By reading any one of the chapters in this book you can get a clear picture of what the philosophers down through the ages have said about one of your real problems. Although each chapter is a unit in itself and can be read without reference to the other chapters, it is advisable for the reader to begin with the first chapter and go through the book. This will give you a wide view of the great philosophers and will help you to see each problem or group of problems in relation to the other problems and groups of problems in the book. At the end of the book you will find Biographical Notes concerning the philosophers whom you meet in the pages of the book. This should be used as a quick reference when you want to know the exact dates during which the philosopher lived or other pertinent facts about him.
