Kenneth Dingwall Kenneth Dingwall,1996 *Faithful Intellect* Neil Semple,2005 In 1850 Samuel Nelles a well educated Methodist minister was selected to resuscitate the debt ridden and declining Victoria University As principal and later as president and chancellor he fought against shortsighted government educational policies while making the school into one of the premier universities in Canada A true academic Nelles believed in the importance of testing assumed laws dogmas and creeds However his pursuit of intellectual inquiry was always guided by a rational faith in God as well as the expectation of the future greatness and goodness of humanity Faithful Intellect expands the reader s understanding of many of the key intellectual religious and political concerns of nineteenth century English Canada while providing an essential contribution to the study of Canada s system of higher education **Kenneth Dingwall** Kenneth Dingwall,Scottish Arts Council Gallery,1977 **Twenty-five Years of the National Art-Collections Fund, 1903-1928** National Art-Collections Fund (Great Britain),Dugald Sutherland MacColl,1928 **Kenneth Dingwall** Kenneth Dingwall,1996 **Review of the Principal Acquisitions** ,1928 **The Risings on the North-west Frontier** ,1898 **Scottish Art since 1960** Craig Richardson,2017-07-05 Craig Richardson here addresses key areas of cultural politics and identity in a way that not only illuminates the development of Scottish art but teases out another strand of the plurality of developments which led to the success of artists throughout the UK in the 1990s It is of the highest relevance whether one s perspective is that of the development of the Scottish art British art or European art of this period The book adds significantly to our knowledge of the art of this period in a way that will aid not only our historical understanding but our understanding of the dynamics of art practice today Providing an analysis and including discussion interviewing artists curators and critics and accessing non catalogued personal archives towards a new chronology Richardson here examines and proposes a sequence of precisely denoted exemplary works which outlines a self conscious definition of the interrogative term Scottish art Among the artists whose work is discussed are John Latham Simon Starling Alan Johnston Roderick Buchanan Glen Onwin Christine Borland William Johnstone Joan Eardley Alexander Moffat Douglas Gordon Alan Smith Graeme Fagen Ross Sinclair and many others The discussion culminates in a critically original demonstration of the scope for further research and practice within the subject facilitating national cultural debate on the character of Scottish national visual art **Annual Report** National Art-Collections Fund (Great Britain),1907 **The Ontario Reports** Ontario. of the Meiji period The Meiji period after the opening of Japan to the West in the mid nineteenth century was a time of momentous change for Japanese society and Kozan s Makuzu workshop makes an ideal case study to examine the effects of these changes on the Japanese ceramic industry This book tells the story of Kozan s Makuzu wares from their origins in a traditional workshop in Kyoto to their maturity in a prolific factory in the newly opened port of Yokohama where Kozan s ability to cater to the demands of a new Western export market and to incorporate new Western glaze techniques led to enormous success both in Japan and abroad at the international exhibitions that flourished from the 1850s Lavish illustrations highlight Kozan s remarkable and technical and artistic achievements while ceramic marks and box inscriptions are analysed as a practical guide to dating Makuzu ware Clare Pollard discusses the role of later generations of the Miyagawa family in the running of the workshop and relates developments in Makuzu ware to the work of other major potters of the era both in Japan and in Europe and America Incorporating contemporary sources including previously unstudied archival material from the Makuzu workshop itself recent research and the study of a large corpus of Makuzu wares in museums and private collections all over the world the book examines the artistic political and commercial factors that influenced Kozan and his contemporaries as they strove to come to terms with shifting life styles and changing attitudes to the arts and moved towards the creation of a modern ceramic industry

Life, Times and Work of William Gillies, 1898-1973 Andrew McPherson, 2024-11-30 For seventy

years William Gillies has been seen as a placid painter of landscape and decorative still life Andrew McPherson explodes this view to reveal a modernist whose response to the instabilities and violence of modernity touched universals of human experience Gillies idiom was shaped by institutions for artistic production unique to Scotland But it was the politics of Scotland s connections to the rest of the British Isles that produced his mythic and misleading reputation New paintings and new meanings are uncovered placing the micro effects of modernity on mental health family and community in the wider contexts of war nationalism and public patronage McPherson also shows how this changing world led Gillies towards new applications of modernist expression Lavishly illustrated and referencing almost one thousand works this major reappraisal is an indispensable source on the cultural politics of a four nation state and the reception of modernism in Britain
