Known for his discourses on the intellectual and spiritual bankruptcy of the modern world, symbolism, tradition and the inner or spiritual dimension of religion, this book is a compilation of his most important writings. A key component of his thought was the assertion that universal truths manifest themselves in various forms in the world's religions, and his writings on Hinduism, Taoism and Sufism are particularly illuminating in this regard.      Psychic Healing John Weldon, Zola Levitt, 2013-02-13 You might expect this book to ridicule the whole idea of psychic healing, surgery without anesthesia, instantly closed wounds and other bizarre phenomena relating to this occult science. Rather than labeling psychic healing quackery or trickery or cheap magic, the authors verify the fact that psychic healing is very real and the ramifications are horrifying. Normal people cannot heal psychically. Only occultists can. In genuine psychic healing, demonic energy is employed. Eyewitness accounts of weird operations, dematerializing flesh and other mind boggling evidences abound in this text. More than just one of the strangest and most disturbing books you may ever read, this is a carefully researched, heavily documented exposé of an alarming otherworld practice.      **Essential Prosperity** Napoleon Hill, James Allen, Wallace D.
