Kennedys 13 Great Mistakes In The White:

Kennedy's 13 Great Mistakes in the White House Malcolm E. Smith, 1968 *The Cambridge Companion to John F. Kennedy* Andrew Hoberek, 2015-04-23 John F Kennedy remains central to both the American and the global imagination Featuring essays by leading literary critics historians and film scholars *The Cambridge Companion to John F Kennedy* addresses such topics as Kennedy s youth in Boston and his time at Harvard his foreign policy and his role in reshaping the US welfare state his relationship to the civil rights and conservative movements and the ongoing reverberations of his life and death in literature and film Going beyond historical or biographical studies these chapters explore the creation and afterlife of an icon a figure who still embodies and sparks debate about what it means to be American **Kennedy's 13 [thirteen] Great Mistakes in the White House** Malmcolm E. Smith jr., Kennedy, 1968 *Decade of Disillusionment* Jim F. Heath, 1975 Discusses the decade of the Sixties in America the administrations of two Democratic Presidents Kennedy and Johnson and the war in Vietnam **Stuck In The Sixties** George Rising, 2010-11-08 The 1960s were a colorful tumultuous age that transformed American society Ever since the decade ended Americans have debated the changes that it unleashed While most liberals argue that the era s eff ects were mainly positi ve and long overdue conservati ves perceive the 1960s as a disastrous ti me that has left ruinous legacies for us *Stuck in the Sixti es* analyzes conservati ves views about the 1960s era and its legacies by examining their discourse about such sixti es fi gures and movements as John F Kennedy Marti n Luther King Jr the civil rights movement the Warren Court the Great Society the Vietnam War the anti war movement the New Left and the counterculture The book reveals that for a generati on a focus on att acking and reversing the legacies of the 1960s has been essenti al to the conservati ve Republican agenda *Politics on a Human Scale* Jeff Taylor, 2013-09-27 Featuring a foreword by Congressman Glen Browder *Politics on a Human Scale* examines political decentralization in the United States from the founding of the republic to the present Part of the desirable equilibrium is a sense of proportionality Some sizes some amounts some levels are more appropriate than others Decentralism is the best political tool to ensure equilibrium to promote proportionality and to obtain appropriate scale Power distribution should be as wide as possible Government functions should be as close to the people as practicable In this way individual human beings are not swallowed by a monstrous Leviathan Persons are not at the mercy of an impersonal bureaucracy led by the far away few Decentralism gives us politics on a human scale It gives us more democracy within the framework of a republic The longest chapters in the book deal with crucial turning points in U S history specifically when decentralists lost the upper hand in the two major political parties Decentralism in our nation runs deep both intellectually and historically It also has considerable popular support Yet today it is a virtual political orphan In Washington neither major political party is serious about dispersing power to lower levels of government or to the people themselves Still there are dissident politicians and political movements that remain committed to the decentralist principle Power needs to be held in check partly through decentralization because power holds

a great and dangerous attraction for humans Recognition of this human tendency is the first step in guarding against it and getting back on a better path Bobby and Jackie C. David Heymann,2009-07-14 From the New York Times bestselling author of A Woman Named Jackie comes this in depth and well researched look at the complex relationship that existed between Bobby Kennedy and Jacqueline Kennedy Onassis 50 b w photos throughout **LBJ: The Mastermind of the JFK Assassination** Phillip F. Nelson,2013-07-01 LBJ aims to prove that Vice President Johnson played an active role in the assassination of President Kennedy and that he began planning his takeover of the U S presidency even before being named the vice presidential nominee in 1960 Lyndon B Johnson s flawed personality and character traits formed as a child grew unchecked for the rest of his life as he suffered severe bouts of manic depressive illness He successfully hid this disorder from the public as he bartered stole and finessed his way through the corridors of power on Capitol Hill though it s recorded that some of his aides knew of his struggle with bipolar disorder After years of researching Johnson and the JFK assassination Phillip F Nelson conclusively shows that LBJ had an active role in JFK s assassination and he includes newly uncovered photographic evidence proving that Johnson knew when and where Kennedy s assassination would take place Nelson s careful and meticulous research has led him to uncover secrets from one of the greatest unsolved mysteries in our country s history **The Kennedy Family** S. J. Fuller,2007 America has no official royalty by design Yet there have been the Roosevelts the Adams the Bushes the wannabee Clintons and most intriguing of all the Kennedys The Kennedys have so far only reached the presidency once but the assassination of JFK and his brother Robert and the trials and tribulations of the family members and society in general continue to fascinate the world This new book presents more than 1200 citations of books and related materials arranged by family member The accompanying CD ROM offers ready access and easy searching

