*The Image of Man* George L. Mosse, 1998-10-08 What does it mean to be a man What does it mean to be manly How has our notion of masculinity changed over the years In this book noted historian George L Mosse provides the first historical account of the masculine stereotype in modern Western culture tracing the evolution of the idea of manliness to reveal how it came to embody physical beauty courage moral restraint and a strong will This stereotype he finds originated in the tumultuous changes of the eighteenth century as Europe s dominant aristocrats grudgingly yielded to the rise of the professional bureaucratic and commercial middle classes Mosse reveals how the new bourgeoisie faced with a bewildering rapidly industrialized world latched onto the knightly ideal of chivalry He also shows how the rise of universal conscription created a soldierly man as an ideal type In bringing his examination up to the present Mosse studies the key historical roles of the so called fairer sex women and unmanly men Jews and homosexuals in defining and maintaining the male stereotype and considers the possible erosion of that stereotype in our own time

Report and speeches at the third annual meeting of the Church Pastoral Aid Society, May 8 1838. **The Christian text-book and birthday remembrancer** Christian text-book, 1874. *Gendering Global Conflict* Laura Sjoberg, 2013-08-06. Laura Sjoberg positions gender and gender subordination as key factors in the making and fighting of global conflict. Through the lens of gender, she examines the meaning, causes, practices, and experiences of war, building a more inclusive approach to the analysis of violent conflict between states. Considering war at the international, state, substate, and individual levels, Sjoberg's feminist perspective elevates a number of causal variables in war decision making. These include structural gender inequality, cycles of gendered violence, state masculine posturing, the often overlooked role of emotion in political interactions, gendered understandings of power, and states' mistaken perception of their own autonomy and unitary nature. *Gendering Global Conflict* also calls attention to understudied spaces that can be sites of war, such as the workplace, the household, and even the bedroom. Her findings show gender to be a linchpin of even the most tedious and seemingly bland tactical and logistical decisions in violent conflict. Armed with that information, Sjoberg undertakes the task of redefining and reintroducing critical readings of war's political, economic, and humanitarian dimensions, developing the beginnings of a feminist theory of war. *The Articles of Faith of the Holy Evangelical Church, According to the Word of God and the Augsburg Confession. Set Forth in Forty Sermons ... Translated ... Into English by J. M. Magens* Peder NASKOV, 1754. All Men Are Dogs Rev. Chancey M. Smith, Rev. Chancey M. Smith, 2009-04. *All Men are Dogs* is a provocatively motivating eye opener that will empower men with the ability to reclaim the foreign estate of their rightful position as the image of God. Every woman who reads this book will be endowed with the power of healing and forgiveness. This book will bring a new direction to men, new perspective to women, and radical changes to the life styles of men, women, and families. The revelatory knowledge contained in the book will give you the courage to change your life and the wisdom to find your lost identity, integrity, and authority. No longer will you have to settle for less, living beneath your privilege. But you will be able to walk worthy of the vocation wherewith ye are called. To operate in the principles and standards that God had designed for your life. As new creatures in Christ Jesus, living in the fullness of God's grace, this book will be a lethal weapon in the hands, heart, and mind of any man or woman who would dare to read and accept the challenges prescribed in it and for those who are willing to conform to the inspired Word of God contained in it. **The Buckler of the Faith: or, a Defence of the Confession of Faith of the Reformed Churches in France against the objections of M. Arnoux ... Written in French ... now translated into English** Pierre DU MOULIN (the Elder.), 1623. On the Dignity of Society F. Russell

Hittinger,2024-05 In this collection of essays Francis Russell Hittinger shows that Catholic social teaching is not only an articulate defense of the dignity of the human person but perhaps more fundamentally an elucidation of the dignity of society. Indeed Hittinger enables us to see that one cannot properly defend the dignity of the person without also showing the dignity of societies in which human persons as naturally familial political and ecclesial animals seek their own perfection in communion with others. Hittinger has been a renowned scholar of Catholic social doctrine for some time now and the essays presented here are the fruit of his mature thinking on the topic over the course of many years. As each chapter shows Hittinger's historically important body of work on Catholic moral and social philosophy and theology is rooted in natural law theory and Thomistic philosophy but also animated by St Augustine's thought and thus consistently sensitive to historical contexts and arenas for moral and theological disputation. These magisterial essays therefore integrate historical studies of the development of Catholic social teaching with systematic exposition of the theological coherence of that tradition while also articulating the essential role of philosophy and natural law within both. The volume is divided into three parts. The first part is comprised of six essays on Catholic social teaching the second part is made up of six essays on natural law and its role in social doctrine and the third part includes two essays discussing the first principles of the Church's teaching on social issues. This collection will no doubt become a standard in the field of scholarship on Catholic social teaching. **Meister**

**Eckhart** Burkhard Mojsisch,2001-09-18 The thought of Meister Eckhart the Dominican theologian the preacher the master of language the mystic exudes a remarkable fascination on the modern mind not the least due to its characteristic interplay of scholastic academic and vernacular terminology. This volume presents the only book length study in English of Meister Eckhart the philosopher within the tradition in which his thought is embedded and from which it draws its authority. It shows that even as Eckhart may be justly regarded as a medieval precursor of a modern philosophy of subjectivity the novelty and continuity of his thought can only be understood in its relation to that of Albert the Great Aristotle Dionysius Pseudo Areopagita the Liber de causis and the Neoplatonic heritage Theodor of Freiberg and Thomas Aquinas as well as Eckhart of Grndig Jakob of Metz and Johannes Picardi of Lichtenberg. At its center lies the return of the soul through its detachment from everything corporeal manifold and temporal into its ground or spark into that something in the soul where according to Eckhart the ground of God is my ground and my ground is God's ground. The present translation not only revises the German language original to take account of recent debates in Eckhart scholarship it moreover makes accessible to the non specialist all Latin and Middle High German material much of it previously not available in any translation at all. Meister Eckhart Dominikanischer Theologe Prediger Sprachgenie Mystiker sein Denken fasziniert den modernen Menschen nicht zuletzt wegen der einprägsamen Wechselwirkung von scholastisch akademischer Terminologie und deutscher Mundart. Der vorliegende Band ist die einzige englischsprachige Monographie über Meister Eckhart als Philosophen die ihn im Zusammenhang der ihn maßgeblich bedingenden philosophischen Tradition interpretiert. Auch wenn Eckhart zurecht als

Vordenker der modernen Subjektivität gilt kann man ihn nur im Bezug auf Albert den Großen Aristoteles Dionysius Pseudo Areopagita den Liber de causis und die neuplatonische Tradition Dietrich von Freiberg und Thomas von Aquin sowie Eckhart von Gernung Jakob von Metz und Johannes Picardi von Lichtenberg ad quatuor verstandes verstehen Im Mittelpunkt dieser Studie steht die Rückkehr der Seele durch ihre Abgeschiedenheit vom Körperlichen vom Mannigfaltigen und vom Zeitlichen in ihren Grund bzw in den Funken der Seele wo nach Eckhart Gottes Grund in sich Grund und in sich Grund Gottes Grund ist Der vorliegende Band revidiert nicht nur die deutschsprachige Originalstudie im Hinblick auf Debatten in der neueren Eckhart-Forschung Auch dem Nicht-Spezialisten werden sämtliche lateinische und mittelhochdeutsche Quellen durch die Übersetzung ins Englische zugänglich gemacht
