Handbook of Descriptive Linguistic Fieldwork Shobhana L. Chelliah, Willem J. de Reuse, 2010-10-06 The Handbook of Descriptive Linguistic Fieldwork is the most comprehensive reference on linguistic fieldwork on the market bringing together all the reader needs to carry out successful linguistic fieldwork Based on the experiences of two veteran linguistic fieldworkers and advice from more than a twenty active fieldwork researchers this handbook provides an encyclopedic review of current publications on linguistic fieldwork and surveys past and present approaches and solutions to problems in the field and the historical political and social variables correlating with fieldwork in different areas of the world The discussion of the ethical dimensions of fieldwork as well as what constitutes the typical linguistic fieldwork setting or consultant is explored from multiple perspectives relevant to fieldwork on every continent Included is information omitted in most other texts on the subject such as the collection representation management and methods of extracting grammatical information from discourse and conversational data as well as the relationship between questionnaire based elicitation text based elicitation and philology and the need for combinations of these methods The book is useful before during and after linguistic field trips since it provides extensive practical macro and micro organization and planning fieldwork tips as well as a handy sketch of major typological features for use in linguistic analysis Comprehensive references are provided at the end of each chapter as resources relevant to the reader's particular interests

Linguistic Structures and Linguistic Laws Ferenc Kovacs, 1971-12-31 This monograph has as its objective to give a critical survey of the development of the theories concerning the essence the function and the most characteristic determining features of language and to explore and evaluate the motive forces responsible for this development The author explains mainly the progressive elements of the theoretical foundations and methodological procedures of different times and schools trends and places them in the process which presents the course of development of linguistic theory as an organic whole He deals in detail with the foreign mainly

American and Hungarian monographic publications based on so called modern methodologies and in the light of the facts of language points out the theoretical gnoseological philosophical errors which of course are errors from the point of view of general linguistics too He relies on a Marxist based interpretation of the modern concept of natural and social law for the formulation of his own conception of linguistic law which includes also his own view of linguistics structures General Linguistics Francis P. Dinneen,1995 A comprehensive overview of the development of language studies from the ancient Greeks through modern theorists this book focuses on determining what the enduring issues in linguistics are what concepts have changed and why Francis P Dinneen SJ defines the basic terminology of the discipline as well as different linguistic theories and he frequently compares underlying assumptions in contemporaneous science and linguistics General Linguistics traces the history of linguistics from ancient Greek works on grammar and rhetoric through the medieval roots of traditional grammar and its assumption that there is a norm for correct speech Dinneen marks the beginning of modern linguistics with Saussure s concept of an autonomous linguistic structure independent of socially imposed norms and he details the theoretical contributions of Sapir Bloomfield Hjelmslev Chomsky Pike and others Dinneen considers the relative merits of the different theories and models evaluating their claims and shortcomings A thorough introduction to linguistics for newcomers to the field this book will also be valuable to linguists psychologists philosophers and historians of science for its evaluations of major theoretical concepts in light of enduring issues and problems in language studies **The Emergence of the Modern Language Sciences** Sheila Embleton,John E.
