**The LAW of SUCCESS: the Complete Sixteen Lessons** Napoleon Hill, 2016-08-05 The Law of Success in 16 lessons, the first book by Napoleon Hill, is not only the precursor and the base of Think and Grow Rich; it is Think and Grow Rich on Steroids. It was originally released as 16 books, each dedicated completely to one of the LAWS OF SUCCESS that we will see ten years later in Think and Grow Rich, among the five best-selling books of all time, being number one. The Bible. But because of the different format and because this book is so much bigger than Think and Grow Rich, Hill is able to give more examples and to explain each of the laws completely and with a deepness that was impossible to achieve in his best-selling classic. Since the course that we bring now in one book was supposed to be a series of installments, each lesson is a stand-alone book in itself. Then you can go back to Think and Grow Rich and understand it in a way that you couldn't before. Yet again, all the information is already here, deeper and with more examples and explanations. This is without a doubt the ultimate course on Success.
