems that governments face in the formulation and implementation of economic policy after the restoration of democracy In each of six cases Argentina Bolivia Brazil Chile Paraguay and Uruguay an analysis is made of the difficulties encountered and the performance of the democratic governments **The Third Wave of Democratization in Latin America** Frances Hagopian,Scott P. Mainwaring,2005-06-06 The late twentieth century witnessed the birth of an impressive number of new democracies in Latin America This wave of democratization since 1978 has been by far the broadest and most durable in the history of Latin America but many of the resulting democratic regimes also suffer from profound deficiencies What caused democratic regimes to emerge and survive What are their main achievements and shortcomings This volume offers an ambitious and comprehensive overview of the unprecedented advances as well as the setbacks in the post 1978 wave of democratization It seeks to explain the sea change from a region dominated by authoritarian regimes to one in which openly authoritarian regimes are the rare exception and it analyzes why some countries have achieved striking gains in democratization while others have experienced erosions The book presents general theoretical arguments about what causes and sustains democracy and analyses of nine compelling country cases **Authoritarians and Democrats** James M. Malloy,Mitchell A. Seligson, By the end of the 1960s most of Latin America was under repressive military rule Conversely the 1980s have seen the emergence of formal constitutional democracies in Latin America and the Caribbean **Authoritarians and Democrats** describes these changes and the future prospects for constitutional government in Latin America **The Changing Role Of The State In Latin America** Menno Vellinga,2018-02-19 Since the 1930s the state has played a primary role in the

development process of Latin American countries and political systems have had strong corporatist and authoritarian centralist features In the last several years as that role has become increasingly incompatible with neoliberal reforms and the requirements of a transition to democracy state power has been significantly decentralized and the state has withdrawn from direct intervention in the economy This book examines the consequences of the redefinition of the state for processes of democratization and statecivil society relations Since the 1930s the state has played a primary role in the development process of most Latin American countries and political systems have had strong corporatist and authoritarian centralist features In the last several years as that role has become increasingly incompatible with neoliberal reforms and the requirements of a transition to democracy state power has been significantly decentralized and the state has withdrawn from direct intervention in the economy This book examines the consequences of the redefinition of the state for processes of democratization and statecivil society relations looking for example at transfers of power to local and regional authorities the role of NGOs and other interest groups in policymaking the emergence of new social movements and privatization and the introduction of market criteria Several country case studies are also included **Engendering Transitions** Georgina Waylen,2007-05-24 Using empirical material from eight case studies in East Central Europe and Latin America as well as South Africa this book explores the gendered constraints and opportunities provided by processes of democratization

Latin America Leslie Bethell,1998-06-13 The Cambridge History of Latin America is a large scale collaborative multi volume history of Latin America during the five centuries from the first contacts between Europeans and the native peoples of the Americas in the late fifteenth and early sixteenth centuries to the present Latin America Politics and Society since 1930 consists of chapters from Part 2 of Volume VI of The Cambridge History that provide a thorough account of political movements in Latin America Each chapter is accompanied by a bibliographical essay The Oxford Handbook of Constitutional Law in Latin America Conrado Hübner Mendes,Roberto Gargarella,Sebastián Guidi,2021-12-25 Constitutional law in Latin America embodies a mosaic of national histories political experiments and institutional transitions No matter how distinctive these histories and transitions might be there are still commonalities that transcend the mere geographical contiguity of these countries This Handbook depicts the constitutional landscape of Latin America by shedding light on its most important differences and affinities qualities and drawbacks and by assessing its overall standing in the global enterprise of democratic constitutionalism It engages with substantive and methodological conundrums of comparative constitutional law in the region drawing meaningful comparisons between constitutional traditions The volume is divided into two main parts Part I focuses on exploring the constitutions for seventeen jurisdictions offering a comprehensive country by country critique of the historical foundations institutional architecture and rights based substantive identity of each constitution Part II presents comparative analyses on the most controversial constitutional topics of the region exploring central concepts in institutions and rights The Oxford Handbook of Constitutional Law in Latin America is an essential

resource for scholars and students of comparative constitutional law and Latin American politics and history Written by leading experts it comprehensively examines constitutions controversies institutions and constitutional rights in Latin America *Governance after Neoliberalism in Latin America* J. Grugel,2009-06-22 Two decades of neoliberalism in Latin America have left legacies of uneven growth inequity and lackluster democracy This book offers an original and grounded discussion of what governance after neoliberalism means in Latin America and examines how states are pursuing more independent development strategies and models of democracy *The Global 1980s* Jonathan Davis,2019-03-28 The Global 1980s takes an international perspective on the upheaval across the world during the long 1980s 1979 1991 with the end of the Cold War a move towards a free market economic system and the increasing connectedness of the world The 1980s was a decade of unimaginable change At its start dictatorships across the world appeared stable the state was still seen as having a role to play in ensuring people s well being and the Cold War seemed set to continue long into the future By the end of the decade dictatorships had fallen globalisation was on the march and the opening of the Berlin Wall paved the way for the end of the Cold War Divided into four chronological parts sixteen chapters on themes including domestic politics the global spread of democracy international relations and global concerns including AIDS acid rain and nuclear war explore how world wide change was initiated both from above and below The book covers such topics as ideological changes in the liberal democratic west and socialist east protests against nuclear weapons and for democratic governance global environmental worries and the end of apartheid in South Africa Offering an overview of a decade in transition as the global order established after 1945 broke down and a new globalised world order emerged and supported by case studies from across the world this truly global book is an essential resource for students and scholars of the long 1980s and the twentieth century more generally **Democratic Transitions** Sujian Guo,Gary A Stradiotto,2014-04-03 Democratic transitions have occurred in many countries in various regions across the globe such as Southern Europe Latin America Africa East and Southeast Asia Eastern Europe and the Middle East and these nations have undergone simultaneously political economic and social transformations Yet the patterns and characteristics of transitions have varied significantly and different modes of transition have resulted in different outcomes This book offers cross national comparisons of democratic transition since the turn of the twentieth century and asks what makes democracies succeed or fail In doing so it explores the influence the mode of transition has on the longevity or durability of the democracy by theoretically examining and quantitatively testing this relationship The authors argue that the mode of transition directly impacts the success and failure of democracy and suggest that cooperative transitions where opposition groups work together with incumbent elites to peacefully transition the state result in democracies that last longer and are associated with higher measures of democratic quality Based on a cross national dataset of all democratic transitioning states since 1900 this book will be of great interest to students and scholars of international politics comparative politics and democracy and democratization studies Special Report ,1979

Transition To Democracy In Latin America Irwin P Stotzky, 2019-06-04 The transition to democracy in Latin America encompasses adjustments in norms and institutions regarding the strictures of the rule of law This book addresses the critical role of the judiciary in the transition The contributors examine the significance of the independence of the judiciary which ensures institutional integrity and freedom from p **The Department of State Bulletin** ,1984