John F. Kennedy's 13 Great Mistakes in the White House Malcolm E. Smith,1968 **LBJ** Phillip F. Nelson,2011-10-20 LBJ aims to expose Vice President Johnson s active role in the assassination of President Kennedy and how he began planning his takeover of the U S presidency even before being named the vice presidential nominee in 1960 Lyndon B Johnson s flawed personality and character traits were formed when he was a child and grew unchecked for the rest of his life as he suffered severe bouts of manic depression and bipolar disorder He successfully hid this disorder from the public as he bartered stole and finessed his way through the corridors of power on Capitol Hill though records have been uncovered proving some of his aides knew of his mental illness Phillip F Nelson after years of researching Johnson and the JFK assassination concludes that during his vice presidency Johnson suffered progressively stronger bouts of mental collapse as he was busy undermining Kennedy s domestic and foreign policy initiatives for the purpose of cunningly saving them for his own legacy His involvement with JFK s assassination is conclusively drawn with both text and photographic evidence showing Johnson s knowledge of when and where the assassination would take place Nelson s careful and meticulous research has led him to uncover secrets from one of the greatest unsolved mysteries in our country s history **The Nixon**

Tapes: 1973 Douglas Brinkley, Luke A. Nichter, 2015-09-22 This revealing transcription captures a dark and dramatic year in presidential history and the words of Richard Nixon himself The New York Times Book Review Between 1971 and 1973 President Richard Nixon's voice activated tape recorders captured 3 700 hours of conversations Douglas Brinkley and Luke Nichter's intrepid two volume transcription and annotation of the highlights of this essential archive provides an unprecedented and fascinating window into the inner workings of a momentous presidency The Nixon Tapes 1973 tells the concluding chapter of the story the final year of taping covering such events as the Vietnam cease fire the Wounded Knee standoff and of course the Watergate investigation Once again there are revelations on every page With Nixon's landslide 1972 reelection victory receding into the background and the scandal that would scuttle the administration looming The Nixon Tapes 1973 reveals the inside story of the tragedy that followed the triumph

The Greek Connection James H. Barron, 2020-07-13 Spanning from WWII to the Cold War and beyond this is the magnificent triumphant biography of the investigative journalist resistance fighter and whistle blower who helped expose the Watergate scandal Doris Kearns Goodwin author of Leadership He was one of the most fascinating figures in 20th century political history Yet today Elias Demetracopoulos is strangely overlooked even though his life reads like an epic adventure story As a precocious twelve year old in occupied Athens he engaged in heroic resistance efforts against the Nazis for which he was imprisoned and tortured After his life was miraculously spared he became an investigative journalist covering Greece's tumultuous politics and America's increasing influence in the region A clever and scoop hungry reporter Elias soon gained access to powerful figures in both governments and attracted many enemies When the Greek military dictatorship took power in 1967 he narrowly escaped to Washington DC where he would lead the fight to restore democracy in his homeland while running afoul of the American government too Now after a decade of research and original reporting James H Barron uncovers the story of a man whose tireless pursuit of uncomfortable truths would put him at odds with not only his own government but that of the Truman Eisenhower Kennedy Johnson Nixon Ford Carter and Reagan administrations making him a target of CIA FBI and State Department surveillance and harassment and Greek kidnapping and assassination plots American authorities may have purposefully overlooked A stunning feat of biographic storytelling sweeping from World War II to the Cold War Watergate and beyond The Greek Connection is about a lifetime of standing up for democracy and a free press against powerful special interests It has much to teach us about our own era's abuses of power dark money journalist intimidation and foreign interference in elections

Black Swan Moments Joseph Jackson, 2021-06-21 Black Swan Moments is the story of the Kennedy assassination and the man who would have solved it Nuclear physicist Frank Jackson had a top secret security clearance He knew there had been a conspiracy and he was going to name names but on December 13 1963 he died under mysterious circumstances at the age of forty nine His death paved the way for the magic bullet theory This book explains the real reason that Chaim Richman and the Paines were introduced to Lee Harvey Oswald It also reveals what really happened

in Dealey Plaza and it names the men who shot Kennedy It features new information that explains how the assassination was financed It was written to explain what happened to Frank Jackson and the measures taken to silence the author It also includes shocking information about the events that led to the controversial removal of Frank Jackson as director of the Center for Naval Analyses in 1962 In 1963 many people in the government were aware of Frank Jackson Among them were Richard Bissell Fred Korth Bobby Kennedy John McCone John Connally and John McCloy The intelligence community couldn't stop this book from being published because it includes rare photos rare documents and unimpeachable information from well placed sources Highly detailed it answers questions that most people would be afraid to ask about the death of our thirty fifth president
