Ken Miki Selected Works 19942002:

Ken Miki Selected Works 1994-2002 〇〇〇,2002-07-30 *In Pursuit of the Seikatsusha* 〇〇〇〇,2011 This is a study of Japan's home grown concept of seikatsusha that resembles citizen people consumer common man and the public though not exactly identical with any of them The idea has occupied an important place in Japanese everyday life academia and progressive movements This book presents an extensive genealogy of the concept of seikatsusha from the beginning of the 20th century to the present day While examining the philosophy of such thinkers as Kiyoshi Miki Nobuyuki Onuma and Shunsuke Tsurumi the book scrutinizes the debate over seikatsusha which has been undertaken by a variety of political and intellectual movements including Shiso no kagaku Science of thought Beheiren Citizens for Peace in Vietnam and the Seikatsu Club The book points to the viability of the idea of seikatsusha in a sustainable welfare society in the 21st century and is the first in English to fully investigate the concept within Japan's historical and structural context Recent Japanese Philosophical Thought 1862-1994 Gino K. Piovesana,2013-12-16 Piovesana's famous survey is republished with an additional chapter by Naoshi Yamawaki to cover the intervening years up to 1994 It continues to be the only introduction to Japanese thinkers and philosophical thought covering the period of Japan's modern era **Miki Kiyoshi 1897-1945** Susan Townsend,2009-06-15 This book takes us on a fascinating journey through the world of thought of Miki Kiyoshi one of Japan's pre eminent philosophers before the Pacific War and thus makes us discover the man behind the philosopher His collaboration with government think tanks in the late 1930s has made him highly controversial in historiographical debates His death in prison six weeks after Japan's defeat hastened the lifting of pre war restrictions on civil rights in Japan He was a prolific diverse and original thinker revered by the Japanese as a plain speaking deeply humanistic philosopher who connected with the real lives of the people As a translator editor and journalist he introduced many works of western European literature and philosophy into Japan Encyclopedia of Twentieth-Century Photography, 3-Volume Set Lynne Warren,2005-11-15 The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide ranging interdisciplinary manner This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force This Encyclopedia presents the important developments movements photographers photographic institutions and theoretical aspects of the field along with information about equipment techniques and practical applications of photography To bring this history alive for the reader the set is illustrated in black and white throughout and each volume contains a color plate section A useful glossary of terms is also included *Japan's Colonial Moment in Southeast Asia 1942-1945* Nakano Satoshi,2018-10-03 The first ever attempt to paint a full scale portrait of the Japanese Occupation of Southeast Asia during the Asia Pacific War 1942-45 This book draws on the huge body of available narrative military documents bureaucratic records and personal accounts of combatants and civilians including diaries memoirs and collected correspondence most of which have previously been either

