Essential Marvell

Matthew C. Augustine

Essential Marvell:

Marvell's Ambivalence Takashi Yoshinaka, 2011 A fresh reading of Marvell's most important works exploring the variety and complexity of his approaches to contemporary religious and political events Andrew Marvell's celebrated poetic ambivalence to the philosophical political and religious controversies of mid-seventeenth century England is the subject of this book which includes major new historical readings of his most important lyrics and political verse incorporating material from hitherto unpublished contemporary manuscripts It places the poetic imagination of Marvell and his contemporaries such as John Milton Henry Vaughan Abraham Cowley Margaret Cavendish William Davenant and Thomas Fairfax into the context of the turbulent public events of the time and demonstrates Marvell's hitherto unnoticed connection with the liberal rational and sceptical thinkers associated with the Great Tew circle It also argues that Marvell's middle way in theology is bound up with his ambivalence towards the Calvinist God Takashi Yoshinaka took his D Phil at the University of Oxford and is Professor of English in the Graduate School of Letters Hiroshima University

Andrew Marvell's Liminal Lyrics Joan Faust, 2012-10-12 The work is an interdisciplinary study of the major lyric poems of seventeenth century British metaphysical poet Andrew Marvell It invites Marvell readers to view the poet and some of his representative lyrics in the context of the anthropological concept of liminality and the in-between aspects of experience

The Art of Marvell's Poetry J. B. Leishman, 2021-10-29 First Published in 1966 The Art of Marvell's Poetry presents J B Leishman's appreciation of Andrew Marvell's poems by demonstrating a sensitive understanding of attitudes peculiar to the seventeenth century and to Marvell Leishman calls Marvell an inveterate imitator and experimenter His success depended on originality of combination rather than originality of invention But while such phrases as Musick the Mosaique of the Air Desarts of vast Eternity and a green Thought in a green shade were certainly inspired by others they are distinctively and unquestionably Marvell's own Marvell's poetry is shown to be the work of a man living at a certain moment in history it is poetry which could not have been written at any other time and its affinities to the work of contemporary poets are clearly demonstrated The Art of Marvell's Poetry is a must read for scholars and researchers of English poetry English literature and European literature

"Cultures of Whiggism" David Womersley, Paddy Bullard, Abigail Williams, 2005 In the preface to his edition of Shakespeare Alexander Pope noted that his age was one of Parties both in Wit and State Much scholarship has been devoted to the complexities of the political parties of the eighteenth century but there has been a surprising reluctance to explore what Pope implied were the corollaries of those parties namely parties in literature The essays collected here explore the literary culture that arose from and supported what Pitt the Elder referred to as the great spirit of Whiggism that animated English politics during the eighteenth century From the prehistory of Whiggism in the court of Charles II to the fractures opened up within it by the French Revolution in the 1790s the interactions between Whiggish politics and literature are sampled and described in groundbreaking essays that range widely across the fields of eighteenth century political prose poetry and the novel *Marvel Graphic Novels and Related Publications* Robert G.