unknown or unavailable to non Japanese readers It examines how the Japanese imperial adventure in Southeast Asia sped up the collapse of the Japanese Empire as a whole not only through its ultimate military defeat in the region but also due to its failure as an occupier from the very beginning Nakano explains the significance of the Japanese Occupation of Southeast Asia as a learning experience for the occupiers whether soldiers on the frontlines or civilians on the home front He uses a synthesis overlay and juxtaposition of a selection of these narratives to reassemble the narrative as a whole This brings into focus the outlook of those Japanese who set out for Southeast Asia with the purpose to urge the region s occupied people to collaborate with Japan to transform the region into an integral part of the Greater East Asia Co Prosperity Sphere Many would eventually discover that what required change was Japan and its whole approach to colonial rule as was realized so quickly in the postwar era The original Japanese version was published as Tonan Ajia senryo to Nihonjin Teikoku Nihon no kaitai The occupation of Southeast Asia and the Japanese The dismantling of the Japanese Empire Tokyo Iwanami Shoten 2012 ISBN 430922542X [Handbook of Phenomenological Aesthetics](#) Hans Rainer Sepp, Lester Embree, 2010-03-11 Historically phenomenology began in Edmund Husserl s theory of mathematics and logic went on to focus for him on transcendental rst philosophy and for others on metaphysics philosophical anthropology and theory of interpretation The continuing focus has thus been on knowledge and being But if one began without those interests and with an understanding of the phenomenological style of approach one might well see that art and aesthetics make up the most natural eld to be approached phenomenologically Contributions to this eld have continually been made in the phenomenological tradition from very early on but so to speak along the side The situation has been similar with phenomenological ethics A great deal of thought about art and aesthetics has nevertheless accumulated during a century and a handbook like the present one is long overdue The project of this handbook began in conversations over dinner in Sepp s apa ment in Baden Baden at one evening of the hot European summer in the year 2003 As things worked out he knew more about whom to ask and how much space to allocate to each entry and Embree knew more about how to conduct the inviting preliminary editing and prodding of contributors who were late returning their criticized drafts and copyedited entries and was able to invest the time and other resources from his endowed chair That process took longer than anticipated and there were additional unfortunate delays due to factors beyond the editors s control **Akushisu** ,2004 **The Routledge Handbook of Comparative World Rhetorics** Keith Lloyd, 2020-06-10 The Routledge Handbook of Comparative World Rhetorics offers a broad and comprehensive understanding of comparative or world rhetoric from ancient times to the modern day Bringing together an international team of established and emergent scholars this Handbook looks beyond Greco Roman traditions in the study of rhetoric to provide an international cross cultural study of communication practices around the globe With dedicated sections covering theory and practice history pedagogy hybrids and the modern context this extensive collection will provide the reader with a solid understanding of how comparative rhetoric evolved how it re defines and expands the field of

Essays on Japan Michael Marra,2010-10-15 Essays on Japan is a compilation of Professor Michael F Marra s essays written in the past ten years on the topics of Japanese literature Japanese aesthetics and the space between the two subjects Marra is one of the leading scholars in the field of Japanese aesthetics and hermeneutics and has published extensively on medieval and early modern Japanese literature thought and the arts This work will present the reader critical insight into the fields of Japanese aesthetics literary hermeneutics and literature with essays on such texts and figures as Kuki Sh z The Tale of Genji Motoori Norinaga and Heidegger *Unruly Penelopes and the Ghosts* Eva Darias-Beautell,2012-08-06 This collection of essays studies the cultural and literary contexts of narrative texts produced in English Canada over the last forty years It takes as its starting point the nationalist movement of the 1960s and 70s when the supposed absence or weakness of a national sense became the touchstone for official discourses on the cultural identity of the country That type of metaphor provided the nation with the distinctive elements it was looking for and contributed to the creation of a sense of tradition that has survived to the present In the decades following the 1970s however critics artists and writers have repeatedly questioned such a model of national identity still fragile and in need of articulation by reading the nation from alternative perspectives such as multiculturalism environmentalism neo regionalism feminism or postcolonialism These contributors suggest that the artistic and cultural flowering Canada is experiencing at the beginning of the twenty first century is to a great extent based on the dismantlement of the images constructed to represent the nation only forty years ago Through their readings of representative primary texts their contextual analysis and their selected methodological tools the authors offer a tapestry of alternative approaches to that process of dismantlement Together they read as an unruly Penelopiad their unravelling readings self consciously interrogating Canada s lack of ghosts Theorizing Colonial Cinema Nayoung Aimee Kwon,Takushi Odagiri,Moonim Baek,2022-02 Theorizing Colonial Cinema is a millennial retrospective on the entangled intimacy between film and colonialism from film s global inception to contemporary legacies in and of Asia The volume engages new perspectives by asking how prior discussions on film form theory history and ideology may be challenged by centering the colonial question rather than relegating it to the periphery To that end contributors begin by excavating little known archives and perspectives from the colonies as a departure from a prevailing focus on Europe s imperial histories and archives about the colonies The collection pinpoints various forms of devaluation and misrecognition both in and beyond the

region that continue to relegate local voices to the margins This pathbreaking study on global film history advances prior scholarship by bringing together an array of established and new interdisciplinary voices from film studies Asian studies and postcolonial studies to consider how the present is continually haunted by the colonial past Winner of the SCMS Best Edited Collection Award
